WIOA INSTRUCTION LETTER NO.: PY'18-07 Revised (replaces Instruction Letter 10-02)

SUBJECT: Youth Local Supportive Service Policy and Incentive Payment Guidelines

ISSUANCE

DATE: September 19, 2018

EFFECTIVE

DATE: July 1, 2018

EXPIRATION

Date: Indefinite

PURPOSE: The purpose of this instruction is to establish guidelines for providing supportive services and incentive payments for WIOA participants in the local WorkLink Workforce Development Area.

BACKGROUND: The goal of the Workforce Innovation and Opportunity Act is to provide individuals with the resources they need to gain and retain employment that pays self-sufficiency wages. The Act authorizes supportive services for individuals registered in WIOA programs who are receiving training or follow-up Services. WIOA permits incentive payments to youth participants registered in WIOA programs who are receiving training or follow up services.

WIOA requires that supportive services be provided only to those unable to obtain services through other funding sources. Supportive services are provided as necessary to assist an individual in meeting their employment goals. Funding decisions should be made on a case-by-case basis, and the guidelines below are to assist staff in administering equitable and fair supportive services to participants.

At assessment, youth participants are asked about their resources and support network. Participants who lack services, skills, or resources to get or keep a job are identified by the case manager and are provided community resource information that can be used to meet those needs. Referrals are made as appropriate to partner agencies and other community services.

POLICY: WIOA is a payer of last resort, and so, only if a participant cannot obtain services by other means should WIOA provide supportive services. Case managers must document in case notes efforts to access non-WIOA sources to justify providing supportive services through WIOA. It will be left to the discretion of the case manager that all non-WIOA sources of funding have been exhausted. Also, WIOA participants must check with local agencies regarding emergency relief funds to address any one-time emergency costs.

Incentive payments to youth participants are permitted for recognition and achievement, and are directly tied to goals of the youth participant including training activities, work experience, or follow up services.

Budgetary Plan:

When youth participants request supportive services, the case manager must assist the participant with a budgetary plan to ensure that the participant has the means to pay for

the services in the future. The budgetary plan also justifies the need to provide supportive services. This plan and the justification are kept in the participant's hard file and documented in a SCWOS case note.

Supportive Service Log:

A log is maintained by the case manager on each supportive service recipient. With this log, the case manager ensures that the maximum amount of services is not exceeded. As applicable, the participant file must also contain the referral to supportive services (see attachment), childcare vendor agreement, invoices, mileage calculation (MapQuest, Google, etc.) attendance sheets, and justification for paying the supportive services.

Supportive Services Needs Determined at Assessment:

Supportive services needs are determined upon enrollment into WIOA during assessment. Supportive services are limited to transportation and childcare expenses, emergency costs, and test fees.

Supportive Service Payment Overview:

All supportive service assistance payments issued on behalf of WIOA enrolled participants within the WorkLink Workforce Development Area will be issued on the basis of an established and documented need, identified as follows:

- a. Supportive Service assistance payments are limited to the amount necessary to satisfy the emergency and permit the WIOA enrolled participants to continue or complete the applicable WIOA activity. Payments cannot exceed \$3,000 per program year without written approval of the Administrative Entity.
- b. A supportive service need that was identified during Assessment.
- c. A need that is identified due to an emergency occurring after the individual became a WIOA enrolled participant. Payments can only be made toward relief of situations continuing after the individual becomes a WIOA enrolled participant and cannot be made retroactive.
- d. With the exception of transportation reimbursement, all supportive service assistance payments will be issued directly to the vendor providing the needed assistance or service to the WIOA enrolled participants (i.e. childcare provider, automotive repair shop, gas or electric utility company, etc.). Under no circumstances will supportive services assistance payments be made directly to the WIOA enrolled participants.
- e.

- b. For participants in follow-up, there is no need for an open activity. In these cases, an entry in the case notes and supporting documentation in case file is required.

- c. Those who have established a supported or documented allowable need for assistance.
- d. Those who have presented documentation or evidence that all other reasonable means for getting non-WIOA assistance/support have been exhausted.
- e. Those who are in need of employment related assistance during their normal 12-month follow-up period.

WIOA INSTRUCTION LETTER NO.: PY'16-014 (Replaces Revised PY'16-02)

SUBJECT: Local Supportive Service Policy (Adult and Dislocated Worker Only)

ISSUANCE

DATE: June 7, 2017

EFFECTIVE

DATE: Immediately

EXPIRATION

DATE: Indefinite

PURPOSE: The purpose of this instruction is to establish guidelines for providing supportive services for WIOA participants in the local WorkLink Workforce Innovation and Opportunity Area.

BACKGROUND: The goal of the Workforce Innovation and Opportunity Act is to ensure access for all individuals, of every skill level, the opportunity to pursue the skills, training, and education they need to obtain employment that will lead to financial stability and economic security for themselves and their families. The Act authorizes supportive services for individuals registered in WIOA programs who are receiving WIOA services.

POLICY: The term "Supportive Services" refers to those financial-based or physical accommodations that are reasonable and necessary, and required, in order for a client to participate in activities authorized under Title I of the Workforce Innovation and Opportunity Act (WIOA). In addition, any adult or dislocated worker who is enrolled and receiving WIOA services may be eligible for supportive services if they are unable to obtain assistance from other programs providing such services. Youth participating in WIOA services should follow the Youth Supportive Service policy. In general, supportive services may include needs-related payments, childcare, transportation, housing assistance, and a variety of other related expenses.

Maximum Allowable Limits

- Supportive Services for adults and dislocated workers are available up to a maximum total of \$3,000 per program year.

The availability of and referral to non-WIOA sources is one of the services that must be made available to adults and dislocated workers through the One-Stop delivery system.

The need for supportive services must be considered when developing the Individual Employment Plan (IEP). **Recipients of supportive services must be considered low-income.** The need for supportive services must be documented in an assessment and in case notes. The case note must document the specific need, the amount to be paid out by the WIOA program, and details regarding a plan for the participant to be self-sufficient if similar situations occur in the future.

WIOA is a payer of last resort and so only if a participant cannot obtain services by other means should WIOA provide supportive services. Case Managers must document in case notes efforts to access non-WIOA sources to justify providing supportive services through WIOA. It will be left to the discretion of the Case Manager that all non-WIOA sources of funding have been exhausted. Also, WIOA participants must check with local agencies regarding emergency relief funds to address any one-time emergency costs.

I. Budgetary Plan

When participants request supportive services, the Case Manager must assist the participant with a budgetary plan to ensure that the participant has the means to pay for the services in the future. The budgetary plan also justifies the need to provide supportive services. This plan and the justification are kept in the participant's hard file and documented in a SC WOS case note.

Example case note:

John Doe called and stated that he did not have money for gas to attend class on Friday. According to his WIOA application, he is considered low-income. The case manager issued a gas card in the amount of \$25 to the participant in order for the participant to attend class. John Doe and the Case Manager discussed his plan to have gas money for next week's class. The Case Manager provided some suggestions on ways to generate income during his classes. John Doe stated that he will host a yard sale on Saturday and will use the money he earned for gas to attend class next week. John also stated that he has an interview for a part-time position at MacDonald's on Monday. He will contact the Case Manager on Tuesday with the results of the interview.

II. Supportive Service Tracking

A Supportive Services Report for each supportive service recipient will be maintained by the SC Works Operator and made available upon request. The SC Works Operator will verify that the maximum amount of funded supportive services is not exceeded. All referrals to partners will be issued through the SCWOS system and a hard copy will be provided to participants.

III. Supportive Service Payment Overview

All supportive service assistance payments issued on behalf of WIOA enrolled participants within the Worklink Workforce Innovation and Opportunity Area will be issued on the basis of an established and documented need, identified as follows:

- a. Supportive Service assistance payments are limited to the amount necessary to satisfy the emergency and permit the WIOA enrolled participants to continue or complete the applicable WIOA activity. Payments cannot exceed \$3,000 during a program year without written approval of the Administrative Entity.
- b. A supportive service need that was identified during Assessment.
- c. A need that is identified due to an emergency occurring after the individual became a WIOA enrolled participant. Payments can only be made toward relief of situations continuing after the individual becomes a WIOA enrolled participant and cannot be made retroactive.

- d. With the exception of transportation reimbursement, all supportive service assistance payments will be issued directly to the vendor providing the needed assistance or service to the WIOA enrolled participants (i.e. childcare provider, automotive repair shop, gas or electric utility company, etc.) Under no circumstances will supportive services assistance payments be made directly to the WIOA enrolled participants.

IV. Who May Receive

Those who may receive supportive service assistance payments include those who meet the following criteria:

- a. Those who are determined low-income, as described in Table 1 of the current WIOA 70 percent LLSIL, as outlined in the current Instruction Letter: Update for WIOA Family Income and Self-Sufficiency Guidelines. **Note:** Initial determination for Supportive Services will be based on low-income status as notated on the Eligibility Determination application for WIOA assistance. If a participant is not low-income at the time of application, a participant may re-apply for supportive services after six months. (WIOA staff should use the same procedures as that of Eligibility Determination to determine low-income.)
- b. Those who are actively participating in a WIOA activity, that requires travel for more than one day in length, for which he or she may not otherwise be able to continue or complete without supportive services assistance. There must be at least one open activity in SCWOS.
- c. Those who have established a supported or documented allowable need for assistance.
- d. Those who have presented documentation or evidence that all other reasonable means for getting non-WIOA assistance/support have been exhausted.
 - i. For childcare assistance – applicant must have proof of ABC Voucher eligibility determination
 - ii. For transportation – applicant must have proof of valid driver's license
 - iii. For car repairs – applicant must provide two quotes from licensed repair facilities and proof of ownership (i.e., name listed as a driver on insurance, registration, car title, etc.)

Direct Transportation – If a participant is unable to attend an activity or training because he or she lacks a driver's license and/or access to a car, the case manager may provide or procure transportation. Transportation will be provided temporarily while participants make a transition plan to provide their own transportation. Bus and other fare fees are allowable costs.

Case managers should consider cost when procuring transportation. Public transportation should be utilized when available. Arrangements may be made with other agencies that transport participants and for-profit businesses may be utilized. The grantee should have an agreement with the transportation provider specifying the cost and billing arrangements. PURPOSE: To transmit local policy and procedures for application and utilization of State or locally granted Incumbent Worker Training funds.

BACKGROUND: The Incumbent Worker Training (IWT) Program provides funding for training needed in current businesses due to: expansion, new technology, retooling, new services/product lines and new organizational structuring or as part of a layoff aversion strategy. Training entities and city, county, and state governments are not eligible for IWT funding. Businesses receiving services through readySC™ may be eligible for IWT so long as the training funded is not a duplication of services. IWT funds are not available to a business that has relocated, if that relocation resulted in the loss of jobs at the original location, until the company has operated at that location for 120 days. IWT is funded by the Federal Workforce Innovation and Opportunity Act. Applications are open to all South Carolina businesses meeting the guidelines listed below.

ACTION: The notification of Incumbent Worker Training funds will be announced on a yearly and funding availability basis before the beginning of each WIOA program year. Applications for Incumbent Worker Training funds, whether local or State funded, will be reviewed by an ad-hoc committee of the WorkLink Workforce Development Board comprised of the local economic development liaisons. Upon review, each application will be rated and evaluated under the attached Incumbent Worker Training Guidelines and Rating documents.

WIOA Incumbent Worker Training Program Guidelines

PROGRAM DESCRIPTION

The Incumbent Worker Training (IWT) Program provides funding to help cover the costs of training needed to retain a competitive workforce. Such training is meant to assist with expansion, new technology, retooling, new services/product lines, and/or new organizational structuring, or to be used as part of a layoff aversion strategy. As a result, IWT is not intended to fund the periodic safety and refresher courses necessary for a business to continue to operate (i.e. First Aid, CPR, and Occupational Safety and Health Administration certifications) or the occupational training a new hire would need.

IWT is funded by the Federal Workforce Innovation and Opportunity Act (WIOA).

BUSINESS ELIGIBILITY

Applications are open to all South Carolina employers. Employers applying for IWT funding must have at least one (1) full-time employee other than the owner of the business and be current on all state tax obligations.

Training entities and city, county and state governments are not eligible for IWT funding. Businesses receiving services through ReadySC™ may be eligible for IWT so long as the training funded is not a duplication of services. IWT funds are not available to a business that has relocated, if that relocation resulted in the loss of jobs at the original location, until the company has operated at that new location for 120 days.

A group of employers may form a training consortium for the purposes of receiving IWT. Common examples of training consortia include, but are not limited to: business associations, industry councils, chambers of commerce, or downtown/community development corporations. The training consortium or a third party may apply for IWT on behalf of the group of employers but cannot serve as the training provider and is not eligible to receive any funding as payment for their services.

Please note that IWT funding may not be used for members of a training consortium who would otherwise be ineligible for IWT, including training entities and city, county and state governments.

INCUMBENT WORKER DEFINED

To qualify as an incumbent worker, the incumbent worker needs to be:

- Employed;
- Meet the Fair Labor Standards Act requirements for an employer-employee relationship; and
- Have an established employment history with the employer for six months or more, unless the training is being provided to a group/cohort of employees and the majority of employees have been employed with the business for six months or more.

It is the responsibility of the LWDA to develop a process for ensuring that employees participating in training have been employed with the business for six months or more.

Temporary employees that do not have an employer-employee relationship with the business are not considered incumbent workers (for example, where an employee is employed through a staffing firm). However, periods of temporary employment may count towards an employee's time with the company for the purposes of meeting the six month minimum requirement above.

An incumbent worker does not have to meet WIOA eligibility requirements unless they are enrolled as a participant in the WIOA Adult or Dislocated Worker program.

- Can be provided through South Carolina's technical colleges, school districts, area vocational-technical centers, state colleges and universities, licensed and certified private entities/institutions, industry specific consulting/training organizations, professional associations/credentialing entities, the business itself (through in-house training providers) or Registered Apprenticeship programs;
 - When training is provided in-house by an employee of the business, the business must submit documentation of that employee's time spent providing training and corresponding wages paid as a result;
- Can be conducted at the business's own facility, at the training provider's facility, online or remotely, or at a combination of sites; and
- Can be taught by either full- or part-time educators or professional trainers from the business.
- The following types of training are not eligible for IWT funding: all forms of periodic safety and refresher courses, including, but not limited to, all forms of Occupational Safety and Health Administration (OSHA) trainings, First Aid and CPR certifications, and hazardous material handling training.
- International Organization of Standardization (ISO) training may be eligible for the purposes of developing a quality management system in order to earn ISO certification.

REIMBURSABLE TRAINING EXPENSES

- Tuition
- Instructor/Trainer salaries
- Textbooks/Manuals
- Consumable materials and supplies

NON-REIMBURSABLE COSTS

- Administrative costs incurred by the business/training consortium
- Trainee wages or travel
- Trainer travel
- Training equipment
- Capital improvements
- Curriculum development
- Purchase of any item or service that may be used outside of the training project (including computer equipment and non-training related software)
- Costs incurred prior to the approval date of the application

APPLICATION, EVALUATION AND AWARD:

IWT funding is awarded on a competitive basis. LWDA's must have an established policy that is consistently applied when evaluating applications and awarding IWT funding. At a minimum, LWDA's must consider the following criteria during their evaluation:

- The characteristics of the employees to be trained;
- The relationship of the training to the competitiveness of both the employer and employee; and
- Other factors the LWDA determines to be appropriate, including:
 - the number of employees participating in the training;
 - wage and benefit levels of those employees (both pre- and post-training earnings);
 - the existence of other training and advancement opportunities provided by the employer;
 - credentials and skills gained as a result of the training;
 - utilization as part of a larger sector and/or career pathway strategy; or
 - employer size.

BUSINESS/ TRAINING CONSORTIUM MATCH

Businesses/training consortia participating in IWT are required to pay the non-Federal share of the cost of providing training to their employees. The non-Federal share shall not be less than:

- 10 percent of the costs for a business location with no more than 50 employees
- 25 percent of the costs for a business location with more than 50 employees, but no more than 100 employees
- 50 percent of the costs for a business location with more than 100 employees

A training consortium shares in the cost of training incumbent workers based on the total number of employees from all businesses in the training consortium. The training consortium would then determine how the cost would be split between the businesses in the consortium. This may be done in multiple ways, but it is recommended that the division of costs be determined based on how many employees are in each business.

Example: a group of employers has formed a training consortium comprised of three businesses with a combined total of 100 employees. The total cost of training is \$100,000. Based on the combined number of employees, the training consortium is required to pay 25 percent of the cost of training or \$25,000. Each business in the training consortium will pay a proportionate share based on each business's number of employees:

Business #1 - 10 employees = \$2,500

Business #2 - 40 employees = \$10,000

Business #3 - 50 employees = \$12,500

Total Training Consortium Share = \$25,000

The IWT agreement with the business should then be written for \$75,000. See also Attachment A for sample agreement packet.

A business's/training consortium's share of the cost may be paid in cash or in kind, fairly evaluated. Wages paid to incumbent workers while attending training may be considered that business's share of the cost. Please see Attachment B for a sample agreement packet that includes employee wages paid during training.

When wages are used as a business's/training consortium's share of the cost, documentation of actual wages paid during training must be provided. At the conclusion of the training, should the amount of actual wages paid during training fall short of the required non-Federal share, then the business must pay the difference in cash.

BUSINESS REPORTING REQUIREMENTS

All businesses/training consortia approved for funding must sign an agreement with their Local Workforce Development Area (LWDA) before implementing the proposed IWT project. The IWT agreement includes the IWT summary sheet, signed agreement with the business/training consortium, program work statement, training budget, training plan, and IWT application as completed by the business/training consortium.

Training projects are performance based with specific measurable outcomes. TEGL 10-16, Change 1 requires States and LWDAs to report certain participant and performance data on all individuals who receive IWT. As a result, all IWT participants must be registered and tracked in the SC Works Online Services system (SCWOS). The required elements for IWT-only participants are limited to demographic information and the elements needed to calculate employment in the 2nd and 4th quarters after exit, median earnings in the 2nd quarter after exit, Measurable Skill Gains, and credential attainment. For the purposes of calculating these metrics, the exit date for an individual who only has received IWT will be the last date of training, as indicated in the training contract.

For employer services performance and reporting purposes, the business/businesses in a training consortium must also be registered in SCWOS. Each business should have an employer service code indicating participation in IWT or rapid response funded Layoff Aversion IWT. This information is used to track the employer penetration rate and repeat business customers as required by the Department of Labor.

Section 116(i)(2) of WIOA requires States to use quarterly wage records to measure progress on satisfying State and local performance accountability indicators. The Department of Labor encourages the collection of incumbent worker SSNs as part of the training contract with the employer so that wage records will be available for these individuals. If no SSN is available, the State or LWDA may utilize supplemental wage information to verify the wages reported.

To eliminate the need for the business/training consortium to provide the employee's full SSN to the LWDA, employees should register in SCWOS using their full SSN once identified as an IWT participant but no later than the first day of training. Subsequent documentation provided by the business to the LWDA should only need to include the last four digits of the employee's SSN to identify the employee in SCWOS.

Prior to the start of training, the business/training consortium must provide the LWDA with a list of employees who will participate. A template for the employee list has been provided that includes sufficient documentation to identify the correct employee in SCWOS for completion of the WIOA application and entering relevant activities.

Throughout the training, the business/training consortium must provide and maintain sufficient documentation of the outcomes of the training, including:

- Title and a description of training
- Type and a description of the credential(s) earned
- Number of employees who completed the training program
- Number of employees who earned a credential
- Dates of training
- Number of employees who earned a wage increase
- Number of employees who earned a promotion
- Number of new jobs created
- Number of existing jobs saved
- Layoff or closure
- Other outcomes

The business/training consortium is required to submit program reports as required by the LWDA, including the Trainee Progress Report and a final program report within 30 days of the training Actual End Date. The information listed above will be required for submission of these reports and SCWOS data entry, and may be needed for any additional reporting required by the LWDA.

The final payment for expenditures incurred as a result of the IWT program must be withheld until the Final Program Report is submitted and all documentation of performance criteria specified in the agreement have been received.

LWDA REPORTING

The LWDA must submit a completed IWT Agreement Packet within 30 days of executing the IWT agreement with the participating business/training consortium. The IWT Agreement Packet includes the following documents:

- IWT Summary Sheet
- signed agreement with business/training consortium
- program work statement
- training budget
- training plan, including provider, projected number of trainees, and start and end dates for each planned training
- IWT Application completed by the participating business or training consortium

The LWDA must submit the Trainee Progress Report no more than 30 days after the end of each quarter. Additionally, the LWDA should submit a Final Program Report using the template provided no more than 30 days after the end of the grant.

All IWT documents submitted to DEW should include the IWT Cover Sheet.

FAILURE TO TIMELY COMPLY WITH REQUIREMENTS:

Failure to timely comply with all requirements as listed in this document or in the state instruction will result in the following progressive sanctions:

- First warning: a notice of noncompliance will be sent to the LWDA's administrator requiring corrective action within ten (10) business days
- Second warning: a notice of noncompliance will be sent to the LWDA's fiscal entity, administrator, and Local Workforce Development Board chair requiring corrective action within seven (7) business days
- Third warning: a notice of recapture of funding will be sent to the LWDA's fiscal entity, administrator, and Local Workforce Development Board chair requiring corrective action within five (5) business days

Should the LWDA fail to complete the corrective action required following the third warning, some or all of the unobligated IWT funding may be recaptured.

In addition to the progressive sanctions outlined above, failure to adhere to the requirements of this document may delay or prevent the processing and payment of the LWDA's IWT Request for Payment and will be taken into consideration when determining next year's funding.

RAPID RESPONSE FUNDED LAYOFF AVERSION IWT

State rapid response funds may only be used for IWT to assist an individual business in averting a layoff or closure. All guidelines outlined above for statewide IWT apply to rapid response funded Layoff Aversion IWT (RRIWT) with the following exceptions.

No business/training consortium match is required for Rapid Response funded Layoff Aversion IWT (RRIWT).

Applications for Rapid Response funded IWT are submitted to the LWDA for review. Complete applications, results of the competitiveness review conducted by SCMEP, or similar review of business completed within the last twelve months, and training curriculum are forwarded to DEW for final review and approval.

The use of Rapid Response funds for IWT requires criteria to determine a layoff risk, and when and whether IWT is an appropriate response. Consideration must be given as to whether, absent the training, a good job will be lost or degraded, and whether with the training the job will be retained or improved. The following employer and worker group assessment criteria must be used in making such determinations.

Employer Assessment

- The company remains open, but it is phasing out a function which will lead to layoffs unless the workers can be retrained to perform new functions.
- A worker's job has changing skill requirements as a result of external economic or market forces, significant changes in technology or operating processes, rapidly changing industry or occupational job requirements, or emergence of new products.
- The changing skill requirements are outside of normal skill growth and upkeep that would be provided by the employer.
- Training programs reasonably prepare workers to address skill gaps.
- The employer demonstrates a commitment to retain employees or otherwise provide a tangible benefit to employees who receive IWT.

Worker Group Assessment

- Unless provided with training, the potentially laid-off workers do not have marketable, in- demand skills.
- The new skills can be attained in a reasonable period of time.
- The workers have not received formal layoff notices. Such workers can be served with regular WIOA dislocated worker funds.
- There exists a strong possibility of jobs, either with the existing employer or a new employer, if the potentially laid-off workers attain new skills.

STATE INSTRUCTION LETTER – 17-03

Instruction Letter 17-03 – Incumbent Worker Training – provides guidance on the use of WIOA funds for IWT services. LWDAs should carefully read and become familiar with the state instruction letter. Where there are inconsistencies between the guidelines and the state instruction letter, the state instruction letter should be followed.

THE WORKLINK WORKFORCE AREA SC WORKS SYSTEM
MEMORANDUM OF UNDERSTANDING
PURSUANT TO THE
WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA)

The parties included in this MOU are the WorkLink Workforce Development Board (LWDB), Chief Elected Officials (CEO), the Eckerd Connects SC Works Operator (OSO) and the required partners identified in the Act and other optional partners (hereinafter referred to as “Parties”). Optional partners must meet the same conditions as required Parties.

Each Partner agrees to:

- (a) Provide access to its programs or activities through the SC Works delivery system;
- (b) Use a portion of funds made available to the partner's program, to the extent consistent with the Federal law authorizing the partner's program and with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR Part 200 and as supplemented by specific Federal agency Parts and CFRs, to:
 - (1) Provide applicable career services; and
 - (2) Work collaboratively with the State and Local Board to establish and maintain the SC Works delivery system. This includes jointly funding the one-stop infrastructure costs through partner contributions that are based upon:
 - (i) A reasonable cost allocation methodology by which infrastructure costs are charged to each partner in proportion to use and relative benefits received; and
 - (ii) Federal cost principles;
- (c) Enter into an MOU with the Local Board relating to the operation of the SC Works system; and
- (d) Participate in the operation of the SC Works system consistent with the terms of the MOU, requirements of authorizing laws, the Federal cost principles, and all other applicable legal requirements.

Unemployment Insurance (UI) Services

WIOA requires that a collaborative process exist among workforce Parties and UI programs. DEW is a recipient of Reemployment Services and Eligibility Assessment (RESEA) grants that provide selected UI claimants reemployment services deemed necessary and beneficial in returning these individuals to gainful employment as quickly as possible. Claimants selected to participate in the RESEA program can receive up to three one-on-one reemployment assessments during their benefit year to help them return to work faster. RESEA staff advises claimants on the wide variety of reemployment services available to them and refers claimants to the services appropriate for their individual needs, including other SC Works partner programs. DEW staff agrees to provide claimants of UI programs information and assistance with filing claims and connecting with reemployment services. UI will share in the cost of the workforce system through the presence of RESEA staff in all comprehensive SC Works centers. DEW will make available UI-related training resources to assist all frontline SC Works staff in providing meaningful assistance with filing UI claims and correctly answering common claimant questions with ease and consistency.

The Workforce Information Portal (WIP) provides a secure method for partner staff to obtain the necessary UI data that is used to determine an individual's potential eligibility for training and employment services programs under WIOA. The WIP also allows all staff to communicate potential UI fraud and availability issues to UI personnel in an efficient and streamlined manner. Sharing such information with UI staff helps to accelerate the claimants' return to suitable employment and ensure their continued eligibility to receive UI benefits. The Parties agree to communicate potential eligibility issues to UI staff through the WIP as appropriate.

Staff members who are authorized to use the WIP have limited access to confidential information in DEW's records that pertain to the administration of UI benefits, including wage reports and/or Personally Identifiable Information (PII). See 20 C.F.R. Part 603.2. These individuals maintain signed Confidentiality Agreements with DEW as required by federal and state law. The Parties agree to communicate changes in staff with access to the WIP and ensure that active users have a signed Confidentiality Agreement with DEW, **Attachment G** to this MOU.

Accessibility

The Parties agree SC Works centers must comply with applicable physical accessibility requirements, as set forth in 29 CFR part 38, and the Americans with Disabilities Act of 1990 (ADA), as amended, to provide services to meet the needs of workers, youth, and individuals with barriers to employment, including individuals with disabilities. Access to services includes: access to technology and materials that are available through the SC Works delivery system; providing reasonable accommodations for individuals with disabilities; making reasonable modifications to policies, practices, and procedures where necessary to avoid discrimination against persons with disabilities; administering programs in the most integrated setting appropriate; communicating with persons with disabilities as effectively as with others; and the use of appropriate auxiliary aids and services, including assistive technology devices and services, where necessary to afford individuals with disabilities an equal opportunity to participate in, and enjoy the benefits of, the program or activity. All SC Works centers must be physically and programmatically accessible to individuals with disabilities.

Certification

The Parties agree to cooperate and participate in the achievement of Certification of the local SC Works System. Local Boards will use the State issued certification standards to access and certify SC Works centers. The criteria will evaluate the SC Works centers and SC Works delivery system for effectiveness, including customer satisfaction, physical and programmatic accessibility, and continuous improvement. Evaluations of effectiveness will include how well the SC Works center integrates available services for participants and businesses, meets the workforce development needs of participants and local employers,

operates in a cost efficient manner, coordinates services among the SC Works partner programs, and provides maximum access to partner program services even outside regular business hours. These evaluations will include criteria evaluating how well the centers and delivery systems take actions to comply with the disability-related regulations implementing WIOA. All Parties must work together to establish processes and services to achieve and maintain the required certification.

Center Management

The Center Manager is responsible for the day-to-day operation of the identified facilities. The Center Manager will coordinate with Parties to ensure staff is scheduled appropriately within the Center, respond to questions of an operational nature, manage the facilities, coordinate the Sharing of Resources, and will be the primary point of contact for SC Works Certification Standards and other related issues.

The Operator agrees that partner staff will have access to their assigned work areas during standard business hours during the work week and during extended work hours, including weekend hours if necessary, as special projects, information technology maintenance, extraordinary circumstances or workload may require.

Eligibility

Each Partner shall be independently responsible for determining eligibility for their respective programs.

Staff Management

- a. Each partner shall be responsible for providing the direct supervision and control of its staff in such matters as selection and hiring decisions, personnel planning and evaluation, salary and benefits and other matters directly pertaining to an employer-employee relationship. Each Partner will facilitate cross training opportunities and cooperative staffing arrangements within the Centers, as appropriate.
- b. Regardless of role or position, all staff within the SC Works system is expected to behave in a manner that maintains a civil workplace environment, free of harassment and intimidation. Management bears a responsibility to ensure that respectful behaviors are exhibited at all times and to address those which are not in accordance with ***Attachment D, SC Works Civility Policy***.

Dispute Resolution

All SC Works system staff and management have a responsibility to act in good faith towards maintaining a culture of inclusion, dignity, and understanding for all stakeholders in the workforce system. Disputes should be addressed using approaches that facilitate clear communication and respectful interactions that lead to mutually acceptable solutions. For disputes that cannot be resolved informally, the following mediation/resolution process shall be followed.

1. Should informal efforts fail, the authorized signatory official of the WIOA local grant recipient, or designee, and the executive director(s) of the partner(s), or designee(s), shall meet to mediate and resolve the situation.
2. Should these efforts fail, the situation shall be referred to the chair of the Local Workforce Development Board who shall designate an ad hoc committee to mediate with the parties involved to resolve the situation.
3. Should local efforts fail, and/or situations reoccur, either party may send a written request to the State Workforce Development Board (SWDB) regarding mediation.
4. The Chair will designate the Executive Committee or an ad hoc committee of at least five SWDB members to mediate with the parties involved and attempt to resolve the dispute.
5. The SWDB will hear the dispute and provide a recommendation within 60 days.
6. The parties will be notified in writing of the SWDB recommendation within 20 days.

Modification and Assignment

This MOU may be modified at any time by written mutual agreement of the parties involved. Oral modifications shall have no effect. Assignment of responsibilities under this MOU by any of the parties shall be effective upon written notice to the other parties. If any provision of this agreement is found to be unenforceable for any reason, all remaining provisions shall remain in full force and effect.

Termination

Withdrawal from the agreement requires ninety (90) calendar days written notice to the local Board who is then responsible for notifying all other Parties in the agreement. In accordance with WIOA, required Parties are not permitted to withdraw from the agreement. Furthermore, upon the withdrawal of any non-required partner, the future costs associated with this agreement shall be reallocated among the remaining Parties, and this agreement shall be modified in writing, accordingly.

Oversight

The WorkLink Workforce Development Board will set the vision and goals for the workforce system and will assist Parties in continuously improving the system. The Parties will be responsible for cooperating with the SC Works Operator in coordinating delivery of services in the SC Works system. Parties will share joint responsibility for providing leadership in the design and delivery of shared processes or services offered by the Parties. The Local Board and the State Administrative Entity will evaluate SC Works operations and system performance to recommend new policies and changes to current policy for the operation of the SC Works system.

SC Works Partner Meetings

The Parties will meet no less than once quarterly to develop, implement and refine processes and documentation to achieve and maintain SC Works certification; to discuss operational and customer service issues; to address other matters necessary for the success of the SC Works system. Standing and ad hoc committees may be formed to address on-going and special issues and to maximize the participation in the operation and certification of the SC Works centers.

System Integration and Referral

The Parties will promote system integration to the maximum extent feasible through the cross training of staff, use of common and/or linked information systems and participation in a continuous improvement process designed to improve processes and increase outcomes and customer satisfaction. A key responsibility of each partner is effective referral of customers to the appropriate partner for services. This shall be done in a manner that reduces duplication, promotes a “no wrong door” policy, and ensures tracking of referrals to build accountability. Please see **Attachment C** for referral process and forms.

Confidentiality

- a. All Parties expressly agree to abide by all applicable Federal, State, and local laws and regulations regarding confidential information, including PII from educational records and unemployment insurance information, such as but not limited to 20 CFR Part 603, 45 CFR Section 205.50, 20 USC 1232g and 34 CFR 361.38, as well as any State and local laws. Each Party will ensure that the collection and use of any information, systems, or records that contain PII and other personal or confidential information will be limited to purposes that support the programs and activities described in this MOU and will comply with applicable laws.
- b. Each Party will ensure that access to software systems and files under its control that contain PII or other personal or confidential information will be limited to authorized staff members who are assigned responsibilities in support of the services and activities described herein and will comply

with applicable laws, including ensuring that Confidentiality Agreements with DEW are executed and maintained by active system users. Each Party expressly agrees to take measures to provide that no PII or other personal or confidential information is accessible by unauthorized individuals.

- c. Customer information, on employers and job seekers, will be shared in accordance with separate partner confidentiality agreements. Parties agree that confidentiality of customer information will be maintained at all times. Parties agree to safeguard and protect confidential and personally identifying information pursuant to applicable Federal and State law, and 2 CFR 200.79. Parties with access to unemployment insurance information from the S.C. Department of Employment and Workforce must maintain these records pursuant to S.C. Code Ann. §§ 41-29-150 through 170, 20 CFR Part 603, and IRS Publication 1075, which require that certain S.C. Department of Employment and Workforce data be kept confidential. These requirements survive the duration of this agreement.
- d. With respect to the use and disclosure of FERPA-protected customer education records and the PII contained therein, any such data sharing agreement must comply with all of the requirements set forth in 20 U.S.C. 1232g and 34 CFR Part 99.

Each partner ensures that it will secure and maintain general tort liability insurance through an authorized carrier in at least the amount in South Carolina Code 15-78-120 of the South Carolina Tort Claims Act. Any liability of the Partner or any claims, damages, losses or cost arising out of or related acts performed by the Parties, or their agents, under this agreement shall be governed by the South Carolina Tort Claims Act 15-78-10, et seq. Each party hereto shall be liable for its own acts and omissions, and the acts and omissions of its employees, agents and officers, and nothing herein shall impute or transfer liability to the LWDB or any other party.

Severability

If any provision of this document is held invalid, the remainder shall not be affected thereby and shall remain in force. Similarly, should any Party withdraw, modify, assign or terminate its participation in this MOU, it shall remain binding and in full force and effect with respect to other remaining parties.

Assurances and Certifications:

1. The Parties will ensure that no person shall be discriminated against in consideration for or receipt of employment and training services or staff position on the basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, sex stereotyping, transgender

INFRASTRUCTURE FUNDING AGREEMENT (IFA)

The Infrastructure Funding Agreement (IFA) and budget establishes a plan to fund the services and operating costs of the WorkLink LWDA. The Parties to this MOU agree that joint funding is an essential foundation for an integrated service delivery system and necessary to maintain the WorkLink LWDA's high-standard SC Works network. Cost allocation among Parties shall meet WIOA regulations, Federal Uniform Guidance, including the partner program's authorizing law and implementing regulations, and state rules, policies and guidelines. The SC Works system is a work in progress and its costs and the Parties' resource contributions are based on projections only and may need to be adjusted from time to time to most accurately reflect actual costs and contributions. The IFA is a component of the MOU and will be negotiated and modified annually.

The WorkLink LWDA has the following SC Works Centers that are designed to provide a full range of assistance to job seekers and businesses:

Each partner agrees to provide the resources necessary to fund their proportionate share of the costs as contained in **Attachment E, Shared Operating Budget**. The IFA should include, but is not limited to the following infrastructure cost items:

- Lease/Rent
- Utilities
- Landscaping
- Janitorial and cleaning maintenance
- Building maintenance and repairs
- HVAC maintenance
- Equipment rental expenses
- Security System
- Pest Control
- Supplies (public access and common spaces only)

The Parties may also share other costs that support the operations of the centers, as well as the costs of shared services that are authorized for and may be commonly provided through the SC Works partner programs to any individual, such as initial intake, assessment of needs, identification of appropriate services to meet such needs, evaluation of basic skills, referrals to other partners, and business services. The Parties have agreed to cost share in the following additional shared services and estimated costs as listed below and in the attached Shared Operating Budget. Final costs for all agreed upon additional shared services will be presented and approved by the Parties prior to actual purchase or procurement of services. Failure to do so may result in disputed charges and a refusal to submit payment.

Agreed upon Additional Shared Services Est. Cost	Description
Joint Staff Training	Partners share in training that their staff participants in (based on FTE count)
Job Fair/Hiring Events/Business Svc Materials	Partners share in Job Fair, Hiring Events and Business Services Materials that include their agency logo or partner participates in (based on FTE for Job Fair and Hiring Events, based on supply order for business service materials)
Signage and Outreach	Partners share in Signage and Outreach (based on FTE counts)
2018 One-Time Costs	Clemson SC Works: 55" Smart TV for Large Conference Room, Exterior Security Camera, Carpet for Resource Room, merge internet to fiber line for Resource Room, cell phone signal booster (partner offices, training room), Office 365 for Resource Room computers. (Agreement to share costs is attached to signature sheet)

Infrastructure costs and agreed upon additional shared operating and/or services costs will be shared in accordance with this agreement, including the Parties identified in **Attachment E: Shared Operating Budget**. Changes to the list of financially contributing partners included in the budget will result in changes to the allocations for the remaining partners. Therefore, any changes to the partners included in the budget must be submitted to all Parties of this agreement in the form of a written addendum and revised budget to ensure fiduciary responsibility. Failure to adhere to this standard may result in disputed proportionate share amounts and failure to remit payment amounts above that which are included in the original agreement.

Prior to committing to a contractual and/or financial obligation of any kind that would involve payment from a financially contributing partner, the Parties must consult with and obtain approval from the contributing partner(s). Each entity has its own procurement process and is responsible for ensuring that quotes for services are solicited and evaluated according to the appropriate procurement process. Failure by any party to adhere to this standard may result in disputed charges and a refusal to remit payment. Additionally, the WorkLink LWDB/fiscal agent may not enter into a lease agreement to move offices that include partner staff without consulting with the Parties contributing to infrastructure funding prior to the execution of a lease agreement. Once the Parties have agreed in writing to their estimated/projected portion of the facility costs and that the space will work for their program services, an addendum to this agreement reflecting the move and any related changes must be executed **prior to the move**. Routine costs incurred during the month of the relocation will be prorated by all Parties.

Facility Costs - Facility costs are defined as those actual costs related to the facility use, maintenance and operation of the SC Works centers. These costs include payment of utilities, lease/rent, and security. Facility costs shall be borne by those Parties who deliver services through the SC Works Centers in the **WorkLink** region.

Maintenance Costs - Maintenance costs include the following unless otherwise noted: landscaping, janitorial/cleaning maintenance, routine building maintenance and repairs, including HVAC maintenance, and pest control.

- a. Contractors, particularly those involved in, but not limited to, building repairs or improvements, should be mutually agreed upon by all financially contributing Parties. Each entity has its own procurement process and is responsible for ensuring that quotes for service are solicited and evaluated according to the appropriate procurement process. Once a need has been determined, the Facility Host designee is responsible for advising the non-Host partner(s) of the need, securing contractor quotes and submitting this detail for review to pertinent parties. Contractor selection must be agreed upon by all parties prior to the execution of work.
- b. Facility hosts with capital improvement needs of any nature must address those needs independent of this agreement and budget. Such repairs could be unresolved ADA modifications, roof repairs, HVAC replacement, etc. Capital improvement shall be the sole financial responsibility of the facility host. However, maintenance and repairs occurring from daily operations will be shared proportionately utilizing the agreed upon cost sharing methodology.

Supplies - Supply costs are those related to individual staff in performing their respective job duties and those related to the supply of items needed for public access (i.e. resource room) and common/shared spaces (i.e. restrooms) in each Center. Parties will purchase all staff supplies needed, including business cards, for their staff through the appropriate partner manager. The only shared supply costs will be those specifically related to public access and common/shared spaces as purchased by the Operator. These costs

should be reconciled and invoiced to Parties quarterly and will be shared proportionately across all programs located in the Center in accordance with this agreement.

Equipment Costs - Equipment costs are those related to the use of rented equipment, such as Xerox machines, etc. (including paper and ink for the machine). Partner staff will be responsible for providing the necessary equipment for their staff and will share in the cost of public access equipment only, as provided by the LWDB and/or Operator, and used only by Center customers. These costs should be reconciled and invoiced to Parties quarterly and will be shared proportionately across all programs located in the Center in accordance with this agreement.

Center/Location	Number and Type of Public Access Equipment (<i>not including PCs</i>)
Clemson SC Works Center	2 printers for the resource room (ink and paper costs only)
Seneca SC Works Center	1 printer for the resource room (ink and paper costs only)
Easley SC Works Center	1 printer for the resource room (ink and paper costs only)
Anderson SC Works Center	1 printer for the resource room (ink and paper costs only)

Access to equipment - Partner staff shall be granted access to all partner equipment in all SC Works facilities, including network closets. The partners agree that all Parties will be granted access to any other properties to verify ownership through the state property system. If equipment is found on the state property inventory list, the Parties agree to return the equipment for off-boarding, transfer, and return to ensure proper handling as required by IRS regulations property ownership and resolution of any depreciated value of the equipment.

Public Access Computers – The Parties agree to share in the cost of public access PCs (i.e. necessary and reasonable in-scope costs of resource rooms and **shared** computer labs). The public access IT costs should be reconciled and invoiced to Parties quarterly and will be shared proportionately across all programs in accordance with this agreement. As part of reconciling IT costs, the Parties will be provided a copy of all current IT service provider contracts and/or work orders and any forthcoming modifications.

Clemson SC Works Center	Public Access PCs	Training Lab PCs	PCs used by Staff	*Total PCs
Number of PCs	18	1	0	19
<i>*Actual count of computers = 42 (23 PCs used by Staff). Reflected above are the number of computers cost shared among partners.</i>				
Easley SC Works Center	Public Access PCs	Training Lab PCs	PCs used by Staff	*Total PCs
Number of PCs	5	0	0	5
<i>*Actual count of computers = 5. Reflected above are the number of computers cost shared among partners. Staff PCs are included in Clemson.</i>				
Seneca SC Works Center	Public Access PCs	Training Lab PCs	PCs used by Staff	*Total PCs
Number of PCs	6	0	0	6
<i>*Actual count of computers = 8 (2 PCs used by Staff). Reflected above are the number of computers cost shared among partners.</i>				
Anderson SC Works Center	Public Access PCs	Training Lab PCs	PCs used by Staff	*Total PCs
Number of PCs	7	0	0	7

**Actual count of computers = 10 (3 PCs used by Staff). Reflected above are the number of computers cost shared among partners.*

Shared Network Access - In a facility where partner staff presence is minimal, the Parties may request the County/COG/Operator on behalf of the LWDB provide IT services for their staff or through a VPN tunnel. A VPN tunnel allows for a “shared” internet connection to be divided into separately managed connections. This method maintains administrative control of partner connections and equipment without interfering with the County/COG and/or the Operator’s own network management. Any requests for shared services or access of this type will be negotiated between the applicable entity’s IT service provider and the partner. Once agreement has been reached and/or a VPN connection is established and in use by partner staff, any changes in IT services affecting such connection are prohibited without prior notification to the affected partner.

Telephone – When partners provide and maintain telephones (either VoIP or analog) for their staff, phone costs are not shared. In offices where a partner’s presence is minimal, or where the County/COG and/or the Operator is providing phone service, the COG/County and/or the Operator may bill a partner for their proportionate share of monthly billing by the telephone service provider. In cases where a telephone cannot be provided or supported by either party, partners may choose to provide or request alternate communication methods as needed on a case by case basis.

Cost Allocation and Proportionate Share - WIOA and its related regulations and guidance establish, as a starting point, the expectation that Parties will share proportionately in the infrastructure and shared services cost of the SC Works system. Therefore, the Parties agree that costs will be shared based on the Full-time Equivalency (FTE) model. Shared costs will be allocated on the basis of a partner’s number of staff assigned to work in a facility (enjoying the benefits of being in the building) on a weekly basis and counted proportionately by day as defined below:

- **One Day - .20** (20% of a work week);
- **Two Days - .40** (40% of a work week);
- **Three Days - .60** (60% of a work week);
- **Four Days - .80** (80% of a work week); and
- **Five Days - 1** (100% of a work week).

Staff assigned to work only “half-days” in a facility on a weekly basis will be counted proportionately as defined below:

- **One Day - .10** (half of 20% of a work week);
- **Two Days - .20** (half of 40% of a work week);
- **Three Days - .30** (half of 60% of a work week);
- **Four Days - .40** (half of 80% of a work week); and
- **Five Days - .50** (half of 100% of a work week).

Affiliate locations where services are provided only on a monthly basis will not be included in the proportionate share.

- a. Staffing levels will determine the proportionate share percentage of infrastructure and additional shared services costs for which each Partner will be responsible for by location and program. Billing of each individual Center’s costs will be based on the staff count as indicated in the attached Staffing Addendum. The addendum must be completed and signed by all cost-sharing Parties with the execution of this MOU. Staff counts must be based on planned staffing levels for the duration of the PY at the time of signature. Permanent adjustments to staffing levels for the duration of the PY (outside those of routinely occurring vacancies) will require the addendum and effective date to

be revised and signed by all Parties. Any Party may request a new staffing addendum be executed at any time based on permanent staffing changes. The staffing addendum will be submitted to the Parties with invoices and supporting documentation reflecting actual expenses for payment.

- b. Any deviations or adjustments made to the proportionate share formulas will be presented in writing and agreed to by all Parties in the form of an addendum to the original agreement.

Reconciliation of Shared Costs - The COG/County, in coordination with the Operator, shall be responsible for reconciling and invoicing respective Parties for costs under this agreement as it relates to the Clemson, Anderson, Easley, and Seneca SC Works centers. The WorkLink WDB, as the host facility for the WorkLink SC Works center(s), is responsible for reconciling and invoicing facility costs to the COG/County for that location. All invoices should be submitted to the Parties with invoices and supporting documentation reflecting the actual quarterly expenses prior to the 30th of the month following the end of the quarter. Special reporting requirements may be instituted for the final quarter for period ending June 30 to ensure that payment occurs within the correct fiscal year. Partners should remit payment to the COG within 45 days of the invoice date. Any failure of the Parties to submit payments by the deadlines set forth in this agreement will be subject to the dispute resolution process outlined above. If any partner disputes any costs, that partner has thirty (30) days from receipt of the reconciliation to submit a dispute.

Duration

This MOU, including the IFA, shall be reviewed and renewed annually to ensure transparency and continuous improvements to the delivery of services and to reflect any changes in the signatory official of the Board, SC Works Parties, and chief elected officials. The fiscal year shall be duly recognized as July 1 through June 30.

Loss of Funds

Infrastructure costs and any additional shared operating and/or services costs are contingent upon receipt of those funds by the partners. Any Parties may withdraw from this agreement in the event funding for the mandatory program is eliminated or the Parties are no longer responsible for the program. Such withdrawal shall be effective upon written notification to the partners of the lack of funding.

The Agreement Manager responsible for oversight and review of shared costs, as well as the monitoring of the allocation methodology and funding information for each partner is:

CROSS REFERRAL AGREEMENT

1. The parties agree that each partner shall receive referrals from and make referrals to the SC Works system in accordance with this Cross Referral Agreement.

- (a) Referral Definition

- A referral is defined as a good faith effort by each local SC Works Partner to direct customers to the right service at the right time.

Referrals are made in SC Works Online Services (SCWOS), or if the partner does not have a SCWOS staff account, the Partner Referral Form (Attachments C-1).

Referrals between Parties will be counted when a Referral Form is received by any one partner. It will be incumbent on each partner to follow-up with referrals received from other Parties, to facilitate each partner's individual intake process.

2. Each partner will use the attached referral form or SCWOS Referral in referring individuals for services they are not able to provide. This agreement will be updated to include any necessary performance standards, tracking requirements, etc. as WIOA implementation progresses.
3. The parties agree to make discussion of the referral process (for review and enhancement) a permanent agenda item at all regularly scheduled partner meetings, to include:
 - ◇ Provide feedback on the success of cross-referral arrangements;
 - ◇ Cross-train their respective staffs;
 - ◇ Consider co-enrollment options and practices;
 - ◇ Consider the effect of cross-referrals on mutual performance expectations; and
 - ◇ Constantly improve the joint delivery of services to customers.

SC Works Civility Policy

Regardless of role or position, all staff within the SC Works system is expected to behave in a manner that maintains a civil workplace environment, free of harassment and intimidation. Management bears a responsibility to ensure that respectful behaviors are exhibited at all times and to address those which are not. Indeed, management should exemplify the behavior expected of all staff in maintaining a positive and productive work culture.

Respectful workplace behaviors are those that promote positivity and professionalism including, but not limited to:

- Using respectful and courteous language in all interactions;
- Questioning an individual's position on an issue politely and seeking to understand his/her position;
- Giving an individual direct, non-personal feedback and where appropriate, in a private setting;
- Not displaying a negative attitude and understanding how one's attitude can affect the work environment;
- Approaching conflict with maturity and a true desire for resolution rather than an opportunity to disagree;
- Respecting the chain of command and raising concerns to management at the appropriate time/place and with the appropriate tone; and
- Using discretion when communicating about issues that may be considered to be personal.

Inappropriate or unacceptable workplace behaviors are statements or acts that may negatively impact the work environment including, but not limited to:

- Using profane, abusive, vulgar, or harassing language;
- Berating or unnecessarily criticizing people in public;
- Gossiping;
- Deliberately embarrassing people;
- Using e-mail or text messages as a shield for rudeness or to further any other inappropriate or unacceptable workplace behaviors; and
- Addressing people in an unprofessional manner or tone.

All SC Works system staff and management have a responsibility to act in good faith towards maintaining a culture of inclusion, dignity, and understanding for all stakeholders in the workforce system. Disputes should be addressed using approaches that facilitate clear communication and respectful interactions that lead to mutually acceptable solutions. For disputes that cannot be resolved informally, the following mediation/resolution process shall be followed.

1. Should informal efforts fail, the authorized signatory official of the WIOA local grant recipient, or designee, and the executive director(s) of the partner(s), or designee(s), shall meet to mediate and resolve the situation.
2. Should these efforts fail, the situation shall be referred to the chair of the Local Workforce Development Board who shall designate an ad hoc committee to mediate with the parties involved to resolve the situation.
3. Should local efforts fail, and/or situations reoccur, either party may send a written request to the State Workforce Development Board (SWDB) regarding mediation.

4. The Chair will designate the Executive Committee or an ad hoc committee of at least five SWDB members to mediate with the parties involved and attempt to resolve the dispute.
5. The SWDB will hear the dispute and provide a recommendation within 60 days.
6. The parties will be notified in writing of the SWDB recommendation within 20 days.

This Confidentiality Agreement is entered into as of July 1, 2018, by and between the South Carolina Department of Employment and Workforce (DEW) and the WorkLink Workforce Development Area ("LWDA").

PURPOSE: The purpose of this Agreement is to address the confidentiality requirements for LWDA's to use the DEW Workforce Information Portal in order to have limited access to unemployment insurance (UI) claimant data that will be used to determine an individual's potential eligibility for training and employment services programs under the Workforce Investment Act ("WIA") and the Workforce Innovation and Opportunity Act ("WIOA"), effective July 1, 2015, and for LWDA outreach for employment and training opportunities.

This Agreement may be amended in the event of changes in federal or state law, including but not limited to changes regarding the confidentiality of Unemployment Compensation (UC) information.

ARTICLE II

Information disclosed pursuant to this agreement includes information contained in the following data systems:

DEW Workforce Information Portal ("Portal").

ARTICLE V

PURPOSES FOR REQUESTING INFORMATION

Information that is requested or received by LWDA, pursuant to this Agreement, is limited to the information permitted by federal and state law and to the information needed by LWDA staff for determining an individual's potential eligibility in WIA or WIOA programs for training and employment services and for LWDA outreach for employment and applicable training opportunities.

ARTICLE VI

REQUIRED SAFEGUARDS

Both the recipient agency/entity and the individual recipient of confidential information and PII are subject to several required safeguards.

The individual recipient of any confidential information is required to:

1. Use the disclosed information only for purposes authorized by law and consistent with this Agreement;
2. Store the disclosed information in a place physically secure from access by unauthorized persons;
3. Undertake precautions to ensure that only authorized personnel have access to disclosed information in hardcopy form.
4. Store and process disclosed information maintained in electronic format in such a way that unauthorized persons cannot obtain the information by any means; and
5. Undertake precautions to ensure that only authorized personnel are given access to disclosed information stored in computer systems.
 - a. Precautions include not saving UC information and PII exported from the Portal into spreadsheets or other documents in shared folders with unauthorized personnel.

The agency/entity recipient of any confidential information and PII is required to:

Prior to any additional personnel, contractors, or service providers of the LWDA joining this project, the LWDA will notify DEW so the acknowledgement can be executed prior to any disclosure to the additional personnel.
3. Dispose of information disclosed or obtained, and any copies thereof made by the recipient agency, entity, or contractor, after the purpose for which the information is disclosed is served, except for disclosed information possessed by any court. Disposal means the return of the information to DEW or destruction of the information, as instructed and approved by DEW. If destruction of the information is requested by DEW, LWDA will destroy the information within an approved timeframe. LWDA will provide a certificate of destruction.

ARTICLE XI

BREACH, ENFORCEMENT, TERMINATION AND MODIFICATION

Breach: If any employee or agent thereof, fails to comply with any provision of this Agreement, the Agreement must be suspended, access to the Portal denied, and further disclosure of information (including any disclosure being processed) prohibited, until DEW is satisfied that corrective action has been taken and there will be no further breach. In the absence of prompt and satisfactory corrective action, the agreement must be canceled, LWDA's access to the Portal will be revoked, and LWDA must be required to surrender to DEW all confidential UC information or PII (and copies thereof) obtained under the Agreement which has not previously been returned to DEW, and any other information relevant to the Agreement, or provide a certificate of destruction at DEW's request.

Termination and Modification: This Agreement may be terminated by either party upon written notice, or immediately due to a breach or change in federal or state law. Should either party terminate this Agreement, LWDA employees shall no longer have access to confidential information from the DEW Workforce Information Portal and will be required, at DEW's discretion, to return or destroy any printed information and/or electronic files to the Office of General Counsel for DEW or provide a certificate of destruction, at DEW's request.

In the event there is a change in federal and or state law that nullifies any portion of this Agreement, the Agreement is immediately terminated and a new Agreement under the current law may be executed.

In addition, this Agreement is immediately terminable by DEW if it determines that the safeguards in the agreement are not adhered to by LWDA.

DEW reserves the right to deny access to an area or to individual employees of an area in the event of an investigation of a potential breach of this Agreement.

No amendments, modifications, changes, additions or deletions of the Agreement shall be valid unless in writing, signed by both parties and attached to this Agreement.

#18A995H4 & #18D995H4

Eckerd Workforce Services, hereinafter referred to as the Grantee, having entered into this Grant agreement with the SC Appalachian Council of Governments, hereinafter referred to as the Administrative Entity (AE) on behalf the WorkLink Workforce Development Board, shall provide services and perform functions and program activities outlined herein, pursuant to provisions and regulations of the Workforce Innovation and Opportunity Act (WIOA) of 2014 (Public Law 113-128, July 22, 2014).

1.0.0 HISTORY AND PREFACE

1.0.1 The Workforce Innovation and Opportunity Act (WIOA), effective July 1, 2015, is the official federal employment and training program across the United States, and more specifically, the WorkLink Workforce Development Board (WDB). WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market, and to match employers with the skilled workers they need to compete in the global economy. It is the responsibility of the WorkLink Grantee to become familiar with the requirements of the Act and the regulations for purposes of providing the activities and services described, in part, in this Grant.

1.0.2 WIOA Guiding Principles

The Workforce Innovation and Opportunity Act (WIOA) is based on several guiding principles to be adopted by state and local workforce development systems:

- (1) Increase access to education, training, and employment—particularly for people with barriers to employment.
- (2) Create comprehensive, high-quality workforce development system by aligning workforce investment, education, and economic development.
- (3) Improve the quality and labor market relevance of workforce investment, education, and economic development efforts.
- (4) Promote improvement in the structure of and delivery of services.
- (5) Increase the prosperity of workers and employers.
- (6) Improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the nation.

1.0.3 The Workforce Innovation and Opportunity Act of 2014 (WIOA) which supersedes the Workforce Investment Act of 1998 (WIA) presents an extraordinary opportunity to improve job and career options for our nation's workers and jobseekers through an integrated, job-driven public workforce system that

links diverse talent to businesses. It supports the development of strong, vibrant regional economies where businesses thrive and people want to live and work.

This revitalized workforce system will be characterized by three critical hallmarks of excellence:

- a. **The Needs of Businesses and Workers Drive Workforce Solutions:** Businesses inform and guide the workforce system and access skilled talent as they shape regional workforce investments and build a pipeline of skilled workers. This engagement includes leadership in the workforce system and active participation in the development and provision of education and training, work-based learning, career pathways, and industry sector partnerships. Jobseekers and workers, including those individuals with barriers to employment, such as individuals with disabilities, as defined by WIOA, have the information and guidance to make informed decisions about training and careers, as well as access to the education, training and support services they need to compete in current and future labor markets.
- b. **One-Stop Centers** (American Job Centers or AJCs, in South Carolina “SC Works Centers”) **Provide Excellent Customer Service to Jobseekers, Workers and Employers and Focus on Continuous Improvement:** One-Stop Centers and partners provide jobseekers, including individuals with barriers to employment, such as individuals with disabilities, with the skills and credentials necessary to secure and advance in employment with family-sustaining wages. Additionally, AJCs enable employers to easily identify and hire skilled workers and access other supports, including education and training for their current workforce. Further, rigorous evaluations support continuous improvement of AJCs by identifying which strategies work better for different populations; states, local areas, and training providers remain accountable for performance; high-quality, integrated data informs policy maker, employer and jobseeker decision making; and training providers are accountable for performance using the data and evidence.
- c. **The Workforce System Supports Strong Regional Economies:** Meeting workforce needs is critical to economic growth. State and local workforce development boards—in partnership with workforce, economic development, education, and social service organizations at the state, regional and local levels—align education and training investments to regional civic and economic growth strategies, ensuring that all jobseekers and businesses can access pathways to prosperity.

1.0.4 *Sector Partnerships*

WIOA highlights sector partnerships as a key strategy for meeting the needs of employers, workers, and jobseekers. A sector partnership organizes multiple employers and key stakeholders in an industry cluster into a working group that focuses on the shared goals and human resources needs of the industry cluster.

Under WIOA, state plans must describe how employers will be engaged—including through sector partnerships. Local workforce boards must use adult and dislocated worker funds to “develop, convene, or implement” sector partnerships.

1.0.5 *Career Pathways*

Under WIOA, the WorkLink WDB in coordination with service providers and partners will continue to lead efforts in the area to develop and implement career pathways by aligning the employment, training, education and supportive services that are needed by adults and dislocated workers to gain employment. Initiatives will be developed to identify employment needs of employers within identified sectors and occupations. Efforts will include enhancing communication, coordination, and collaboration among employers, educational partners, economic development entities, and service providers to develop and implement strategies for meeting the employment and skill needs of workers and employers.

WIOA Sec. 3 (7) describes Career Pathway – The term “career pathway” means a combination of rigorous and high-quality education, training, and other services that:

- a. Aligns with skill needs of industries in the economy of the state or regional economy involved;
- b. Prepares an individual to be successful in any of a full range of secondary or postsecondary education options, including apprenticeships registered under the act of August 16, 1937 (commonly known as the “National Apprenticeship Act”; 50 Stat. 664, Chapter 663; 29 U.S.C. 60 ET SEQ.) (Referred to individually in this act as an “apprenticeship”, except in Section 171);
- c. Includes counseling to support an individual in achieving the individual’s education and career goals;
- d. Includes, as appropriate, education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupational cluster;
- e. Organizes education, training, and other services to meet the particular needs of an individual in a manner that accelerates the educational and career advancement of the individual to the extent practicable;
- f. Enables an individual to attain a secondary school diploma or its recognized equivalent, and at least one recognized postsecondary credential; and
- g. Helps an individual enter or advance within a specific occupation or occupational cluster.

1.0.6 WIOA has three funding streams serving the following three distinct participant populations:

- Adults
- Dislocated Workers
- Youth

1.0.7 While there are some similarities among funding streams, it is important to understand the differences. The WIOA law and regulations clearly define and set specific parameters for the three participant populations, which have different eligibility criteria, services and performance measures.

1.0.8 **Disclaimer:** The WorkLink WDB anticipates Program Year 2015 and future extensions will be different from past years, as programs and services are re-designed with the expectation of WIOA beginning July 1, 2015. The grantee must be willing to creatively and quickly invent and implement new practices and processes, then evaluate and modify them as needed to best serve customers and to comply with new regulations and/or changes to available funds.

1.0.9 The grantee should be cognizant of pending workforce system changes due to the passage of WIOA legislation. Several recently published documents are guiding employment and training system

changes to begin implementation July 1, 2015. These documents can be located at www.doleta.gov/wioa.

2.0.0 OVERVIEW OF LOCAL WORKFORCE SYSTEM

2.0.1 The one-stop delivery system brings together a series of partner programs and entities responsible for workforce development, educational, and other human resource programs to collaborate in the creation of a seamless customer-focused service delivery network that enhances access to the programs' services. Partners, programs, and providers will collocate, coordinate, and integrate activities so that individuals seeking assistance will have access to information and services that lead to positive employment outcomes for individuals seeking services.

2.0.2 Across the system, continuous improvement is supported through evaluation, accountability, identification of best practices, and data-driven decision-making.

2.0.3. The system is broader than the SC Works Centers in a given area. The system brings together partners and programs to provide universal access to career and training services in a seamless fashion. The goal is to increase system access for all customers. Not all system programs will be universal; that is, all programs will not be able to serve all people. However, all people can be served somewhere in the system. The system is about defining "common turf" across programs and integrating career and training services provided by partners into the SC Works Centers. No individual program is required to cede its "unique" turf or to violate its governing statute. The law defines the responsibilities for being a partner. They are as follows:

(a) Provide access to its programs or activities through the one-stop delivery system, in addition to any other appropriate locations; (WIOA sec. 121(b)(1)(A)(i).)

(b) Use a portion of funds made available to the partner's program, to the extent consistent with the Federal law authorizing the partner's program and with Federal cost principles in 2 CFR parts 200 and 2900 (requiring, among other things, that costs are allowable, reasonable, necessary, and allocable), to:

(1) Provide applicable career services; and

(2) Work collaboratively with the State and Local Boards to establish and maintain the one-stop delivery system. This includes jointly funding the one-stop infrastructure through partner contributions that are based upon:

(i) A reasonable cost allocation methodology by which infrastructure costs are charged to each partner in proportion to the relative benefits;

(ii) Federal cost principles; and

(iii) Any local administrative cost requirements in the Federal law authorizing the partner's program. (This is further described in § 678.700). (WIOA sec. 121(b)(1)(A)(ii).)

(c) Enter into an MOU with the Local Board relating to the operation of the one-stop system that meets the requirements of § 678.500(d);

(d) Participate in the operation of the one-stop system consistent with the terms of the MOU, requirements of authorizing laws, the Federal cost principles, and all other applicable legal requirements; (WIOA sec. 121(b)(1)(A)(iv)); and

(e) Provide representation on the State and Local Workforce Development Boards as required and participate in Board committees as needed. (WIOA secs. 101(b)(iii) and 107(b)(2)(C) and (D))

2.0.4 The WorkLink Workforce Development Board has a five-year strategic plan for the system to deliver workforce development services to job seekers and employers.

2.0.5 The WorkLink Workforce Development Board has one established Comprehensive SC Works Center, three (3) satellite offices, and various access points across the region.

2.1.0 **Vision Statement:**

2.1.1 To have a fully employed, skilled workforce.

2.1.2 WorkLink's SC Works Centers will help all area job seekers and employers. The Grantee will use technology to provide information and basic job seeking/career planning assistance to the public in a cost-effective manner. Participants will be encouraged to help themselves, but staff will be available to answer questions. SC Works Centers will provide Orientations to the SC Works System and short soft skills workshops to the general public.

2.1.3 Adults (those 18 and older) and Dislocated Workers who cannot find a suitable job may wish to participate in career counseling sessions in a one-on-one atmosphere. Enhanced, individualized career services offered by SC Works Center partners will be available to those that qualify. These career counseling services will assist those that have barriers to getting and keeping a job. Workshops, job clubs, short-term skills upgrading, GED preparation, and work experience assignments may be part of the individualized career services offered through the Centers.

2.1.4 Those who still cannot find a job, or who are not yet economically self-sufficient and meet eligibility criteria, may receive Training Services if the participant needs remedial and/or occupational skills in order to obtain employment. Under WIOA, priority of service is permanently in effect. Therefore, the following individuals will be served: those that are basic skills deficient, low-income, or public assistance recipients, as well as other locally and State defined priority populations. Eligibility Determination is completed prior to participants receiving any staff-assisted services. The Workforce Development Board has defined self-sufficiency as "household income 150% above the Lower Living Standard Income Level." Individuals who have been assessed in need of training and meet the eligibility/priority of service guidelines will be issued an Individual Training Account (ITA). All efforts for training and placement of participants should be made to with the self-sufficiency guidelines in mind. Participants make informed decisions after reviewing local Labor Market Information (LMI) and the Eligible Training Provider List (ETPL).

2.1.5 The purpose of the adult programs is to prepare people for the workplace. Programs will be evaluated based on performance measures negotiated with the State and with DOL. Adults and Dislocated Workers performance measures are entered employment, employment retention, median earnings, in-program skills gains, and credential attainment. Youth performance will include placement in employment or education, median earnings, attainment of a degree or certificate, and in-program skills

gains. Customer Satisfaction Surveys will be issued as part of the SC Works Certification Standards set forth by the State. Individuals and employers will be surveyed, and programs will be evaluated based on participant satisfaction measures.

2.1.6 Another key element of WorkLink’s operational plan is a strategy for serving employers. WIOA and Wagner-Peyser staff share an integrated job matching system called the SC Works Online System (SCWOS). SC Works partners will utilize job listings and will encourage their customers to register for work in SCWOS. The workforce system will develop outreach materials to encourage employers to list jobs through the SC Works Centers (<https://jobs.scworks.org>). Efforts to contact and market workforce development programs to employers will be coordinated with WorkLink Staff. Employer performance measures are forthcoming from DOL.

2.2.0 **Adults and Dislocated Workers**

2.2.1 WIOA provides the following three-tiered participant service levels to Adults and Dislocated Workers:

1. **Career Services** include referrals to partner programs, initial assessments, and labor exchange services. In addition, services such as career counseling and the development of an individual employment plan, must be made available if appropriate for an individual to obtain or retain employment. These services are categorized as “Individualized Career Services.” Appropriate follow-up services must be made available to a participant placed in unsubsidized employment for a minimum of 12 months following the participant's first date of employment. Follow-up services can be useful for participants in order to maintain employment. One-stop staff can provide workplace information and tips for success in a workplace environment. Additionally, follow-up services provide a continuing link between the participant and workforce system; these services allow the one-stop to assist with other services the participant may need once he or she obtains employment. Examples may include assistance with employer benefits, health insurance, and financial literacy and budgeting assistance.
2. **Training services** are provided to equip individuals to enter the workforce and retain employment. Training services may include, for example, occupational skills training, OJT, registered apprenticeship which incorporates both OJT and classroom training, incumbent worker training, pre-apprenticeship training, workplace training with related instruction, training programs operated by the private sector, skill upgrading and retraining, entrepreneurial training, and transitional jobs. Training services are available for individuals who, after interview, evaluation or assessment, and case management are determined to be unlikely or unable to obtain or retain employment that leads to self-sufficiency or higher wages from previous employment through career services alone. The participant must be determined to be in need of training services and to possess the skills and qualifications to successfully participate in the selected program. Some participants may need additional services to assist their vocational training, such as job readiness training, literacy activities including English language training, and customized training. Training Services pays job-training costs associated with WIOA-approved training programs. WIOA funds should be coordinated with other resources, such as Trade Adjustment Assistance (TAA), federal Pell Grants and partner funds.

All WIOA and TAA participants approved to enter training must meet the Six Criteria of Training as outlined in the Trade Adjustment Act.

2.3.0 Youth

2.3.1 WIOA provides year-round employment and training services for youth ages 14-24. Youth establish educational and career goals and work toward them via WIOA-funded activities.

2.4.0 TAA

2.4.1 Trade Adjustment Assistance (TAA) and Reemployment Trade Adjustment Assistance (RTAA) help trade-affected workers who have lost their jobs as a result of increased imports or shifts in production out of the United States. Certified individuals may be eligible to receive one or more program benefits and services depending on what is needed to return them to employment. According to guidance from DOL (reference TEGL 5-00 under TAA), TAA and WIOA should be integrating services as closely as possible. Therefore, TAA eligible participants referred to WIOA should be co-enrolled if eligible and suitable for WIOA services. WIOA will provide services that TAA does not cover for co-enrolled participants.

2.5.0 Co-Located Partners

2.5.1 Other Services are available in the Workforce Centers, such as Wagner-Peyser and Veteran Representatives. To the extent possible, services should be integrated into one intake system/process.

- permit the tracing of program income, potential stand-in costs and other funds allowable except for funding limitations defined in the Act.

The recipient/subrecipient/subgrantee shall submit a financial report which includes a report of all costs incurred under the Agreement up to and including the last day of the month. These reports will include accruals for cost of goods and services received where

payment will be made within the next 30 days. These reports are due by the tenth (10th) day of the following month, according to the terms set forth in the grant agreement.

The recipient/subrecipient/subgrantee shall notify the Awarding Entity immediately if it files for bankruptcy; is involuntarily placed in bankruptcy or receivership; is sued in any Court; or otherwise becomes insolvent and unable to comply with this Agreement.

The recipient/subrecipient/subgrantee is liable to the Awarding Entity for any money it has received for performance of the provisions of this Agreement if the Awarding Entity has suspended or terminated this Agreement for the reasons enumerated in this Agreement.

Nothing in this Section shall be so construed as to relieve the recipient/subrecipient/subgrantee of the fiscal accountability and responsibility under the applicable CFRs, the Act, Regulations and other U.S. Department of Labor regulations.

3.5.1 Method of Payment

Payment to the recipient/subrecipient/subgrantee shall not exceed the total face amount of the Agreement.

The recipient/subrecipient/subgrantee shall be reimbursed monthly for actual costs for the prior month and for accrued costs that will be paid within the next 30 days. Payments shall be requested by submitting a "Request for Payment/Fiscal Report (FSR-S)".

Request for funds will not be honored prior to receipt by the Awarding Entity of an Agreement signed by both parties.

All documents and policies must be submitted by the recipient/ subrecipient/subgrantee as requested by the Awarding Entity prior to the honoring of Requests for Payment(s).

3.5.2 Repayment and Adjustments in Payments

The recipient/subrecipient/subgrantee agrees to be responsible to repay the Awarding Entity any funds received pursuant to the Act that are not spent in strict accordance with the Act and with all applicable Federal Regulations and 2 CFR 200.

If any funds are expended by the recipient/subrecipient/subgrantee in violation of the Act, the Regulations or Grant Conditions, the Awarding Entity may require necessary adjustments in payments to the recipient/subrecipient/subgrantee on account of such unauthorized or unallowable expenditures. The Awarding Entity may request the return of unexpended funds which have been made available in order to assure that they will be used in accordance with the purpose of the Act or to prevent further unauthorized or unallowable expenditures, and may withhold funds otherwise payable under the Agreement in order to recover any unallowable amounts expended.

If no further payments would otherwise be made under the Agreement during the current or subsequent fiscal year, the Awarding Entity may request a repayment of funds used for unauthorized or unallowable expenditures. Repayments shall be made from non-WIOA funds within **thirty (30) calendar days** of receipt of such request.

3.5.3 Closeouts

The recipient/subrecipient/subgrantee will submit a complete Grant Agreement Closeout Report to be received by the Awarding Entity no later than **forty (40) calendar days** after the expiration of the Agreement. The Awarding Entity will supply the closeout forms and instructions prior to the grant ending date.

Amended closeout package(s) will not be accepted after **forty (40) calendar days** of the expiration of the grant unless adjustments are required as a result of audit findings or other valid reasons. The Awarding Entity must be contacted as soon as possible in the event that a closeout adjustment is deemed necessary after the 40 day deadline.

Any funds advanced under this Agreement by the Awarding Entity to the recipient/subrecipient/subgrantee and either unspent or otherwise not properly obligated by the recipient/subrecipient/subgrantee must be returned to the Awarding Entity within **three (3) calendar days** from the date this Agreement terminates.

3.5.4 Cash Depositories

Consistent with the national goal of expanding opportunities for minority business enterprises, each recipient/subrecipient/subgrantee is encouraged to use minority-owned banks (a bank which is owned at least 50 percent by minority group members).

Recipients/subrecipients/subgrantees are not required to maintain a separate bank account, but shall separately account for federal funds on deposit.

3.5.5 Program Income

Income under any program administered by a public or private nonprofit entity may be retained by such entity only if such income is used to continue to carry out the program. Income shall include:

- receipts from goods or services (including conferences) provided as a result of activities funded under this title;
- funds provided to a service provider under this title that are in excess of the costs associated with the services provided;
- proceeds from the sale of real property or equipment purchased with WIOA grant funds;
- interest income earned from funds received during a grant award.

For purposes of this paragraph, each entity receiving financial assistance under this title shall maintain records sufficient to determine the amount of such income received and the purposes for which such income is expended.

The addition method, described at 29 CFR 95.24 or 29 CFR 97.25(g)(2) (as appropriate), must be used for program income earned under WIOA Title I grants. When the cost of generating program income has been charged to the program, the gross amount earned must be added to the WIOA program.

The recipient/subrecipient/subgrantee may retain any program income earned by the recipient/subrecipient/subgrantee only if such income is added to the funds committed to

the particular WIOA grant under which it was earned and such income is used for WIOA purposes and under the terms and conditions applicable to the use of grant funds.

3.5.6 Indirect Costs

The recipient/subrecipient/subgrantee will not be reimbursed for any indirect costs under this Agreement until the recipient/subrecipient/ subgrantee has a current Indirect Cost Agreement executed and approved by a cognizant agency of the United States Government. Written documentation is required for an exemption of approval from the cognizant agency for the Indirect Cost Agreement. Indirect costs submitted for reimbursement must have an executed plan available for review as appropriate during regular monitoring visits.

3.5.7 Bonding Requirements for Advance Payments

Every office, director, agent or employee of the recipient/subrecipient/subgrantee that handles WIOA finances and cash received under this grant agreement must be covered under a Bond Agreement. Proof of such Bond Agreement must be provided in the compliance documents on a yearly basis.

The recipient/subrecipient/subgrantee must obtain a Fidelity Bond that meets the following qualifications:

- (a) The recipient/subrecipient/subgrantee shall be named as the insured.
- (b) The period of coverage shall be no less than one year, with a discovery period of no less than three years subsequent to cancellation or termination of the Bond.
- (c) The Bond evidencing such coverage as required under WIOA Agreement shall contain the following endorsement:

No cancellation, termination, or modification of this Bond shall take effect prior to the expiration of **thirty-five (35) days** after written notice of the cancellation, termination or modification, together with suitable identification of the Bond and named insured has been sent to the Awarding Entity at its official address.

The recipient/subrecipient/subgrantee shall ensure that its sub-contractors, if any, also maintain Bonds in accordance with this Section.

3.5.8 Legal Fees

No funds available for administrative costs under this Agreement (including an administrative cost pool) may be used by the recipient/subrecipient/subgrantee for payment of legal or other associated services unless and until the Awarding Entity receives and approves the recipient's/subrecipient's/subgrantee's certification containing, at a minimum, the following assurances:

- (a) the payments are reasonable in relation to the fees charged by other recipients/subrecipients/subgrantees providing similar services; and
- (b) the services could not be competently provided through employees of the recipient/subrecipient/subgrantee or other available state or local government employees.

In the event the Awarding Entity so requires, the recipient/subrecipient/ subgrantee shall submit supporting documents relevant to the certification in the manner and form the Awarding Entity specifies.

Legal expenses for the prosecution of claims against the federal government, including appeals to an Administrative Law Judge, are unallowable.

This Section shall not be construed as requiring the Awarding Entity's approval or disapproval of any individual who may be selected as legal counsel, or as the Awarding Entity's approval or disapproval of the use of legal counsel in general. In the event the recipient/subrecipient/ subgrantee elects to employ legal services, such services shall be subject to the provisions of this Agreement.

3.5.9 Assignment of Interest

The recipient/subrecipient/subgrantee must obtain the prior written consent of the Awarding Entity before assigning any interest in this Agreement.

3.5.10 Meetings, Conferences and Travel Payments

Recipients of WIOA funds are governed by the requirements found in 48 CFR 31.205-46, which state that travel per diem rates and other travel rates are "considered to be reasonable and allowable only to the extent they do not exceed on a daily basis the maximum per diem rates in effect at the time of travel as set forth in the Federal Travel Regulation, prescribed by the General Services Administration (GSA), for travel in the contiguous United States..."

The Awarding Entity shall reimburse the recipient/subrecipient/subgrantee for proper travel and per diem expenses at rates which are in accordance with the recipient's/subrecipient's/subgrantee's approved "local travel policy". The recipient's/subrecipient's/subgrantee's "local travel policy" shall consist of a written statement delineating the rates that the recipient/subrecipient/ subgrantee shall use in computing travel and per diem expenses of its employees. The Awarding Entity shall review the "local travel policy" after submission by the recipient/subrecipient/ subgrantee and shall approve it after the Awarding Entity determines that it is reasonable and otherwise acceptable for the purpose of this Agreement.

Travel costs for personnel supported by the grant award are allowable when the travel is specifically related to the operation of programs under the Act. Payment for travel shall be made only as it applies to the scope of the grant, is necessary and reasonable, and follows all local travel policies.

The recipient/subrecipient/subgrantee must follow local travel policies before it can use funds received under this Agreement to pay for travel and per diem, except travel to areas designated by the Awarding Entity for consultation or training.

Budgeted expenses for meetings and/or conferences are allowable when their primary purpose is the dissemination of technical information relating to the WIOA program and when they are consistent with regular practices and local travel policies followed for other activities of the recipient/subrecipient/subgrantee. Allowable costs under WIOA grant awards must be necessary and reasonable for proper and efficient administration of the program; be justifiable; be in accordance with 2 CFR 200; and not be a general expense required to carry out the overall responsibilities of state or local government.

The Awarding Entity may schedule a meeting for the purpose of reviewing performance against the terms of this Agreement. All staff of the recipient/ subrecipient/subgrantee performing services under this Agreement who are requested by the Awarding Entity to attend meetings shall be required to attend such meetings as often as necessary.

3.5.11 Prevention of Fraud and Abuse

The recipient/subrecipient/subgrantee shall establish, maintain, and utilize internal program management procedures sufficient to provide for the effective management of all activities funded in whole or in part under this Agreement.

In addition to the requirements imposed elsewhere in this Agreement, the recipient/subrecipient/subgrantee shall ensure that sufficient, auditable, and otherwise adequate records are maintained which support the expenditure of all funds received through this Agreement. Such records shall be sufficient to allow the United States Department of Labor, the State, and the Awarding Entity to audit and monitor the recipient/ subrecipient/subgrantee and shall include the maintenance of a Management Information System.

No officer, employee or agent of the recipient/subrecipient/subgrantee shall solicit or accept gratuities, favors or anything of monetary value from any supplier or potential supplier of goods or services under the Act.

The recipient/subrecipient/subgrantee shall spend no funds directly or indirectly for programs pursuant to the Act for payment of a fee for the placement of any persons in a training or employment program under this Act.

3.6 PARTICIPANT DATA SYSTEM

3.6.1 Participant Information

The recipient/subrecipient/subgrantee shall maintain a participant data system that provides a record of participant information as described therein to include:

- (a) a record of each applicant for whom an application has been completed and a formal determination of eligibility or ineligibility made;
- (b) a record of each participant's enrollment sufficient to demonstrate compliance with the eligibility criteria of a particular program, activity and other restrictions imposed by the Act; and
- (c) other information as necessary and/or as outlined in the scope of work to develop and measure the achievement of performance standards and monitor equal opportunity.

3.6.2 Recipient/Subrecipient/Subgrantee Responsibilities

The procedures and forms in this manual are, hereby, incorporated into these terms and conditions. Recipient/subrecipient/subgrantee responsibilities include, but are not limited to:

All reporting forms authorized and/or procedures developed by the Awarding Entity may be modified at the discretion of the Awarding Entity.

3.7.2 Benefits and Working Conditions

Conditions of employment or training will be appropriate and reasonable with regard to the type of work; the geographical region; and proficiency of the participant.

Each participant in an On-the-Job Training and/or apprenticeship work-related training shall be assured of Workers' Compensation, including medical and accident, at the same level and to the same extent as others similarly employed who are covered by a Workers' Compensation statute or system.

Each participant who is employed in OJT and/or apprenticeship work-related training, where others similarly are employed and are not covered by an applicable Workers' Compensation statute, shall be provided with medical and accident insurance' benefits. Such benefits shall be adequate and comparable to the medical and accident insurance provided under the applicable State Workers' Compensation statute. Subrecipients/

subgrantees are not required to provide these participants with income maintenance coverage.

Each participant enrolled in other than On-the-Job-Training or work-related activities shall be provided with adequate on-site medical and accident insurance.

The recipient/subrecipient/subgrantee will comply with the Hazardous Occupations order issued pursuant to the Fair Labor Standards Act and set forth at **29 CFR Section 570.50 et seq.**, with respect to the employment of youth under eighteen years of age; with the Child Labor Law Standards of **29 CFR Section 570.117 et seq.**, with respect to the employment of youth aged fourteen and fifteen; and all applicable state and local child labor laws. The recipient/subrecipient/subgrantee is responsible for ensuring that its subrecipients/subgrantees, if any, maintain compliance with the laws enumerated in this Section.

3.8 REQUIREMENTS FOR RECORDS

All records required under this Agreement, the Act, Regulations and applicable Circular shall be the responsibility of recipient/subrecipient/ subgrantee. Retention of, and access to, such records shall be provided in accordance with **2 CFR 200.333**.

The recipient/subrecipient/subgrantee shall retain all records including financial, statistical, property, participant records and supporting documentation for **five (5) years** after the recipient/subrecipient/ subgrantee submits to the Awarding Entity its final expenditure report for that funding period. Records for nonexpendable property shall be retained for a period of **five (5) years** after final disposition of the property.

The recipient/subrecipient/subgrantee shall retain records beyond this period if any litigation or audit is begun or if a claim is instituted involving this Agreement covered by the records. In such instances, the recipient/ subrecipient/subgrantee shall retain records until the litigation, audit or claim has been finally resolved.

In the event of the termination of a relationship, the Awarding Entity shall be responsible for the maintenance and retention of the records of a recipient/subrecipient/subgrantee unable to retain them.

A recipient/subrecipient/subgrantee who goes out of business or is unable to retain records as described above will transfer all records above to the Awarding Entity in an orderly manner. Each box will be labeled and in acceptable condition for storage. The Awarding Entity will inventory the contents of each box prior to or upon acceptance.

This right also includes timely and reasonable access to recipient/subrecipient/subgrantee personnel at all levels for the purpose of interview and discussion related to such records.

The recipient/subrecipient/subgrantee understands that the right of access is not limited to the required retention period but shall last as long as the records are retained.

The recipient/subrecipient/subgrantee may not otherwise divulge registrant/participant information without permission of the registrant/ participant.

3.8.3 Fees

The recipient/subrecipient/subgrantee may charge a fee for processing a request for a record to the extent the cost is sufficient to recover the cost applicable to processing such request.

3.9 PROCUREMENT

Each recipient/subrecipient/subgrantee shall establish and implement procurement standards to ensure fiscal accountability and prevent waste, fraud and abuse in programs funded under the Act.

Each recipient/subrecipient/subgrantee shall have written procedures for procurement transactions. These procedures shall comply at a minimum with Federal and State requirements, and may reflect applicable local laws and regulations, provided that they do not conflict with WIOA policy.

Funds awarded under this Agreement shall not be used to duplicate facilities or services available in the area (with or without reimbursement) from federal, state or local sources unless it is demonstrated that the WIOA-funded alternative services or facilities would be more effective or more likely to achieve performance goals.

The recipient/subrecipient/subgrantee shall conduct procurement in a manner that provides full and open competition.

3.9.1

Methods of Procurement

The recipient/subrecipient/subgrantee shall use one of the following methods of procurement appropriate for each procurement action in accordance with its local procurement policy:

- (a) **Small Purchase Procedures:** simple and informal procurement methods for securing services, supplies or other property. This procedure must at a minimum follow the SC Consolidated Procurement Code. The recipient/subrecipient/subgrantee will follow the Appalachian Council of Governments procurement policy as outlined below or the SC Consolidated Procurement Code, whichever is more strict. Price or rate quotations must be documented from an adequate number of qualified sources.

To fill the needs for supplies and services, the following purchasing procedures are required to be followed by the recipient/subrecipient/subgrantee for all purchases under \$15,000 (except for travel expenses, renewal of contracts, and recurring expenses, i.e. utility bills, telephone, office rent and other costs associated with approved contracts).

<\$300: An order shall be placed with a vendor most advantageous to the WIOA program. (Purchasing procedures outlined in this section may be eliminated if a term contract exists on a specific item and the contract was awarded according to regular purchasing procedures.

***Between \$300 and \$5,000:** The recipient/subrecipient/subgrantee shall obtain at least two informal quotations, if possible, and inform the WorkLink Workforce Development Board Grant point of contact of the results.*

***Between \$5,001 and \$10,000:** The recipient/subrecipient/subgrantee will obtain three (3) or more written quotations, proposals, or bids as appropriate. The bids or quotes should be based on specifications supported under the WIOA program rules and regulations, and approved by the WorkLink WDB Grant point of contact.*

***Between \$10,001 and \$15,000:** The recipient/subrecipient/subgrantee will obtain five (5) or more written quotations, proposals, or bids as appropriate based on specifications approved by the WorkLink WDB Grant point of contact.*

The recipient/subrecipient/subgrantee will award a contract, upon approval of the WorkLink WDB point of contact, to the vendor most advantageous to the WIOA program.

- (b) **Sealed Bids (Formal Advertising):** publicly solicited procurement for which a firm fixed-price contract (lump sum or unit price) or other fixed-price arrangement is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the Invitation for Bids, is the lowest in price. Bids shall be solicited

from three or more responsible bidders. If bids to a solicitation are not received, the recipient/subrecipient/subgrantee may determine the fair market value from three or more Internet vendors and then proceed with the purchase.

- (c) **Competitive Proposals:** normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type of contract is awarded. Each competitive proposal process must include a documented methodology for technical evaluations and awarded to responsible offeror whose proposal is most advantageous to the program with price, technical and other factors considered. This method is generally used when conditions are not appropriate for the use of sealed bids.

Under letter (b) and letter (c): All services and equipment by the recipient/subrecipient/subgrantee in an amount of \$15,000 or more will be acquired according to the following procedures:

- *The recipient/subrecipient/subgrantee shall determine that the item or service is authorized by the budget, funds are available for purchase, and the WorkLink WDB point of contact approves the requested purchase or sub-award.*
- *The recipient/subrecipient/subgrantee shall prepare request for bids and specifications or request for proposals, list the potential vendors, and prepare proposed newspaper and other legal advertisement. The advertisements should include:*
 - *Brief scope of services;*
 - *Name and telephone of the person to contact for a copy of the RFP or bid specifications;*
 - *Deadline for submitting proposal or bids; and*
 - *Statement that the WIOA program does not discriminate.*
- *The recipient/subrecipient/subgrantee shall send out the RFP or bid to the list of vendors and advertise at a minimum in Anderson, Greenville, and Spartanburge Counties. A minimum of ten (10) calendar days must be allowed for submission of proposals or bids.*
- *The recipient/subrecipient/subgrantee shall a hold public bid opening at time and place announced, and tabulate bids. The results shall be submitted to a committee of non-biased peers selected from among management staff of partners (or their designee) and/or WDB members and/or other area subject experts. Under no circumstances should an individual be included in the committee to review and score bids that has a conflict of interest. This committee will select the best proposal.*
- *The recipient/subrecipient/subgrantee must make available all documentation to support the procurement upon request.*

- (d) **Non-Competitive Proposals (Sole Source):** procurement through solicitation of a proposal from only one source, when that vendor has proprietary goods, or after solicitation of a number of sources, competition is determined inadequate.

Each recipient/subrecipient/subgrantee shall minimize the use of sole source procurement to the extent practicable, but in every case, the use of sole source procurement shall be justified and documented and in accordance with its procurement

policies. Procurement by non-competitive proposals may be used only when the award of a grant/ contract is infeasible under small purchase procedures, sealed bids, or competitive proposals. All methods should be exhausted before a non-competitive procurement can be determined.

The recipient/subrecipient/subgrantee shall perform cost or price analysis in connection with every procurement action, including grant/contract modifications. The methods and degree of analysis depends on the facts surrounding the particular procurement and pricing situation, but at a minimum, the recipient/subrecipient/subgrantee shall make independent estimates before receiving bids or proposals.

Procurement under the Act shall not permit excess program income for non-profit and governmental entities or excess profit for private-for-profit entities.

The "cost plus a percentage of cost" method of procurement is prohibited under this Agreement.

The recipient/subrecipient/subgrantee shall conduct and document oversight to ensure compliance with the procurement standards, in accordance with the requirements of the WIOA Regulations.

Each recipient/subrecipient/subgrantee shall maintain records sufficient to detail the significant history of a procurement. These records shall include:

- (1) rationale for the method of procurement;
- (2) the selection of contract type; and
- (3) contractor selection or rejection and the basis for the grant/contract type.

All methods of procurement must include language to ensure that all recipients/subrecipients/subgrantees are fully aware of the Jobs for Veterans requirements and of their obligation to design and deliver services accordingly. Such language may include:

This program is subject to the provisions of the "Jobs for Veterans Act," 38 U.S.C § 4215) which provides priority of service to veterans and spouses of certain veterans for the receipt of employment, training, and placement services in any job training program directly funded, in whole or in part, by the Department of Labor. Please note that, to obtain priority service, a veteran must meet the program's eligibility requirements.

The recipient/subrecipient/subgrantee shall comply with all applicable provisions of the Act; regulations; 2 CFR 200; and issuances and Instructions from the Awarding Entity in implementing its procurement system.

Recipients/subrecipients/subgrantees should not enter into agreements/contracts/grants/awards/sub-awards or similar types of written contracts, or transfer current grant agreements for services to any organization, individual, or group without prior written permission from the WorkLink WDB.

3.9.2

Selection of Service Providers through Formal Grant Process

Each recipient/subrecipient/subgrantee, to the extent practicable, shall select service providers by using a competitive grant application process.

Awards are to be made to organizations possessing the ability to perform successfully under the terms and conditions of a proposed subgrant or contract.

Proper consideration shall be given to community-based organizations, including women's organizations, with knowledge about or experience in non-traditional training for women, which are recognized in the community in which they are to provide services.

Recipients/subrecipients/subgrantees are encouraged to utilize qualified minority firms where cost and performance of major grant work will not conflict with funding or time schedules.

Recipients/subrecipients/subgrantees should not enter into agreements/contracts/grants/awards/sub-awards or similar types of written contracts, or transfer current grant agreements for services to any organization, individual, or group without prior written permission from the WorkLink WDB.

3.9.3 Conflict of Interest

No employee of the recipient/subrecipient/subgrantee; no member of the recipient/subrecipient/subgrantee governing board or body; and no person who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this Agreement shall participate in any decision relating to this Agreement which affects his personal monetary interest.

The recipient/subrecipient/subgrantee agrees that none of its employees or officers has an interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Agreement. The recipient/subrecipient/subgrantee further agrees that in the performance of this Agreement no person having any such interest shall be employed. The recipient/subrecipient/subgrantee will establish safeguards to prevent its staff members or subcontractors from using their positions for a purpose that is or gives the appearance of being motivated by desire for private gain for themselves, or others, particularly those with whom they have family, business or other ties. The recipient/subrecipient/subgrantee will require all subcontractors to comply with this Section as a condition of award.

As an additional limitation to any imposed by applicable state or local law, no member of any council or board which has a function related to the performance of this Agreement shall cast a vote on any matter which has a direct bearing on services to be provided by that member (or any organization which that member directly represents) or vote on any matter which would financially benefit the member of the organization which the member represents.

The recipient/subrecipient/subgrantee shall not enter into any agreement in violation of state or local law or ordinance during the course of its performance of this Agreement.

3.9.4 Nepotism

No relative by blood, adoption or marriage of any executive or employee of the recipient/subrecipient/subgrantee shall receive favorable treatment for enrollment into services provided by, or employment with, the recipient/subrecipient/subgrantee.

The recipient/subrecipient/subgrantee shall also avoid entering into any agreements for services with a relative by blood, adoption or marriage. For the purpose of this Agreement, "relative by blood, adoption or marriage" to the sixth degree shall include: wife, husband, son, daughter, mother, father, brother, sister, brother-in-law, sister-in-law, aunt, uncle, niece, nephew, stepparent, and stepchild, grandparents, great-grandparents and cousins within the sixth degree. When it is in the public interest for the recipient/subrecipient/subgrantee to conduct business (only for the purpose of services to be provided) with a relative, the recipient/subrecipient/subgrantee shall obtain approval from the Awarding Entity before entering into an agreement. All correspondence shall be kept on file and available for monitoring and audit reviews.

The recipient/subrecipient/subgrantee assures that all subcontractors under this Agreement will comply with the nepotism requirements and shall include these requirements in its contracts.

3.9.5 Conducting Business Involving Close Personal Friends and Associates

Executives and employees of the recipient/subrecipient/subgrantee will be particularly aware of the varying degrees of influence that can be exerted by personal friends and associates in administering the Agreement, and will exercise due diligence to avoid this influence.

3.9.6 Property Management Standards

Real property, equipment, supplies and intangible property acquired or produced by States and governmental recipient/subrecipient/subgrantee, with WIOA funds, shall be governed by the definitions and property requirements (**see Uniform Guidance at 2 CFR 200**), except that prior approval by the Department of Labor to acquire property is waived. Non-governmental recipients/subrecipients/subgrantees shall be governed by the definitions and property management standards of **2 CFR 200**, as codified by administrative regulations of the Department of Labor (**refer to 2 CFR 200**), except that prior approval by the Department of Labor to acquire property is waived.

The recipient/subrecipient/subgrantee shall not purchase, lease, rent, trade, transfer or dispose of any non-expendable personal property without prior approval of the Awarding Entity.

A recipient/subrecipient/subgrantee shall not acquire equipment with an acquisition/unit cost of \$5,000 or more per unit without the prior, written approval of the Awarding Entity. Approval of the recipient/subrecipient/ subgrantee budget does not constitute prior approval for purchases.

The recipient/subrecipient/subgrantee shall notify the Awarding Entity immediately of acquisitions with WIOA funds. Such notification shall include the location of the property and other related acquisition information required by the Awarding Entity for inventory purposes. Expendable personal property purchased shall be maintained in accordance with the U.S. Department of Labor's One Stop Comprehensive Financial Management Technical Assistance Guide, Chapter II-11.

Any alteration, addition, or deletion to the terms of this Agreement which are required by changes in federal laws, or federal regulations, promulgated pursuant thereto or, by (1) State Instructions; (2) Department of Labor Field Memorandums; (3) Department of Labor WIOA Information Series; or (4) Awarding Entity Instructions are automatically incorporated into this Agreement without written amendment hereto, and shall go into effect on the date designated by the law, regulation or instruction.

If the recipient/subrecipient/subgrantee cannot conform to the changes required by federal laws, or federal regulations promulgated pursuant thereto, or by (1) State Instructions; (2) Department of Labor Field Memorandums; (3) Department of Labor WIOA Information Series; or (4) Awarding Entity Instructions, the recipient/subrecipient/subgrantee shall notify the Awarding Entity in writing no later than the effective date of such law or regulation that it cannot conform. The Awarding Entity shall then establish the standards for the termination of the recipient/subrecipient/subgrantee programs and shall terminate the Agreement as soon as practical. The best interest of the participant shall be the primary consideration in establishing the standards for such termination.

It is understood and agreed by the parties hereto that this Agreement must at all times be in compliance with the Act and Regulations promulgated pursuant to the Act, and that changes, interpretations, and clarifications of the Act and Regulations to be made by the U.S. Department of Labor during the Agreement period will have the effect of qualifying the terms of this Agreement.

3.10.2 Modifications

Except as provided otherwise herein, any alterations, additions, or deletions to the terms of this Agreement shall be by modification hereto in writing and executed by both parties of this Agreement.

The recipient/subrecipient/subgrantee may transfer funds within cost categories provided:

- (a) the transfer will not increase the monetary obligations of the Awarding Entity;
- (b) the transfer will not increase the total amount allocated to any single cost category in the budget;
- (c) the transfer will not decrease the cumulative number of (1) individuals to be served; (2) the planned enrollment levels in each program activity; or (3) the individuals to be served within significant client groups of the Agreement;
- (d) the transfer will not significantly change the nature or scope of the program funded under this Agreement. Exception: Any and all changes in personnel, fringe benefits and indirect cost must have prior approval of the Awarding Entity.

The recipient/subrecipient/subgrantee may transfer funds between line items if the transfer does not change the line item value by more than 10%.

The recipient/subrecipient/subgrantee may increase the cumulative number of (1) individuals to be served; (2) the planned enrollment levels in each program activity; (3) the planned placement terminations in each program activity; or (4) the individuals to be served within significant client groups as specified in the Agreement, provided that the level of funds does not exceed the cost categories of the Agreement or latest modification.

The Awarding Entity may at any time, by written order, make changes within the general scope of this Agreement. If any such change causes an increase in the cost of, or time required for, performance of any part of the program under this Agreement, whether changed or not by such order, an equitable adjustment shall be made in the Agreement

amount or completion date, or both, and the Agreement shall be modified in writing accordingly.

In accordance with these provisions herein, the Awarding Entity will not guarantee a modification to provide additional funds to cover expenditures on the part of the recipient/subrecipient/subgrantee during or after the period of this Agreement.

3.11 SUBCONTRACTING AND MONITORING

3.11.1 Sub-tier Agreements

The recipient/subrecipient/subgrantee may purchase or subcontract for the services and/or activities specified in the Program Work Statement and Budget of this Agreement only with the prior written approval of such subcontracts and subcontractors by the Awarding Entity, and in accordance with procurement requirements in the Uniform Guidance (2 CFR 200) and Appalachian Council of Governments (ACOG) procurement policy. The recipient/subrecipient/subgrantee, in subcontracting of any of the services and/or activities hereunder expressly understands that in entering such subcontracts, the Awarding Entity is in no way liable to the subcontractor. In order to assure the Awarding Entity of strict performance of this Section, the recipient/ subrecipient/subgrantee must submit to the Awarding Entity subcontract Agreements for review upon request.

In no event shall any provision of this Section specifically be construed as relieving the recipient/subrecipient/subgrantee of the responsibility for ensuring that the performance provided under all subcontracts conforms to the terms and provisions of this Agreement.

Awarding Entity review under this Section does not constitute adoption, ratification or acceptance of the recipient's/subrecipient's/subgrantee's performance under this Agreement. The Awarding Entity does not waive any right of action which may exist or which may subsequently accrue to the Awarding Entity under this Agreement.

The recipient/subrecipient/subgrantee will ensure that its subcontractors, if any, do not subcontract for any performance or partial performance of an activity or service provided or to be provided through this Agreement.

The recipient/subrecipient/subgrantee will not subcontract for any part of its performance under this Agreement where such proposed subcontract would result in a violation of the Agreement; the Regulations promulgated under the Act; the Act itself; or any other applicable federal, state or local laws.

Grants/Subcontracts must include language to ensure that all recipients/subrecipients/subgrantees are fully aware of the Jobs for Veterans requirements and of their obligation to design and deliver services accordingly. Such language may include:

This program is subject to the provisions of the "Jobs for Veterans Act," (38 U.S.C. § 4215) which provides priority of service to veterans and spouses of certain veterans for the receipt of employment, training, and placement services in any job training program directly funded, in whole or in part, by the Department of Labor. Please note that, to obtain priority service, a veteran must meet the program's eligibility requirements.

In no instance shall a termination for convenience be effective in less than **ten (10) working days** after receipt of notice thereof.

Following receipt of the Notice of Termination, the recipient/subrecipient/ subgrantee shall cancel outstanding commitments covering the procurement or rental of materials, supplies, equipment and miscellaneous items. In addition, the recipient/subrecipient/subgrantee shall exercise all reasonable diligence to accomplish the cancellation or diversion of outstanding commitments covering personal services that extend beyond the date of such termination to the extent that they relate to the performance of any work terminated by the notice. With respect to such cancelled commitments, the recipient/subrecipient/subgrantee agrees to:

- (a) settle all outstanding liabilities and all claims arising out of such cancellation of commitments; or ratify all such settlements; and
- (b) assign to the Awarding Entity, at the time and to the extent directed by the Awarding Entity, all of the rights, title, and interest of the recipient/subrecipient/subgrantee under the orders and subcontracts so terminated. The Awarding Entity shall have the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

3.12.2 **Termination for Cause**

The Awarding Entity may terminate this Agreement when it has determined that the recipient/subrecipient/subgrantee has failed to provide any of the services specified or comply with any of the provisions contained in this Agreement. If the recipient/subrecipient/subgrantee fails to perform in whole or in part, or fails to make sufficient progress so as to endanger performance, the Awarding Entity will notify the recipient/subrecipient/subgrantee of such unsatisfactory performance in writing. The recipient/subrecipient/subgrantee has **ten (10) working days** in which to respond with a plan agreeable to the Awarding Entity for correction of the deficiencies. If the recipient/subrecipient/subgrantee does not respond within the appointed time, or does not respond with appropriate plans, the Awarding Entity may serve a termination notice on the recipient/subrecipient/subgrantee, which will become effective within **thirty (30) calendar days** after receipt. In the event of such termination, the Awarding Entity shall be liable for payment only for services rendered prior to the effective date of the termination, provided that such services performed are in accordance with the provisions of this Agreement.

The recipient/subrecipient/subgrantee shall have the right to appeal any such determination made by the Awarding Entity to the Local Workforce Development Board (LWEB) within **thirty (30) calendar days**.

- When the recipient/subrecipient/subgrantee has failed to submit his appeal within **thirty (30) calendar days** from the date of the termination notice and has failed to request extension of such time, he shall have no such right of appeal.
- In the case of state grants, the appeal will be made to the State Workforce Development Board. The same time parameters and conditions apply as those for the LWDB.

Upon termination of the Agreement, in any case where the Awarding Entity has made a determination of the amount due the recipient/ subrecipient/subgrantee, the Awarding Entity shall pay the recipient/ subrecipient/subgrantee according to the following:

- (a) if there is no right of appeal hereunder or if no timely appeal has been made, the amount so determined by the Awarding Entity; or
- (b) if an appeal has been made, the amount finally determined on such appeal.

In arriving at the amount due the recipient/subrecipient/subgrantee under this clause, there shall be deducted:

- (a) all unliquidated advance or other payments on account made to the recipient/subrecipient/subgrantee applicable to the terminated portion of this Agreements;
- (b) any claim which the Awarding Entity may have against the recipient/subrecipient/subgrantee in connection with this Agreement; and
- (c) the negotiated price for, or the proceeds from the sale of any materials, supplies or other items acquired by the subrecipient/ subgrantee, or sold, pursuant to the provisions of this clause and/or otherwise covered by or credited to the Awarding Entity.

If the termination hereunder is partial, prior to the settlement of the terminated portion of this Agreement, the recipient/subrecipient/ subgrantee may file with the Awarding Entity a request in writing for an equitable adjustment to the price or prices specified in the Agreement relating to the continued portion.

Upon termination of this Agreement for any reason, the recipient/subrecipient/subgrantee shall return to the Awarding Entity, within **thirty (30) calendar days** after receipt of a written request, all property furnished to the recipient/subrecipient/subgrantee by the U.S. Department of Labor or the Awarding Entity and all records pertaining to this Agreement and its programs. The recipient/subrecipient/subgrantee shall return such property and records in the manner prescribed by the Awarding Entity. BACKGROUND AND GENERAL INFORMATION

Introduction/Purpose

The WorkLink Workforce Development Board (hereafter “WorkLink WDB”), serving Anderson, Oconee, and Pickens Counties will issue one Request for Proposal (RFP). The Request for Proposal is to competitively procure for our Local Workforce Development Area innovative Out-of-School (age 17-24) Youth Employment and Training Services with the option to serve a limited/specific group of In-School Youth (age 18-21). The youth program will focus on youth that are most in need and operate youth services under the provision and in accordance with Workforce Innovation and Opportunity Act (WIOA) regulations and the State of South Carolina (hereafter “the State”) mandates on behalf of the Local Workforce Development Area (hereafter “LWDA”). The South Carolina Appalachian Council of Governments (ACOG), through South Carolina Department of Employment and Workforce (SCDEW), is the designated entity that will be administering the Workforce Innovation and Opportunity Act (WIOA) funds on behalf of the WorkLink WDB through a contractual/grant agreement with the selected proposer or offeror. The WorkLink WDB intends to be as inclusive as possible in this solicitation. The aim is to receive a wide variety of innovative proposals that best meet the needs of the community at large.

President Barack Obama signed the **Workforce Innovation and Opportunity Act (WIOA)** into law on July 22, 2014. The Workforce Innovation and Opportunity Act is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. Congress passed the Act by a wide bipartisan majority; it is the first legislative reform in 15 years of the public workforce system. The enactment of WIOA provides opportunity for reforms to ensure the American Job Center system is job-driven, responding to the needs of employers and preparing workers for jobs that are available now and in the future. WIOA supersedes the Workforce Development Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973. In general, the Act takes effect on July 1, 2015, the first full program year after enactment, unless otherwise noted. **The U.S. Department of Labor (DOL) has a website for the latest on WIOA regulations: www.doleta.gov/WIOA. [https://wdr.doleta.gov/directives/All WIOA Related Advisories.cfm](https://wdr.doleta.gov/directives/All%20WIOA%20Related%20Advisories.cfm)**

In the WorkLink Area (Anderson, Oconee and Pickens Counties, SC), the WorkLink WDB and the Appalachian Council of Governments envision a system that meets the needs of residents and businesses alike. The vision of the WorkLink WDB is to have a fully-employed, skilled workforce in Anderson, Oconee, and Pickens counties, South Carolina. The vision of the WorkLink Youth Committee is to have youth, educated and prepared for self-sufficiency in work and life. The mission of the WorkLink Youth

Committee is to facilitate collaboration and the delivery of services for youth, leading to educational, workplace, and personal success.

Any public, private non-profit, or private for-profit organization may submit applications in response to this solicitation.

The timeframe for this request for proposals is July 1, 2018 to June 30, 2019 for Program Costs, Program Activity Costs, Program Staff and acquisition of equipment.

Based upon funding availability and other factors, the Appalachian Council of Governments and/or WorkLink Workforce Development Board may extend a contract/grant resulting from this Request for Proposal if it appears to be in the best interest of the Workforce Innovation and Opportunity Act and is agreeable with the grantee. The extension may be less than, but shall not exceed four (4) total years. Similarly, the number of participants served and/or associated costs may be increased or decreased accordingly at any time during a grant period if agreeable with the grantee or necessitated by changes in fund allocation or fund availability. Past year's performance measures (must meet or exceed) will be a critical consideration germane to any decision to extend a contract/grant. Negotiation must occur each budget year and performance year. When the contracting parties are unable to agree on the terms and conditions for extending a contract/grant, the alternative will be to terminate the existing contract/grant. These conditions may change pending further guidance from the State or from USDOL.

If it becomes necessary to revise any part of the Request for Proposal, all such revisions will be provided in writing to all proposers or offerors. **Verbal comments or discussion relative to this solicitation will not add, subtract, or modify any written provisions contained herein. Any alteration must be in the form of a written revision to all proposers or offerors.**

Disclaimer: WorkLink Workforce Development Board may request modification of program design or the delivery of services due to WIOA Rules and Regulations, changes in Terms and Conditions, Training and Employment Guidance Letters (TEGL), Code of Federal Regulations (CFR), Policies, Procedures, etc. Should a request for a change occur, bidding organizations or service providers must allow for any changes to be made to the program design, delivery services, or any other area identified by legislation, DOL or State guidance, and/or Local Workforce Development Board (LWDB)/Youth Committee direction. Staff of Administrative Entity will assist bidding organizations or service providers in the redesign to ensure consistency and compliance with WIOA regulations and requirements, DOL, State, LWDB, and Youth Committee /Committee policy.

The Appalachian Council of Governments will administer grants awarded by the WorkLink Workforce Development Board through this Request for Proposal. The Appalachian Council of Governments will require applicants selected for funding to participate in contract/grant negotiations involving cost levels, technical correctness,

and/or other necessary revisions to their applications prior to grant finalization and execution. Negotiations may be done in person, written communication, or by telephone, depending on the level of involvement of the required revisions and agreements between parties. Additionally, grant amounts may be adjusted by the WorkLink Workforce Development Board and/or the Appalachian Council of Governments based on final allocation figures.

Approximate amount of funding available under this RFP is **\$600,000.00**. (The proposer may choose to utilize up to 20% of available funds for the option to serve a limited, specific group of eligible in-school youth-classified as “senior status”, low-income, most-in-need, and meet WIOA definition of a youth barrier).

Priority: At least 20 percent of the funds allocated to the local area shall be used to provide youth participants with paid and unpaid work experience activities identified on **P. 7 (C) (i-iv) listed under Required Program Elements for Youth Participants**.

Standardized assessment tests will be used for

Reasonable accommodations for individuals with disabilities and/or special needs will be provided to allow for participation in the assessment process. The objective assessment must be documented in the South Carolina Works Online Services (SCWOS) as the first service and point of enrollment. The objective assessment is a more detailed examination of barriers to employment and results in recommendations to be incorporated into the development of a person's Individual Service Strategy (ISS). These might include some combination or all of the following: educational attainment; employment history; more in-depth information about basic literacy and occupational skill levels; interests; aptitudes; family and financial situation; emotional and physical health, including disabilities; attitudes toward work; motivation; and supportive service needs.

The ISS must be documented in the SCWOS System in a timely manner. The ISS will be developed **with** the participant. The ISS shall identify career pathways that include the participant's educational and employment goals (including in appropriate circumstances, nontraditional employment), appropriate services for the participant taking into account the objective assessment described above. The ISS plan should describe activities, and supportive services the participant will receive to achieve those **mutually** agreed upon goals, objectives, and services. The ISS is a plan that should be used to track services to be delivered and/or coordinated by the program and should be regularly reviewed and updated as changes occur.

8. **Participant Goal Attainment.** Enter goal attainment of the ISS and other applicable participant related information into the SCWOS System in a timely manner. Maintain in file all pre-testing, progress testing, and post-testing documentation, grade reports, test scores, time and attendance records signed by participant and instructor or activity supervisor, documents showing skills acquired, certificates of completion issued, State certified licenses, credentials, diplomas, etc.

The ISS benchmarks will be used to measure progress and will be reviewed and updated by youth program staff to arrange for needed services, identify and address concerns as they arise, and document progress made during participation.

Regular personal contact between a case manager and the youth participant is essential. The frequency of the contact is based on an assessment of the participant's needs and ISS goals as they move through the process. At a minimum, monthly contact must be made with each youth participant. More frequent contact may be needed in certain circumstances. Case managers are to provide support and intervention in time of crisis, and assist in the development and implementation of a crisis plan. Proposal Budget and Program Planning Instructions

Instructions for Completing Budget Forms

The **Budget Summary** is a summary of allowable cost objectives or categories by line item.

The **Staff Salaries, Fringe Benefit and Indirect Cost Worksheet** and the **Cost and Price Analysis Worksheet** present a detailed cost and price analysis of the individual allowable cost by line item and cost objectives/categories as contained in the Budget Summary. The user of these forms should notice that the Budget Summary and the Cost and Price Analysis Worksheets are laid out in unison. With that point in mind, the Staff Salaries, Fringe Benefit and Indirect Cost Worksheet and the Cost and Price Analysis Worksheet should be completed first. The total of each appropriate line item should then be transferred to the corresponding line item on the Budget Summary. The worksheets are set up with formulas so that by filling in the yellow shaded cells, the lavender shaded cells should automatically fill in. The totals are set to fill in the Budget Summary page. If an error is detected in the worksheet formulas, please contact WorkLink to report the problem.

The proposer or offeror should fill-in appropriate lines of the Cost and Price Analysis Worksheets based on its projected personnel and non-personnel cost of operating its proposed WIOA project. One primary purpose of the Cost and Price Analysis Worksheets is to determine the proposer's or offeror's projected cost and price in operating such WIOA project; therefore, it is imperative that each applicable line and/or blank be filled in completely. Where necessary, additional information must be attached as exhibit(s) to the extent that the basis for all cost is clearly and fully identified. All pages of the Cost and Price Analysis Worksheets should be completed and attached (including blank pages) to the Budget Summary.

The **Client Flow** form is a projection of the number of the participants to be enrolled and served throughout the year. Care should be taken in completing this form. It is not anticipated that the same numbers of participants will be enrolled each month.

2.0 HISTORY AND PREFACE

- 2.1 On July 22, 2014, President Obama signed the WIOA, the first legislative reform of the public workforce system in more than 15 years. WIOA repeals the Workforce Investment Act of 1998 (WIOA). As a result, the WIOA regulations no longer reflect current law. Most provisions in WIOA take effect on July 1, 2015, the first full program year (PY) after enactment, new State plans and performance accountability system take effect July 1, 2016.

The intent of the Workforce Innovation and Opportunity Act (WIOA) with respect to youth formula funded programs is the focus of resources on the out-of-school youth (OSY) increasing the minimum percentage of funds to be spent to 75% **(FR&R-Section 681.410)**, major focus on providing youth with work experience opportunities spending a minimum of 20 % of local funds **(FR&R- Section 681.590)**. Under WIOA, work experience becomes the most important of the program elements. WIOA introduces five (5) new program elements: financial literacy; entrepreneurial skills training; services that provide labor market and employment information about in-demand industry sectors or occupations available in the local areas; activities that help youth prepare for transition to post-secondary education and training; and education offered concurrently with and in the same context as workforce preparation activities and training for specific occupation or occupational cluster. Rather than supporting separate categorical programs, the youth regulations are written to facilitate the provision of a menu of varied services that may be provided in combination or alone at different times during a youth's development. WIOA enhances the youth program design through increased emphasis on customer-focused services based on individual participant needs by incorporating career pathways as part of both the objective assessment and individual service strategy. The individual service strategy must directly link to one or more performance indicators. WIOA youth program includes effective connections to employers, including small employers, in in-demand industry sectors and occupations. This grant encourages and supports strong connections between youth program activities including the OneStop Center/System. The youth can learn early in their development how to access the services of the OneStop Center/System and continue to use those services as necessary throughout their working lives. **(FR&R- Section 681.410)**

- 2.2 According to Section 129(c) (1) of the Act the program design for youth activities and the Federal Register Part 681 Final Rules and Regulations framework of strategies, must incorporate these categories: **(FR&R- Section 681.420)**

- a. Intake/Orientation
- b. Eligibility
- c. Objective Assessment – **(WIOA Sec.129 (C) (1) (A))**
- d. Individual Service Strategy - **(WIOA Sec.129 (C) (1) (B) Identify career pathway directly link to one (1) or more (WIOA Sec.116 (b) (2) indicators of performance described in (A) (ii).**
- e. Case Management
- f. Supportive Services (if funding is available)
- g. Follow-Up (Retention)

The ISS plan should describe/identify activities, and supportive services the participant will receive to achieve those mutually agreed upon goals, objectives, and services. The ISS is a plan that should be used to track services to be delivered and/or coordinated by the program and should be regularly reviewed and updated as changes occur. The individualized service strategies (ISS) will be reviewed and documented with a case note every 90 days with the participant to verify that the youth is on target with his/her educational and employment goals. If a revision or significant change is necessary, another youth activity code 413 should be entered into the SCWOS System and a new plan signed by the participant and filed in the participant's hard file. **See Corrective Action Plan (Individual service Strategies - ISS) SCDEW Monitoring Report approved September 26, 2018.** (See WIOA Instruction Letter PY' 18-03 Individual Employment Plans 7/6/18 and Individual Employment Plans (IEP) Procedures for WIOA Title 1 Staff 7/10/18).

The ISS benchmarks will be used to measure progress and will be reviewed and updated by youth program staff to arrange for needed services, identify and address concerns as they arise, and document progress made during participation.

Regular personal contact between a case manager and the youth participant is essential. The frequency of the contact is based on an assessment of the participant's needs and ISS goals as they move through the process. At a minimum, bi-weekly contact must be made with each youth participant. More frequent contact may be needed in certain circumstances. 7.0 Documentation and Data Collection

As necessary, Eckerd Connects Workforce Development, Inc. acquires eligibility determination documentation directly from employers, vocational rehabilitation, welfare agencies, etc. Eligibility determination must be provided at each location. Applicants are not determined eligible until staff receives all required

documents and should not be enrolled until all documentation is verified. Eckerd Connects Workforce Development, Inc. is responsible for the completion, distribution, and maintenance of all required WIOA forms.

(See WIA Instruction Letter PY' 10-05 - File Management and Record Retention Policy).

7.1 WIOA Suitability Guidelines

The Career Coach will assess suitability by gathering critical information from the youth applicant face to face. The results/responses gathered would assist in determining suitability for WIOA services. Many applicants may be eligible for WIOA services but not appropriate/suitable for enrollment in which they would be referred to a partner/community agency. There is no limit on the number of times an applicant can apply for the WIOA program. **Note:** Career Coaches are reminded that WIOA is not an entitlement program and they are charged with the responsibility of enrolling applicants who are eligible, appropriate, and suitable for WIOA services.

7.2 Income Gathering

At certification, income information is gathered for the last six months. The six months income figure will then be doubled to determine annual income. The annual income will be compared to the 200% Lower Living Standard Income Level to determine Lower Living Standards.

7.3 Liability

If Eckerd Connects Workforce Development, Inc. discovers that an individual determined eligible who has been enrolled into an activity is in fact not eligible, he/she must notify the WorkLink WIOA Executive Director immediately so that appropriate action may be taken.

The participant's file is maintained in the office where the participant was certified. There is only one hard file for each participant. The file is to be kept for **four (4)** years after the 12 month follow-up procedures are completed. **(See WIOA Training and Employment Instruction Letter PY' 10-05 - File Management and Record Retention Policy).**

7.5 Oversight of Registration

The SC Department of Employment & Workforce (SCDEW) provides a system of internal oversight to ensure the accuracy of registration. SCDEW provides training and technical assistance to WIOA staff to ensure compliance with

eligibility requirements. SCDEW staff, as well as LWDA staff, conducts monitoring of the eligibility determination/enrollment/initial assessment/services provided.

- 7.6 In accordance with the Nontraditional Employment for Women (NEW) Act, the grantee is required to recruit women for nontraditional training programs and employment. Nontraditional Employment refers to:

"Occupations or fields of work for which individuals from the gender involved comprise less than 25% of the individuals employed in such occupation or field of work."

- 7.7 Eckerd Connects Workforce Development, Inc. may utilize a variety of methods of recruitment they deem appropriate and necessary to achieve the enrollment goals of the program. These methods may include public service announcements, publicity releases, community bulletin boards, local churches, civic organizations, and social service agencies, walk-in traffic referrals from other WIOA grantees and/or SC Work Centers, and any other methods deemed appropriate.

The objective of the WorkLink Workforce Development Area is to serve out of school youth or up to 20% of youth funds may be utilized for the **option to serve** eligible in-school youth or not more than 5% of youth served may be in-school youth "needing additional assistance" **(See 6.2 In-School Youth (5) (h)).**

8.0 COORDINATION OF RESOURCES

- 8.1 A key principle of the Workforce Innovation and Opportunity Act is the streamlining of services offered in the LWDA, including the co-location, coordination, and integration of activities, information and services. A critical element of this grant is the use of all available resources to support the participant's plan to move towards self-sufficiency. **It is the Grantee's responsibility to effectively arrange and coordinate resources.**

9.0 TRAINING REQUIREMENTS

- 9.1** Time and attendance sheets must be signed by the participant and instructor or activity supervisor. The time and attendance sheets shall be maintained in each participant's hard file in sequential order most current first and will be especially critical if the participant is receiving supportive services such as, childcare and/or transportation. The time and attendance sheets must be submitted to the grantee at least bi-weekly, be original, and be completed in ink, with alterations being initialed. At least once during the training period, the Career Coach/Program Manager shall audit time and attendance of each participant verifying the participant and instructor signatures. A photocopy of the original document is to be maintained in the participant's hard file. No cross outs or white outs will be allowed on the photocopy without the participant's signature.
- 9.2** Documents required for training: invoice, curriculum, time/attendance sheets, satisfactory progress (grades), class schedule, identify financial aid, and paid invoice. **(See Employment and Training Instruction Letter PY'11-06-Satisfactory Progress for WIA Youth Participants).**

10.0 COMPENSATION PAYMENTS

- 10.1** Eckerd Connects Workforce Development, Inc. program includes a unique incentive based structure called Skill Invoice. Skill Invoice are discussed with students up front and designed around the benchmarks of their ISS. The rationale for this system is that students have the opportunity to EARN an incentive by the attainment of goals they established with their Career Coach when designing their ISS. The Skill Invoice concept promotes pay for productivity and accountability the same as students will encounter when they enter the workplace. Incentive payments are permitted for recognition and achievement, and are directly tied to goals (ISS) of the youth participant including training activities, work experience, or follow-up. **Final Reg.-20 CFR 681.640.**

Earned Incentives are distributed during active phase and follow-up of the WIOA program along with following guidelines:

1. The youth provider coach will track incentives in a voucher system and pay participant incentive(s) earned in the form of a check.
2. The career coach has a signature log which participants sign upon receipt of their incentive(s) earned (in the form of a check).
3. The career coach enters the incentive activity code (which coincides with appropriate youth activity completed) into SCWOS to reflect date incentive is received by the participant which should match/align with the signature log in the case file.

See Corrective Action Plan (Incentives) SCDEW Monitoring Report approved September 26, 2018.

Any future changes to Skill Invoice must be approved by Youth Committee. **(See**

Attachment #1 and Revised WIOA Instruction Letter PY 18-07 – Youth Local Supportive Services Policy and Incentive Payment Guidelines – Youth).

10.2 Incentives under the WIOA youth program are permitted and allowable under WIOA, the incentives must be in compliance with the requirements in 2 CFR Part 200. This is not a change; under WIOA, incentives must have followed the Uniform Administrative Requirements at 29 CFR Parts 95 and 97 and the cost principles at 2 CFR Parts 220, 225, and 230. The Uniform Administrative Requirements were recently consolidated into 2 CFR Part 200. For example, under 2 CFR Part 200, Federal funds may not be spent on entertainment costs. Therefore, incentives may not include entertainment, such as movie or sporting event tickets or gift cards to movie theaters or other venues whose sole purpose is entertainment. Additionally, under 2 CFR Part 200, there are requirements related to internal controls to safeguard cash which also apply to safeguarding of gift cards, which are essentially cash. **(FR&R-Section 681.640, Public Law 113-128).**

PYC understands many of the needs of the youth population. As these participants' may not have adequate resources, we look to community linkages to assist each youth. One of the most important linkages we help put in place for every youth is knowledge of and registration with the SC Works Center where many community resources are co-located. This also brings other professionals into our network of support and opens the door for a variety of referral services. We feel that this strategy is the most effective in that it prevents duplication of services being provided in any area and helps to connect the youth to a system that can assist them in their adulthood.

Whether we have to coordinate a tour for our youth at a SC Works facility or if their staff can visit our classroom sites, we make certain every youth is offered opportunities to learn of all available SC Works resources. Certainly every youth have access to and will be made aware of the 211 community resources system as a guide to services and learn how to access needed services.

PART 1: INTRODUCTION

A. Purpose

The WorkLink Workforce Development Board (hereafter “WorkLink,” “WorkLink WDB,” and “WDB”), serving Anderson, Oconee, and Pickens Counties, is seeking proposals from organizations to operate, manage, and deliver Title I-B Adult and Dislocated Worker workforce development services, authorized and funded under the Workforce Innovation and Opportunity Act (WIOA) of 2014. Funding for this Request for Proposals (RFP) and any grant(s) awarded to selected bidders is subject to federal allocation amounts awarded to the local area. **Any significant changes made to this request for proposals will be posted to the following website:** <http://www.worklinkweb.com/welcome/request-for-proposals/>.

Workforce development minded organizations with or without previous experience as a service provider with WorkLink are encouraged to submit proposals; however, only proposals from organizations that can demonstrate that they have the ability to provide workforce development services within the WorkLink region will be accepted.

B. Disclaimer

President Barack Obama signed the Workforce Innovation and Opportunity Act (WIOA) into law on July 22, 2014. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. WIOA supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

All proposed services under this RFP must be delivered in accordance with WIOA rules and regulations, guidance from US Department of Labor (DOL), the State of South Carolina (hereafter “the State”), and policies set forth by the WorkLink WDB. This request for proposals, any bids submitted by bidders to this request, and any final grants negotiated with the selected bidder(s) as a result of this proposal is subject to final laws and regulations. Selected bidders must be willing to change their services and/or service delivery model at any time in order to come into compliance with those laws and regulations.

PART 2: BACKGROUND INFORMATION

A. Governing Authority

The WorkLink WDB was formed as a result of the Workforce Innovation and Opportunity Act (WIOA) of 2014. The County Council local elected officials (LEOs) and the WorkLink WDB work in partnership to set policy for the region and all eligible WIOA participants. The WorkLink WDB is appointed by the LEOs to serve as an oversight and policy-making body for federally-funded employment and training programs and workforce development services in Anderson, Oconee, and Pickens Counties of South Carolina. The WorkLink WDB is currently a 25-member board comprised of business leaders and representatives from education, economic development, social services, rehabilitative agencies, labor, and other community entities. The WDB currently has a staff of five (5) individuals that carry out the business of the Board including oversight and monitoring of the contracts awarded to outside entities.

For more information about WorkLink WDB, visit: www.worklinkweb.com.

1. **Mission and Vision** - WorkLink has adopted the following:
 - **Vision Statement** - To have a fully employed, skilled workforce.
 - **Mission Statement** – To develop the link between employers and the workforce.
 - **Core Purpose** - To improve the workforce and the quality of life in the tri-county region and to be the vehicle for workforce development in the tri-county region.
2. **Strategic Planning** (Attachment I “WorkLink 2015 Strategic Plan”) – The WorkLink WDB has adopted a five-year strategic plan, finalized in July 2015. Out of this plan came the WDB’s four main goals:
 - Improve the skill level of the workforce to meet the demands of business and industry.
 - Increase employer engagement in WDB and WDB Activities.
 - Build upon existing partnerships and collaborations between workforce system service providers to better integrate the workforce development system.
 - Increase and improve outreach to inform and promote the SC Works Centers services and activities pertaining to workforce development.

3. Board’s Roles and Responsibilities

The Board is responsible for the workforce development system throughout the tri-county area. This system must serve the needs of employers, job and training seekers, adults, welfare recipients transitioning to employment, and other priority populations (such as individuals with disabilities, Veterans, youth with barriers, long-term unemployed, ex-offenders, and homeless). The system must provide reliable and valid information so customers can make informed decisions about training and employment; connect customers to other service providers in the system and the community; help customers access diverse funding sources for training; and provide quality job matching services for the job seekers and employers.

More information about the responsibilities of the Local Workforce Development Board may be found at the following links:

- *Leadership and Governance Fact Sheet*

- *Local Board Responsibilities*
<https://ion.workforcegps.org/resources/2017/03/17/13/42/Understanding-Board-Requirements>

4. Administrative Entity

The South Carolina Appalachian Council of Governments (ACOG) is WorkLink's Administrative Entity and Fiscal Agent. All grants and contracts are entered into with the ACOG on behalf of the WorkLink WDB. If any changes occur with WorkLink's administrative entity, a new contract will be executed with the service provider for the remaining timeframe outlined in this proposal.

5. Local Considerations

From time to time, WorkLink will pursue grants that it believes supports the mission and the vision of the WDB. In these instances, the selected bidder may be asked to collaborate with these grants as needed and as allowable by WIOA rules and regulations.

WorkLink WDB transitioned its service delivery model in August 2013, and does not foresee any further changes to our service delivery model at this time. In the event that new SC Works Center locations are formed, the selected bidder must be willing to work with the WDB to arrange for additional service points and/or re-location of service points so that services to the community will not lapse.

6. State Considerations

The Trade Adjustment Act administered by SC Department of Employment and Workforce is a partner in the SC Works System. Requirements regarding services available and co-enrollment with WIOA change from time to time. All selected bidders will be required to follow DOL, State, and local guidance regarding co-enrollment of Trade eligible participants. Please note that there is a possibility that Trade participants may be required to co-enroll into WIOA programs. The selected bidder will be required to comply if this mandate occurs. For additional information, see DOLETA's website: <https://www.doleta.gov/tradeact/>.

7. Federal Considerations

On December 26, 2014, Department of Labor announced that the Office of Management and Budget (OMB) Circulars had been revised. A-133, A-87, and A-122 were combined into one OMB circular. All WIOA funding will be subject to the new OMB circular, 2 CFR 200. The selected bidder will need to be familiar with the new OMB circular, and should reference Training and Employment Guidance Letter (TEGL) 15-14, "Implementation of the New Uniform Guidance Regulations," for further information.

Veterans Priority of Service - Enacted on November 7, 2002, the Jobs for Veterans Act of 2002 (Public Law 107-288) has the overall objective of "revising and improving employment, training, and placement services furnished to veterans." One provision of the Act requires workforce development programs funded in whole or in part by the U.S. Department of Labor to provide priority of service to veterans and, under certain circumstances, spouses of veterans. The Workforce Innovation and Opportunity Act of 2014 and Wagner-Peyser (among other program partners) are subject to this law.

B. Workforce Landscape

For labor market information for the WorkLink area, please visit the Labor Market Info section of the SC Works Online Services website: <https://jobs.scworks.org/vosnet/Default.aspx>. The local area of WorkLink consists of Anderson, Oconee, and Pickens Counties of South Carolina.

PART 3: WORKFORCE INNOVATION AND OPPORTUNITY ACT AT-A-GLANCE

A. WIOA Guiding Principles

The Workforce Innovation and Opportunity Act (WIOA) is based on several guiding principles to be adopted by state and local workforce development systems:

Comprehensive SC Works Centers provide access to career and training services either on-site or through referral. Satellite SC Works Centers have some, but not all of the services available. Access Points are unmanned kiosk computer terminals made available throughout the community for job seekers.

The WorkLink Region has designated SC Works Centers currently located at:

Other locations (comprehensive, satellites, or access points sites) may be determined and/or approved by the Board. The selected bidder will be notified of any changes.

The selected bidder should plan to provide access to their respective program or activities through the SC Works delivery system, including making career and training service activities authorized by their programs available at the comprehensive and satellite SC Works. The selected bidder may propose additional WIOA program access locations as well.

The selected bidder shall develop, implement, and maintain WIOA Adult and Dislocated Worker services and/or programs consistent with WIOA regulations, South Carolina’s WIOA State Plan, the WorkLink SC Works system MOU, and State and local policy and procedures such as, but not limited to, the SC DEW Instruction Letters and WorkLink Instruction Letters. In carrying out the direct service requirements listed below, the selected bidder shall:

- ensure WIOA funds are charged to only those individuals determined to be WIOA eligible in accordance with WIOA law and regulations;
- develop and implement all WIOA-funded services consistent with the goals and objectives of the WIOA laws and regulations, the SC Works system and SC Works branding; and
- coordinate services to avoid duplication of services with SC Works partner agencies.

1. Outreach and Recruitment

The selected bidder is responsible for recruitment of adults and dislocated workers to participate in the WIOA program resulting from this RFP. The bidder must develop/outline a detailed outreach plan to recruit Adults and Dislocated Workers in accordance with eligibility requirements. The plan should identify and address outreach to priority populations. A variety of methods for outreach should be clearly identified and used in the plan. The selected bidder should expect to report out on recruitment and outreach efforts on a monthly basis.

Printed material and other written information for the program must be language accessible for WorkLink’s diverse population of jobseekers. Whenever feasible, language barriers should be removed so that all visitors to the Center feel welcome and can benefit from the experience. For more information on compliance, see the State Instruction Letter, “Equal Opportunity Is the Law Notice.”

2. **Enrollment and Eligibility Determination**

Selected bidders are responsible for enrollment of adult and dislocated worker participants in accordance with eligibility requirements.

Target Populations

- Adults, 18 years and older;
- Dislocated workers; and
- Priority for enrollment into WIOA career and/or training services must be given to recipients of public assistance and other low-income individuals where adult funds are limited, and to those that are basic-skills deficient as defined by WIOA laws and regulations.
- In addition to unemployed adults, employed adults can also receive services to obtain or retain employment that allows for self-sufficiency.

Local Priority: Enrollment into WIOA services offered in the WorkLink region are reserved for adults who live or work in Anderson, Oconee, and Pickens Counties, and dislocated workers who live or were dislocated from Anderson, Oconee, and Pickens Counties.

Participant Eligibility Determination

The selected bidder is responsible for determining eligibility on all applicants seeking WIOA Adult or Dislocated Worker Services.

Job seekers first must meet basic WIOA eligibility requirements for WIOA-funded services. To be eligible to participate in WIOA Title I services, adults, dislocated workers, and youth must meet the following:

i. Basic WIOA Eligibility Requirements

- be a U.S. citizen or non-citizen authorized to work in the United States; and
- meet Military Selective Service registration requirements (if applicable).

ii. Additional Adult Eligibility Requirements

Adults are required to meet the basic WIOA eligibility requirements, and be 18 years of age or older.

Service Priority for Individualized Career Services and Training Services

Individualized career services and training services must be given on a priority basis, regardless of funding levels, to:

- Veterans;
- Public assistance recipients;
- Low-income adults;
- Individuals who are basic skills deficient; and
- Other special populations defined by the WDB

Priority of service for Adults in South Carolina states that 70% or more of those served in the Adult funding stream must be low income, public assistance recipients, or basic skills deficient. Priority will be given first to Veterans and spouses and then to the general population. The remaining 30% is open to the general population, priority given first to Veterans and qualified spouses that are not low income, public assistance

recipients, or basic skills deficient, and then to the general population. For more information, see State Instruction Letter 15-17, Change 1.

iii. Additional Dislocated Worker Eligibility Requirements

Dislocated Workers are required to meet the basic WIOA eligibility requirements, and must meet the definition of a Dislocated Worker. **There is no specific age criterion for dislocated workers.**

Definition of Dislocated Worker

A dislocated worker is an individual who meets one of the following six criteria:

- i. The individual:
 - has been terminated or laid off, or has received a notice of termination or layoff, from employment;
 - is eligible for or has exhausted entitlement to unemployment compensation, or has been employed for a duration sufficient to demonstrate attachment to the workforce, but is not eligible for unemployment compensation due to insufficient earnings or having performed services for an employer that were not covered under a state's Unemployment Insurance law; and
 - Is unlikely to return to a previous industry or occupation.
- ii. The individual:
 - has been terminated or laid off, or has received a notice of termination or layoff, from employment as a result of any permanent closure of, or any substantial layoff at, a plant, facility, or enterprise;
 - is employed at a facility at which the employer has made a general announcement that such facility will close within 180 days; or
 - for purposes of eligibility to receive services other than training services, career services, or support services, is employed at a facility at which the employer has made a general announcement that such facility will close.
- iii. The individual was self-employed (including employment as a farmer, a rancher, or a fisherman) but is unemployed as a result of general economic conditions in the community in which the individual resides or because of natural disasters. This includes individuals working as independent contractors or consultants but not technically employees of a firm.
- iv. The individual is a displaced homemaker.
- v. The individual is the spouse of a member of the Armed Forces on active duty, and who has experienced a loss of employment as a direct result of relocation to accommodate a permanent change in duty station of such members; or is the spouse of a member of the Armed Forces on active duty and who is unemployed or underemployed and is experiencing difficulty in obtaining or upgrading employment.

iv. Youth Eligibility Requirements

In the event that an individual is determined not eligible for the Adult or Dislocated Worker program, the selected bidder will refer the applicant to the WIOA Youth Services provider or other appropriate partner agency.

Note: The customer is allowed to choose enrollment into any WIOA-funded program in which they have been determined eligible. The WorkLink WDB does not currently dual enroll in the Adult and Youth programs. If

dual enrollment were to be approved by the Board during the contract year (or applicable extensions) under this proposal, the selected bidder will be notified and expected to collaborate with the Youth Service Provider to maximize the use of funds.

Referrals to partners

A completed eligibility determination application may be considered for enrollment for no more than 90 days. When job seekers do not meet eligibility requirements for any WIOA-funded services, the selected bidder is responsible for referring them to alternate sources of funding through partner agencies.

3. Individualized Career Services

Individualized career services must be provided to participants after staff determines that such services are required to retain or obtain employment, consistent with any applicable statutory priorities. Generally, these services involve significant staff time and customization to each individual's need. Individualized career services include services such as: specialized assessments, developing an individual employment plan, counseling, work experiences (including transitional jobs), etc.

i. Assessment

The goal of an assessment is to identify skills, strengths, and deficiencies, and attitudes relating to vocational training, basic education, and employment. Assessments may be used for career discovery and specific job applications. It forms the basis for career services by measuring academic development, workplace skills, interests, job seeking and retention skills, financial situation, work readiness, employment and barriers, and ability to learn to do work tasks.

ii. Individual Employment Plan

The Individual Employment Plan (IEP) is developed based on the results of the completed comprehensive assessment. The Selected bidder shall develop individual employment plans for those participants in WIOA programs. These plans will be documented in the SCWOS case management system. Each customer receiving WIOA career services will jointly develop an IEP with the assistance of a case manager.

iii. Case Management

Case management is the provision of a client-centered approach in the delivery of services, designed:

- To prepare and coordinate comprehensive employment plans, such as service strategies, for participants to ensure access to necessary WIOA activities and supportive services, using, where feasible, computer-based technologies; and
- To provide job and career counseling during program participation and after job placement.

Case Managers should know the name, face, family, and life situation of each participant. They should have a detailed and working knowledge of other community services, community resources, and cultivate a wide network of contacts. Where progress is slow or in reverse, case managers should be pro-active in identifying the problem and solving it before the participant quits without achieving a recordable positive outcome.

iv. Soft Skills/Job Retention

The selected bidder is to evaluate and train job seekers on how to present themselves in a professional manner before and after they are hired. Therefore, an emphasis on pre-hire soft skills centered on appropriate dress,

interviewing skills, job application completion, and resume writing (and others as deemed appropriate) are necessary. Post-hire soft skills are the personal attributes needed to succeed in the workplace, such as communication skills, critical thinking, leadership, positive attitude, teamwork, conflict management, and work ethic, among others. Employers want employees who are able to effectively interact with others.

The selected bidder should address these skills in their interactions with WIOA participants. The selected bidder may coordinate with the One Stop Operator and On-the-Job Training service provider to provide these skills to participants; however, the selected bidder should assume responsibility for the participant's attainment of these skills, not relying solely on other providers and/or other partners. Therefore, a systematic approach to teaching and reviewing appropriate soft skills should be developed to last the length of the WIOA participation and throughout follow-up services.

v. *Participant Activity Codes/Participant Tracking*

Enter and maintain appropriate WIOA program activity codes in the SCWOS System in a timely manner.

Each case manager must know where participants are at all times during enrollment, participation in WIOA services, and in follow-up services. SCWOS does not allow case managers to customize detailed reports. Therefore, the bidder should be able to track data in a supplementary system or spreadsheet, and must be made available upon request to WorkLink staff, and as appropriate, to the OJT service provider for the purpose of placing participants in employment or OJT opportunities.

vi. *Job Placement*

Selected bidders are responsible for providing job leads, specific job development, and job matching to clients seeking employment. Job placement is defined as matching job seekers with employers after assessment. Every effort should be made to refer participants to the OJT service provider. The selected bidder will be expected to coordinate appropriate referrals to the OJT provider once they have completed necessary pre-hire type soft skills.

vii. *Other Allowable Services Under WIOA*

- Career Guidance/Planning/Counseling
- Adult Literacy or Basic Skills
- Short-term Pre-vocational Services
- Out-of-area Job Search Assistance
- Support Service-Relocation Assistance
- Internships
- Work Experience
- English as a Second Language
- Needs Related Payments

4. Training Services

The selected bidder is responsible for coordinating all training for participants in the WIOA program.

Under WIOA, training services may be provided if the SC Works Center staff, including partner programs' staff, determines after conducting an interview, an evaluation, or assessment, and career planning, that the individual:

- Is unlikely or unable to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment through career services alone;
- Is in need of training services to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment;
- Has the skills and qualifications to successfully participate in the selected program of training services;
- Is unable to obtain grant assistance from other sources to pay the costs of such training, including such sources as State-funded training funds or Federal Pell Grants established under title IV of the Higher Education Act of 1965, or requires WIOA assistance in addition to other sources of grant assistance, including Federal Pell Grants (20 CFR 680.230 and WIOA sec. 134(c)(3)(B) contain provisions relating to fund coordination.);
- Is a member of a worker group covered under a petition filed for Trade Adjustment Assistance (TAA) and is awaiting a determination. If the petition is certified, the worker may then transition to TAA approved training. If the petition is denied, the worker will continue training under WIOA;
- Is determined eligible in accordance with the State and local priority system in effect for adults under WIOA sec. 134(c)(3)(E) if training services are provided through the adult funding stream; and
- Selected a program of training services that is directly linked to the employment opportunities in the local area or the planning region, or in another area to which the individual is willing to commute or relocate.

WorkLink currently offers two types of training: On-the-Job and Classroom Training.

i. On-the-Job Training

On-the-Job Training (OJT) is one strategy for individuals to receive training funded through WIOA. The term "on-the-job training" means training by an employer that is provided to a paid participant while engaged in productive work in a job that:

- Provides knowledge or skills essential to the full and adequate performance of the job;
- Provides reimbursement to the employer for the costs associated with training the OJT trainee, which are usually calculated at half the pay rate for the agreed-upon training period; and
- Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience of the participant, and the individual employment plan of the participant, as appropriate.

OJT is a vehicle for individuals to build their skills and re-establish themselves in new fields. It also provides an incentive to employers to hire individuals and invest in their skill development. It is a very good option for job seekers who:

- Have run out of unemployment or need to earn a wage while learning an occupational skill;
- Are uncomfortable in a classroom setting;
- Prefer to learn by doing and can learn the skills necessary for the occupation more thoroughly on the job; and/or
- Need supervision as they learn specific skills for an occupation.

Employers providing an OJT can receive reimbursement for a portion of the hourly pay rate – typically up to 75%--which is considered payment for extraordinary costs to the employer associated with training a new employee. An agreement with the employer specifies the duration of training as well as the skills and competencies to be acquired by the participant. The length of the training period depends on the complexity of the job as well as the participant's skills and prior work experience. OJT provides an incentive to employers to hire individuals and invest in their skill development, and trainees can earn as they learn.

Under this RFP, the selected bidder will be responsible for coordinating with the OJT service provider to fill OJT Contract slots. This may include outreach to employers in the WorkLink region, placement of participants in OJT slots, and dissemination of information regarding open OJT slots to case managers and participants. The selected bidder is required to refer all WIOA participants that have the necessary pre-hire soft skills to the OJT service provider for possible placement in OJT slots.

ii. Classroom Training

a. Individual Training Accounts

Classroom training for individual adults and dislocated workers must be provided through Individual Training Accounts (ITA's), unless otherwise approved by the Board through a performance-based contract system.

The Selected bidder will manage the Individual Training Account (ITA) funds disbursements and balances in accordance to policies and procedures established by the WDB. The Selected bidder shall report obligations and encumbrances accurately across program years and across program fund streams. The selected bidder will establish relationships with training providers and with vendors to provide background checks, SLED checks, physicals, etc.

b. Industry Clusters/Career Pathways

WorkLink has identified four (4) in-demand, high-growth industry clusters for which WorkLink WIOA classroom training funds can be invested on behalf of participants. These industry sectors are: Administrative and Support and Waste Management and Remediation Services; Health Care and Social Assistance; Manufacturing; Professional, Scientific, and Technical Services; and two occupational exceptions: CDL truck driving and Heavy Equipment Operations. The selected bidder will implement career pathways into their career and training services.

c. Customer Choice

Customer choice is emphasized under WIOA where participants have freedom in making informed decisions about their ITA training/occupational goal. Participants are expected and required to take an active role in managing their employment future through the use of ITA's.

d. Eligible Training Provider List

WIOA funds for an ITA can only be paid for training programs that are listed on the South Carolina State Eligible Training Provider list (ETPL) and approved by the WorkLink WDB. ITA funds are paid directly to the training provider using a WIOA program operator's fiscal system for vouchers or purchase orders.

e. Training Cap

The State has issued a Training Cap per participant's lifetime to be \$14,000. WorkLink has further defined the Training Cap as not to exceed \$5,000 per program year, not to exceed \$10,000 in a lifetime.

Obligations and expenditures must be available at any time at the request of WorkLink, SC DEW or US DOL. The Selected bidder will use SCWOS to track the ITAs, obligations and expenditures as well as an internal method of capturing any data not reported by SCWOS.

f. Other allowable Training Services offered under WIOA may include:

- programs that combine workplace training with related instruction, which may include cooperative education programs
- training programs operated by the private sector
- skill upgrading and retraining
- entrepreneurial training
- transitional jobs
- job readiness training provided in combination with services described above
- adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with services described above (with the exception of transitional jobs training and job readiness training)
- customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training

iii. *Program/Case Closure*

The Selected bidder shall close individual cases in the SCWOS System in a timely manner when no further services are planned or identified on the IEP.

5. Supportive Services Coordination

Supportive services are those necessary to assist participants to be successful in achieving their goals. This may include transportation, childcare, work-related tools, clothing, housing, etc. To the extent possible, the adult and dislocated worker programs should address supportive service needs through leveraging existing resources and other partnerships before expending WIOA funds. Identified supportive service needs must be documented in an assessment and incorporated into the IEP.

The WorkLink WDB has currently capped supportive services at \$3,000 per participant per year.

6. Follow-Up Services/Job Retention Assistance

Adults and Dislocated Workers who have exited should receive follow-up services for a minimum of 12 months. The participant's exit date is the last date of a WIOA funded or partner service received (which excludes follow-up services). The goal for follow-up services is to measure return on investment. The data collected is reported to DOL via SCWOS. All performance measures data must be entered in a timely manner.

i. Retention

After job placement, case management staff is responsible for assisting WIOA participants and, if necessary, their respective employers with job retention. Job Retention assistance is intended to help customers placed into jobs from Career and Training Services overcome any problems that may arise during this critical period and to ensure further progress toward long-term employment and therefore self-sufficiency.

The bidder should design and implement a Job Retention assistance portion of their case management program. Job Retention begins before employment through workshops and education regarding soft skills (such as, but not limited to, teamwork and conflict management) and employer expectations, and concludes at the end of the follow-up period. A variety of means may be used: one-on-one counseling, seminars offered through the SC Works System, mentoring (if available), encouragement of skill attainment through occupational skills training, etc.

ii. Performance Measures

Effective follow-up services will help improve WIOA program performance. Participant follow-up activities should be designed to maximize the successful achievement of these measures.

7. File Maintenance And Documentation

A case file shall be maintained for each eligibility determination application (assigned a unique identification number). Appropriate documentation of all activities must be made available to WIOA monitors/auditors. *If the Selected bidder chooses, electronic files may be kept in lieu of a hard file. All arrangements for electronic files must be reviewed and approved by the WorkLink WDB prior to implementation.*

WIOA Participant records and fiscal documents should be kept for a minimum of 5 years.

8. Case Notes

A. Funding Available

Estimated Total Funding for WIOA Adult and Dislocated Worker services = \$724,000

Funding Considerations:

- Funding levels identified in this RFP are preliminary estimates and are used for planning purposes only. Total final contract amounts are subject to local allocations for PY19.
- WIOA allows for up to 100% transfer between Adult to Dislocated Worker funding. The Bidder may propose the desired funding split between Adults and DWs.

- The selected bidder will be expected to expend no less than 90% of their total budget each program year with the understanding that the 100% expenditure of the grant is the goal.
- 40% of all expended funds must be on direct customer services, such as training and supportive services.
- No large purchases may be made between July 1 and September 30 each program year.
- Caps for salary, fringe, insurance, fees, profit, and indirect costs may be negotiated and finalized during the grant award negotiations process.

D. Proposal Conditions

1. Contingencies

Funding for this program is contingent on state, federal, and local funding. This RFP does not commit WorkLink WDB or ACOG to award a contract. WorkLink WDB reserves the right to accept or reject any or all proposals if WorkLink WDB determines it is in the best interest of the LWDA to do so. WorkLink WDB will notify all bidders, in writing, if the WorkLink WDB rejects all proposals.

2. Modifications

WorkLink, at its discretion, may revise any part of this RFP. These revisions will become addendums to the RFP and will be posted on the WDB website.

3. Incurred Costs

This RFP does not commit WorkLink WDB to pay any costs incurred in the preparation of a response to this proposal request, and the bidder agrees that all costs incurred in developing this proposal are the bidder's responsibility.

4. Proposal Confidentiality

Bidders should be aware that proposals are subject to the Freedom of Information Act (FOIA). If any proposal contains trade secrets or other information, which is proprietary by law, the bidder must notify WorkLink WDB of its request to keep that information confidential. The request to keep proprietary information confidential must be made in writing and attached to the envelope or other medium used to submit the proposal. The confidential or proprietary information shall be readily separable from the response in order to facilitate eventual public inspection of the non-confidential portion of the response. In the event a public records request is made for information designated by the Bidder as confidential or proprietary, WorkLink will communicate with the Bidder.

5. Negotiations

WorkLink WDB may require the bidder(s) selected to participate in negotiations, and to submit revisions to pricing, technical information and/or other items from their proposal(s) as may result from these negotiations.

6. Level of Service

For any bidder awarded as a result of this RFP, no minimum or maximum number of referrals can be guaranteed by the WorkLink WDB.

If, in the course of the RFP process or in the administration of a resulting Contract, WorkLink WDB determines that the Contractor has made a material misstatement or misrepresentation, or that materially inaccurate information has been provided to the WorkLink WDB, the Contractor may be terminated from the RFP process; or in the event a contract has been awarded, the contract may be immediately terminated. In the event of a termination under this provision, WorkLink is entitled to pursue any available legal remedies.

8. Acceptance or Rejection of Proposals

Proposals shall remain open, valid and subject to acceptance anytime within one hundred eighty (180) days after the proposal opening and up to the end of the agreement period. WorkLink WDB reserves the right to reject any or all proposals. WorkLink WDB realizes that conditions other than price are important and will award contract(s) based on the proposal that best meets the needs of the WorkLink area. While cost may not be the primary factor in the evaluation process, it is an important factor.

9. Price Not Determinative

The WorkLink Workforce Development Board reserves the right to select such bidders which it deems appropriate and are not bound to accept any application based on price alone, further reserving the right to reject any and all applications if it is deemed to be in the Local Workforce Development Area's best interest. (See no. 7 below for further details.)

10. Formal Agreement

The selected bidder will be required to enter into a formal agreement with the ACOG and subsequently, WorkLink WDB. In submitting a response to this RFP, the Bidder will be deemed to have agreed to each term and condition mentioned in this RFP unless the proposal identifies an objection and WorkLink WDB agrees, in writing, to change the language objected to. All objections to any provisions of the final contract should be listed as an attachment called "Exceptions to RFP." The ACOG and/or WorkLink WDB are under no obligation to agree to any such proposed change(s).

Individuals or entities who do not reply with either an application or "Letter of Non-Reply" to the Contract/Grant Application Request will be removed from the Bidder's List, and must re-apply in writing to again be placed on the Bidders' List. A "Letter of Non-Reply" should include a request to remain on the Bidder's List or your agency will be removed.

3. RFP Response Package

Therefore, the bidder's application must follow the RFP format as closely as practicable. Failure to provide all the information requested by the RFP may result in the application being deemed Non-Responsive and thus eliminating it from funding consideration.

Attach standard program reports that the Bidder plans to use to communicate WIOA progress towards deliverables described in this RFP. If the Bidder chooses to use Board program reporting templates, please clearly state this in the RFP.
2. Selected bidders will also be required to report on financials, including ITA obligations, encumbrances, pending payments, and expenditures (in real-time, across program years). Attach the reports that will be available for Board and committee review if available; otherwise, describe in detail the format that will be used.

IV. Innovation – 10 Points

- A. Describe instances, projects or collaborative relationships in which your organization has led or worked closely with one or more WIOA system partners or other workforce and economic development entities on cooperative workforce development projects, programs or initiatives. For weaknesses, describe what was done to remedy the problem and improve the situation. Describe your referral process to partners, including partner agreements.
- B. Describe past innovation(s) that you have used in delivering similar types of services to similar types of populations as would be serviced through this RFP.
- C. Describe any future innovation(s) that you envision implementing should you be awarded a contract under this RFP. Describe how these innovations match WorkLink WDB priorities for jobseekers, industry sectors, and methods of service delivery. Describe how innovations would improve the effectiveness of workforce services delivered to jobseekers requesting assistance through the public SC Works system and ultimately to the benefit of employers.

V. Outreach – 5 Points

- A. Describe how you will conduct outreach in the WorkLink area, promoting WIOA program services. Give a timeline and detailed explanation of what methods would be used.
- B. Describe how you will ensure that target customer groups are aware of WIOA services. Include hard-to-reach communities and priority populations. Identify and describe the plan to engage those hard-to-serve communities and priority populations.
- C. Describe what relationships, partnerships, and community/group organizations are essential to your outreach plan.

VI. Budget -25 Points

- A. The WorkLink WDB will enter into contracts for services beginning July 1, 2019, and ending June 30, 2020. Please provide information for the duration of the funding period for:
 1. Amount of Funds Requested from the WorkLink WDB: \$_____
 2. Provide the Total Project Budget for proposed services: \$_____
 3. Total Matching Funds (if any) for proposed services: \$_____

- B. All bidders must complete and include the Program Budget Sheet (Form C) in their final submission. For applicants submitting as a partnership or consortium, with one agency serving as fiscal agent and partners serving as subcontractors, provide an additional Program Budget Sheet for each subcontractor. Provide a brief explanation of the subcontracting arrangement, as well as a budget breakdown.
- C. All bidders must also complete and include an estimated annual organization budget (clearly delineating the total funds requested) as an attachment.
- D. Provide a budget narrative to justify your organizational budget. The budget narrative is a representation of the overall fiscal capability of an organization. It must detail each item within every category for which funding is requested. The budget description must include how the project's proposed budget supports the stated objectives and activities in the project along with how funds are allocated to minimize administrative costs and support direct services to participants. The budget narrative should follow in the same order as the line items in an attachment of your organization's annual budget.
*All line item amounts will be assumed to be cost reimbursement, unless otherwise noted clearly in the program narrative by the bidder that the line item is performance based/fixed price; a schedule for payment and SMART goals should be detailed in the program narrative for the line item.

The narrative should describe the following:

1. **Personnel Costs:** Staff salaries and associated fringe benefits are necessary for direct service delivery. Personnel expenses do not include subcontracted professional services or staffing (these costs should be allocated to the direct expenses category). While staff performing administrative functions is allowable, positions that are fiscal, managerial or administrative in nature should be allocated to the Other Expenses category. Provide salary ranges for each position included in the budget. Provide cost of living and merit based increase methodologies and frequency for receipt. Describe how health care and other employee benefits will be calculated and billed.
2. **Operational Expenses:** Program costs that are necessary to the general operating and infrastructure costs to run the program, including building rental, facilities maintenance, utilities, phones, general consumable materials and supplies, Internet, insurance, audits and other costs related to supporting and maintaining organizational infrastructure. Professional services purchased from vendors (as opposed to subcontractors) are included in this category. Costs related to technology and equipment (computers, printers, fax machines, and office furniture) needed can be included as part of your budget and will be reviewed for cost effectiveness and reasonableness. Equipment leases should also be listed here.
3. **Direct Expenses:** Expenditures directly related to the program area. Possible costs include supplies and materials specifically used for the program, travel and conferences, and contractual services/consultant time, subsidized wages, and supportive services. Total training and supportive service costs should be greater or equal to 40% of the overall proposed budget amount. Include a detailed description and calculation of how you arrived at the number of participants that will be served in individualized career services, training services, and supportive services (cost per participant for the entirety of the grant).
4. **Other Expenses:** These costs are defined as costs of operations related, required, and incurred for official business in coordination of those functions under WIOA. Some examples include accounting, financial, procurement and purchasing, payroll, personnel management, resolution of findings, and general legal

services. This may include an indirect cost rate; however, if used this rate should include audit, payroll and other costs of program support such as general costs that cannot be directly identified as a cost to any specific program, but are equitably allocated to all the programs that the organization operates and therefore should not also be listed in infrastructure/operating costs category. Describe your indirect cost rate and how it is calculated.

5. **Criteria for Earning Profit** – Under Cost Reimbursement contracts, criteria for profit may be established by the LWDA and may be used to evaluate bidders request for payment of profit. Payment of profit to the selected bidder may be payable on a monthly, quarterly, mid-year, or end of year (closeout) basis. The bidder should propose criteria for profit and a schedule of payment as part of the budget narrative.

In order to earn profit allotted in the grantee's budget, the grantee must provide trackable data and reports in a manner that enables the LWDA to comply with requests and reporting requirements of SCDEW and USDOL and make timely payments to vendors and employers.

All criteria proposed must be Specific, Measurable, Achievable, Realistic and Timely (SMART goals). Profit margins shall not exceed ten percent (10%) of the Contract. Criteria for Profit will be reviewed and included in negotiating final contracts.

- E. Describe your organization's financial resources to cover disallowed costs or program over expenditures.
- F. WIOA funds are distributed through a process of drawdowns from DOL and then from the State to the ACOG. This process may be lengthy. How will your agency fiscally cover the time between expense and payment (typically 20 to 30 days)? How will your agency insure that no major purchases will be made between July 1 and October 1?
- G. Do you have a federally approved indirect cost rate? If yes, please provide a copy of the approval. Please refer to 2 CFR 200 for additional guidance.
- H. Describe any programmatic and/or fiscal monitoring findings. Provide a Certified Audit Financial Statement. The Audit statement must be based on a fiscal period not more than eighteen (18) months old at the time of submission, certified by an independent certified public accountant. Please share if the audit contains any exceptions or recommendations.
- I. The financial management description must provide the following information: This section must describe in detail the applicant's financial management system. Applicants must operate a system that satisfactorily accounts for and documents the receipt and disbursement of all workforce development funds. While a separate accounting system is not required, each selected provider must maintain financial records that adequately identify the source and application of all workforce development funds.
 1. Effective control and accountability over workforce development assets (funds, property, other workforce development assets) – Assure that the financial system will maintain effective control and accountability over all funds, property and other workforce development assets including the adequate safeguard of such assets.

2. System's capability of generating financial information – Assure that the system is capable of generating all financial information needed for required reports, including data needed to monitor, evaluate and if necessary, modify program performance.
3. Source documentation – Assure that accounting records are supported by source documentation for each transaction. Assure that records are traceable to documentation and maintained in such a manner as to provide a complete and accurate audit trail during any internal or external examination.
4. General Liability Insurance – Assure that all persons authorized to receive or deposit workforce development funds or authorized to issue financial documents, checks, or other instruments of payment for job training program costs will be bonded for protection against loss. Identify all positions that are authorized to receive or deposit workforce development funds, issue financial documents, checks or other instruments of payment for workforce development program costs. The individuals in these positions must be bonded in a minimum amount of the contract award. Identify the insuring agency, policy number, term of the bond, and the total dollar amount of the bonding coverage. Upon winning the award, the ACOG and WorkLink WDB must be named under your General Liability Insurance.
5. Record retention – Assure that all financial and program records, including any supporting documents, will be retained for at least five years from the date of the WDB's submission of close-out reports. Assure that if any litigation, claims or audits are begun prior to expiration of the five-year period that all records shall be retained until such litigation, claims or audits relating to the records have been resolved. Assure that records relating to non-expendable personal property that are authorized to be purchased with workforce development funds will be retained for at least five years after the final disposition of the property.
6. Cost allocation plan – Describe in detail any cost allocation plan utilized when costs are chargeable to more than one cost category, or to more than one program and/or funding source. Identify common costs. Applicants must follow the guidelines established in 2 CFR 200.
7. Invoices & reconciliation – Assure that the actual and accrued expenditures will be reported on invoices and that reconciliation between actual and accrued expenditures will be conducted on a payment-by-payment basis.
8. Generally accepted accounting principles – assure that the agency will utilize generally accepted accounting principles in order to account for and control all workforce development funds.
9. Program income and stand-in costs – Any program income received as a result of this contract must be reported to the WDB. Program income must be used prior to payment of any workforce development funds. Assure that any program income earned as a result of the contract for services will be used for job training purposes only. The use of program income against workforce development services must be documentable and traceable through the financial system. It must be reported as part of the invoice.
10. Procurement – In order to ensure fiscal accountability and prevent waste, fraud and abuse in programs administered under the Workforce Innovation and Opportunity Act, the applicant shall have a procurement system, which adequately provides, maximum, free, and open competition. To accomplish this, applicants must have a system which: 1) provides for full and open competition, 2) has written procedures for

procurement transactions, and 3) has a code of ethical standards, which adequately provide for the avoidance of any conflict of interest.

11. If the bidder has a line item for profit, explain in detail the profit percentage requested and how the profit was calculated (i.e. staff salary)

J. Funding under this proposal is limited; explain how you will use existing partners to supplement staff and participant needs not covered in the funding proposed. Explain your staff plan including partners and WIOA-funded staff.

PART 8: BUDGET AND PROGRAM PLANNING INSTRUCTIONS

Instructions for Completing Budget Forms

The **Budget Summary** is a summary of allowable cost objectives or categories by line item.

The **Staff Salaries, Fringe Benefit and Indirect Cost Worksheet** and the **Cost and Price Analysis Worksheet** (both included in Form C – Budget forms) present a detailed cost and price analysis of the individual allowable cost by line item and cost objectives/categories, as contained in the Budget Summary. The user of these forms should notice that the Budget Summary and the Cost and Price Analysis Worksheets are laid out in unison. With that point in mind, the Staff Salaries, Fringe Benefit, and Indirect Cost Worksheets, and the Cost and Price Analysis Worksheets should be completed first. The total of each appropriate line item should then be transferred to the corresponding line item on the Budget Summary. The worksheets are set up with formulas so that by filling in the yellow shaded cells, the lavender shaded cells should automatically fill in. The totals are set to fill in the Budget Summary page. If an error is detected in the worksheet formulas, please contact WorkLink to report the problem.

Bidders should fill-in appropriate lines of the Cost and Price Analysis Worksheets based on its projected personnel and non-personnel cost of operating its proposed WIOA project. One primary purpose of the Cost and Price Analysis Worksheets is to determine the bidder's projected cost and price in operating such WIOA project; therefore, it is imperative that each applicable line and/or blank be filled in completely. Where necessary, additional information must be attached as exhibit(s) to the extent that the basis for all cost is clearly and fully identified. All pages of the Cost and Price Analysis Worksheets should be completed and attached (including blank pages) to the Budget Summary.

The **Client Flow** and **Budget Flow** are projections of the participants to be served and funding to be spent throughout the year. Care should be taken in completing these forms. It is not anticipated that the same numbers of participants will be enrolled or that the same amounts will be spent each month.

Budget worksheet and customer flow sheets have been provided for your use. However, the bidder may choose to use a different format for the budget summary and/or customer flow sheet. The bidder must ensure that all cost categories and line items in Form C - Budget Summary are reflected in the bidder's proposed budget format. Please review the Budget Summary worksheet provided as an attachment for this RFP for specific cost categories and line items. The final budget template or format will be approved or modified during budget negotiations.

The customer flow sheet may be modified or a new format substituted as desired; however, a total yearly served goal should be clearly stated and defined. The following should be summarized: total anticipated new enrollments; total

anticipated numbers to be trained (if different from new enrollments) by type of training (occupational/OJT referrals/GED/Soft Skills), anticipated carryovers, and anticipated exits for the program year should be reflected. Benchmarks throughout the year may be set by the bidder; however, the total number negotiated with the WDB must be accomplished by June 30 of the contracted program year. A cost per participant analysis must be provided (mathematical computations must be accompanied by written explanation).

C. SELECTION

The selection process will be conducted by WDB Staff, WDB Board members, and as appropriate, outside experts on WDB activities, utilizing a fair and objective process and adhering to federal, state and ACOG procurement policy. The WorkLink WDB will make the final decision.

3. Proposal Review Process

The proposal review process includes two distinct reviews:

1. **Technical Review:** Following receipt, all proposals will undergo a technical review by WorkLink WDB staff to determine that the proposal is properly formatted and includes all of the required sections, signatures, and related forms/attachments requested in this RFP (Form A: Proposal Checklist).

Those proposals passing the technical review will be forwarded to the Selection Committee for evaluation. Those proposals that fail the technical review will be forwarded to the Selection Committee for final confirmation of non-responsiveness.

2. **Programmatic Review/Evaluation:** A Selection Committee (also called an ad hoc RFP Committee of the Board) comprised of WorkLink Board members with direct knowledge and experience of issues facing WorkLink's target customers will comprise the Selection Committee and provide an objective review and assessment of proposals. Proposals selected for funding will be scored and ranked based upon the evaluation criteria outlined in the RFP. Priority may be given to those proposals that illustrate innovation in delivering the most comprehensive and broadest range of services for a reasonable cost while complying with established guidelines for achieving required performance measurements.

WorkLink staff will compile funding recommendations based upon the outcome of the Selection Committee, and will forward recommendations to the WDB for final approval.

4. *Contract Negotiations*

The completion of this evaluation process will result in the bidders being numerically ranked. The bidder ranked first will be invited to participate in contract negotiations. If negotiations between the WDB and the first ranked bidder do not result in an agreement as to the contract terms within a reasonable timeframe, the WDB may terminate the negotiations and begin negotiations with the bidder that is next in line, and proceed down the list as necessary until an agreement is reached or the list is exhausted.

The contract amount (including reimbursables) shall be a "not to exceed amount," to be established based upon a mutually agreeable Scope of Services and budget.

5. *Contract Award*

Upon authorization to award the contract by the Board and completion of necessary documents, the WDB will issue a Notice to proceed to the selected bidder.

The selected bidder and its other members will be required to maintain auditable records, documents, and papers for inspection by authorized local, state and federal representatives. Therefore, the bidder and its other members may be required to undergo an evaluation to demonstrate that the bidder uses recognized accounting and financial procedures.

All contracts and terms will be negotiated prior to execution of a grant. Criteria for Profit may apply.

Per 2 CFR 200 procurement guidance, WorkLink WDB has the option to extend a contract with a Service Provider pending the following caveats are met:

- The grant should not exceed 4 total years.
- The grantee must meet or exceed performance.

- The administrative entity and the grantee must negotiate each budget year.
- The administrative entity will issue performance measures each year after negotiate with the State.
- These conditions may change pending further guidance from the State or from USDOL.

D. APPEALS PROCESS AND PROCEDURES

Any bidder who has submitted a proposal may appeal an award announcement. The process for appealing an award is as follows:

All appeals must be submitted in writing to the WDB within fifteen (15) working days of the award announcements addressed to Stephanie Collins, Board Chair (c/o: Trent Acker, SC Works Clemson, 1376 Tiger Blvd, Suite 102, Clemson, SC 29631), to review to determine merit.

In order for an appeal to be found to have merit, it must show that any substantial portion of the RFP process or a federal or state law was violated. Only appeals that cite the specific section(s) of the RFP and/or specific statutes that have been violated will be considered.

Appeals will not be accepted for any reasons other than those stated above. Appeals received after the established deadline will not be accepted. Appeals may not dispute a particular score or funding level received by the petitioning bidder, or the scores assigned to a competing bidder.

If an appeal is found to have merit, it will be evaluated by the Executive Committee of the WDB. Following the Executive Committee's evaluation, the appeal will be brought to the full WDB for review. The decision made by the WDB and approved by the County Council, where applicable, will be final.

PART 1: INTRODUCTION

A. Purpose

The WorkLink Workforce Development Board (hereafter “WorkLink,” “WorkLink WDB,” and “WDB”), serving Anderson, Oconee, and Pickens Counties, is seeking proposals from organizations to operate and manage the SC Works Centers, authorized and funded under the Workforce Innovation and Opportunity Act (hereafter “WIOA”) of 2014. Funding for this Request for Proposals (RFP) and any grant(s) awarded to successful bidders is subject to federal allocation amounts awarded to the local area. **Any significant changes made to this request for proposals will be posted to the following website:** <http://www.worklinkweb.com/welcome/request-for-proposals/>.

Workforce development minded organizations with or without previous experience as a service provider with WorkLink are encouraged to submit proposals; however, only proposals from organizations that can demonstrate that they have the ability to provide workforce development services within the WorkLink region will be accepted.

B. Disclaimer

President Barack Obama signed the Workforce Innovation and Opportunity Act (WIOA) into law on July 22, 2014. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. WIOA supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

All proposed services under this RFP must be delivered in accordance with WIOA rules and regulations, guidance from US Department of Labor (hereafter “DOL”), the State of South Carolina (hereafter “the State”), and policies set forth by the WorkLink WDB. This request for proposals, any bids submitted by bidders to this request, and any final grants negotiated with the successful bidder(s) as a result of this proposal is subject to final laws and regulations. Successful bidders must be willing to change their services and/or service delivery model at any time in order to come into compliance with those laws and regulations.

PART 2: BACKGROUND INFORMATION

A. Governing Authority

The WorkLink WDB was formed as a result of the Workforce Innovation and Opportunity Act (WIOA) of 2014. The County Council local elected officials (LEOs) and the WorkLink WDB work in partnership to set policy for the region and all eligible WIOA participants. The WorkLink WDB is appointed by the LEOs to serve as an oversight and policy-making body for federally-funded employment and training programs and workforce development services in Anderson, Oconee, and Pickens Counties of South Carolina. The WorkLink WDB is currently a 25-member board comprised of business leaders and representatives from education, economic development, social services, rehabilitative agencies, labor, and other community entities. The WDB currently has a staff of five (5) individuals that carry out the business of the Board including oversight and monitoring of the contracts awarded to outside entities.

For more information about WorkLink WDB, visit: www.worklinkweb.com.

1. Mission and Vision - WorkLink has adopted the following:

- **Vision Statement** - To have a fully employed, skilled workforce.
- **Mission Statement** – To develop the link between employers and the workforce.
- **Core Purpose** - To improve the workforce and the quality of life in the tri-county region and to be the vehicle for workforce development in the tri-county region.

2. Strategic Planning (Attachment I “WorkLink 2015 Strategic Plan”) – The WorkLink WDB has adopted a five-year strategic plan, finalized in July 2015. Out of this plan came the WDB’s four main goals:

- Improve the skill level of the workforce to meet the demands of business and industry.
- Increase employer engagement in WDB and WDB Activities.
- Build upon existing partnerships and collaborations between workforce system service providers to better integrate the workforce development system.
- Increase and improve outreach to inform and promote the SC Works Centers services and activities pertaining to workforce development.

3. Board’s Roles and Responsibilities

The Board is responsible for the workforce development system throughout the tri-county area. This system must serve the needs of employers, job and training seekers, adults, welfare recipients transitioning to employment, and other priority populations. The system must provide reliable and valid information so customers can make informed decisions about training and employment; connect customers to other service providers in the system and the community; help customers access diverse funding sources for training; and provide quality job matching services for the job seekers and employers.

More information about the responsibilities of the Local Workforce Development Board may be found at the following links:

4. Administrative Entity

The South Carolina Appalachian Council of Governments (ACOG) is WorkLink's Administrative Entity and Fiscal Agent. All grants and contracts are entered into with the ACOG on behalf of the WorkLink WDB. If any changes occur with WorkLink's administrative entity, a new contract will be executed with the service provider for the remaining timeframe outlined in this proposal.

5. Local Considerations

From time to time, WorkLink will pursue grants that it believes supports the mission and the vision of the WDB. In these instances, the successful bidder may be asked to collaborate with these grants as needed and as allowable by WIOA rules and regulations.

WorkLink WDB transitioned its service delivery model in August 2013, and does not foresee any further changes to our service delivery model at this time. In the event that new SC Works Center locations are formed, the successful bidder must be willing to work with the WDB to arrange for additional service points and/or re-location of service points so that services to the community will not lapse.

6. State Considerations

The Trade Adjustment Act administered by SC Department of Employment and Workforce is a partner in the SC Works System. Requirements regarding services available and co-enrollment with WIOA change from time to time. All successful bidders will be required to follow DOL, State, and local guidance regarding co-enrollment of Trade eligible participants. Please note that there is a possibility that Trade participants may be required to co-enroll into WIOA programs. The successful bidder will be required to comply if this mandate occurs.

7. Federal Considerations

On December 26, 2014, Department of Labor announced that the OMB Circulars had been revised. A-133, A-87, and A-122 were combined into one OMB circular. All WIOA funding will be subject to the new OMB circular, 2 CFR 200. The successful bidder will need to be familiar with the new OMB circular, and should reference TEGL 15-14, "Implementation of the New Uniform Guidance Regulations," for further information.

Veterans Priority of Service - Enacted on November 7, 2002, the Jobs for Veterans Act of 2002 (Public Law 107-288) has the overall objective of "revising and improving employment, training, and placement services furnished to veterans." One provision of the Act requires workforce development programs funded in whole or in part by the U.S. Department of Labor to provide priority of service to veterans and, under certain circumstances, spouses of veterans. The Workforce Innovation and Opportunity Act of 2014 and Wagner-Peyser (among other program partners) are subject to this law.

B. Workforce Landscape

For labor market information for the WorkLink area, please visit the Labor Market Info section of the SC Works Online Services website: <https://jobs.scworks.org/vosnet/Default.aspx>. The local area of WorkLink consists of Anderson, Oconee, and Pickens Counties of South Carolina.

PART 3: WORKFORCE INNOVATION AND OPPORTUNITY ACT AT-A-GLANCE

A. WIOA Guiding Principles

The Workforce Innovation and Opportunity Act (WIOA) is based on several guiding principles to be adopted by state and local workforce development systems:

- (3) Improve the quality and labor market relevance of workforce investment, education, and economic development efforts.
- (4) Promote improvement in the structure of and delivery of services.
- (5) Increase the prosperity of workers and employers.
- (6) Improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet the skill requirements of employers, and enhance the productivity and competitiveness of the nation.

Each Access Point has a WorkLink computer with internet access available for job seeking services. WorkLink has created a web portal that brings all these services together for the jobseeker in one convenient location. This web portal will track customer usage.

The Operator will be responsible for establishing Access Points across the region as appropriate and maintaining current Access Points. The Operator must execute a Memorandum of Agreement with each Access Point agency/organization.

The Operator will determine maintenance and replacement of equipment associated with Access Points.

The WDB maintains a website (www.worklinkweb.com) to allow customer’s access to SC Works and Business Services information 24 hours a day.

Printed material and other written information at the Center must be language accessible for WorkLink’s diverse population of jobseekers. Whenever feasible, language barriers should be removed so that all visitors to the Center feel welcome and can benefit from the experience.

The Operator will establish and maintain a Limited English Proficiency Plan, including services for individuals with a hearing impairment. The Operator will be required to train all staff on how to use the Limited English Proficiency plan.

11. Special Grants and Outside Sources of Funding

The SC Works Operator will assist in developing a cost allocation plan for the SC Works system operations, and will support the incorporation of resource development and fund diversification into the SC Works system. PART 8: BUDGET AND PROGRAM PLANNING INSTRUCTIONS

Instructions for Completing Budget Forms

The **Budget Summary** is a summary of allowable cost objectives or categories by line item.

The **Staff Salaries, Fringe Benefit and Indirect Cost Worksheet** and the **Cost and Price Analysis Worksheet** (both included in Form C – Budget forms) present a detailed cost and price analysis of the individual allowable cost by line item and cost objectives/categories, as contained in the Budget Summary. The user of these forms should notice that the Budget Summary and the Cost and Price Analysis Worksheets are laid out in unison. With that point in mind, the Staff Salaries, Fringe Benefit and Indirect Cost Worksheet and the Cost and Price Analysis Worksheet should be completed first. The total of each appropriate line item should then be transferred to the corresponding line item on the Budget Summary. The worksheets are set up with formulas so that by filling in the yellow shaded cells, the lavender shaded cells should automatically fill in. The totals are set to fill in the Budget Summary page. If an error is detected in the worksheet formulas, please contact WorkLink to report the problem.

Bidders should fill-in appropriate lines of the Cost and Price Analysis Worksheets based on its projected personnel and non-personnel cost of operating its proposed WIOA project. One primary purpose of the Cost and Price Analysis Worksheets is to determine the Bidder's projected cost and price in operating such WIOA project; therefore, it is imperative that each applicable line and/or blank be filled in completely. Where necessary, additional information must be attached as exhibit(s) to the extent that the basis for all cost is clearly and fully identified. All pages of the Cost and Price Analysis Worksheets should be completed and attached (including blank pages) to the Budget Summary.

The **Client Flow** and **Budget Flow** are projections of the participants to be served and funding to be spent throughout the year. Care should be taken in completing these forms. It is not anticipated that the same numbers of participants will be enrolled or that the same amounts will be spent each month.

Budget worksheet and customer flow sheets have been provided for your use. However, the bidder may choose to use a different format for the budget summary and/or customer flow sheet. The bidder must ensure that all cost categories and line items in Form C - Budget Summary are reflected in the bidder's proposed budget format. Please review the Budget Summary worksheet provided as an attachment for this RFP for specific cost categories and line items. The final budget template or format will be approved or modified during budget negotiations.

i. *Proposal Review Process*

The proposal review process includes two distinct reviews:

1. **Technical Review:** Following receipt, all proposals will undergo a technical review by WorkLink WDB staff to determine that the proposal is properly formatted and includes all of the required sections, signatures, and related forms/attachments requested in this RFP (Form A: Proposal Checklist).

Those proposals passing the technical review will be forwarded to the Selection Committee for evaluation. Those proposals that fail the technical review will be forwarded to the Selection Committee for final confirmation of non-responsiveness.

2. **Programmatic Review/Evaluation:** A Selection Committee (also called an ad hoc RFP Committee of the Board) comprised of WorkLink Board members with direct knowledge and experience of issues facing WorkLink's target customers will comprise the Selection Committee and provide an objective review and

assessment of proposals. Proposals selected for funding will be scored and ranked based upon the evaluation criteria outlined in the RFP. Priority may be given to those proposals that illustrate innovation in delivering the most comprehensive and broadest range of services for a reasonable cost while complying with established guidelines for achieving required performance measurements.

WorkLink staff will compile funding recommendations based upon the outcome of the Selection Committee, and will forward recommendations to the WDB for final approval.

ii. *Contract Negotiations*

The completion of this evaluation process will result in the bidders being numerically ranked. The bidder ranked first will be invited to participate in contract negotiations. If negotiations between the WDB and the first ranked bidder do not result in an agreement as to the contract terms within a reasonable timeframe, the WDB may terminate the negotiations and begin negotiations with the bidder that is next in line, and proceed down the list as necessary until an agreement is reached or the list is exhausted.

The contract amount (including reimbursables) shall be a “not to exceed amount,” to be established based upon a mutually agreeable Scope of Services and budget.

iii. *Contract Award*

Upon authorization to award the contract by the Board and completion of necessary documents, the WDB will issue a Notice to proceed to the successful bidder.

The selected bidder and its other members will be required to maintain auditable records, documents, and papers for inspection by authorized local, state and federal representatives. Therefore, the bidder and its other members may be required to undergo an evaluation to demonstrate that the bidder uses recognized accounting and financial procedures.

All contracts and terms will be negotiated prior to execution of a grant. Criteria for Profit may apply.

Per 2 CFR 200 procurement guidance, WorkLink WDB has the option to extend a contract with a Service Provider pending the following caveats are met:

- The grant should not exceed 4 total years.
- The grantee must meet or exceed performance.
- The administrative entity and the grantee must negotiate each budget year.
- The administrative entity will issue performance measures each year after negotiate with the State.
- These conditions may change pending further guidance from the State or from USDOL.

D. APPEALS PROCESS AND PROCEDURES

Any bidder who has submitted a proposal may appeal an award announcement. The process for appealing an award is as follows:

All appeals must be submitted in writing to the WDB within fifteen (15) working days of the award announcements addressed to Stephanie Collins, Board Chair (c/o: Trent Acker, SC Works Clemson, 1376 Tiger Blvd, Suite 102, Clemson, SC 29631) to review to determine merit. In order for an appeal to be found to have

merit, it must show that any substantial portion of the RFP process or a federal or state law was violated. Only appeals that cite the specific section(s) of the RFP or specific statutes that have been violated will be considered.

Appeals will not be accepted for any reasons other than those stated above. Appeals received after the established deadline will not be accepted. Appeals may not dispute a particular score or funding level received by the petitioning bidder, or the scores assigned to a competing bidder.

If an appeal is found to have merit, it will be evaluated by the Executive Committee of the WDB. Following the Executive Committee's evaluation, the appeal will be brought to the full WDB for review. The decision made by the WDB and approved by the County Council, where applicable, will be final.

PART 1: INTRODUCTION

A. Purpose

The WorkLink Workforce Development Board (hereafter “WorkLink,” “WorkLink WDB,” and “WDB”), serving Anderson, Oconee, and Pickens Counties, is seeking proposals from organizations to coordinate On-the-Job Training Services, authorized and funded under the Workforce Innovation and Opportunity Act (hereafter “WIOA”) of 2014. Funding for this Request for Proposals (RFP) and any grant(s) awarded to successful bidders is subject to federal allocation amounts awarded to the local area. **Any significant changes made to this request for proposals will be posted to the following website:** <http://www.worklinkweb.com/welcome/request-for-proposals/>.

Workforce development minded organizations with or without previous experience as a service provider with WorkLink are encouraged to submit proposals; however, only proposals from organizations that can demonstrate that they have the ability to provide workforce development services within the WorkLink region will be accepted.

B. Disclaimer

President Barack Obama signed the Workforce Innovation and Opportunity Act (WIOA) into law on July 22, 2014. WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy. WIOA supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

All proposed services under this RFP must be delivered in accordance with WIOA rules and regulations, guidance from US Department of Labor (hereafter “DOL”), the State of South Carolina (hereafter “the State”), and policies set forth by the WorkLink WDB. This request for proposals, any bids submitted by bidders to this request, and any final grants negotiated with the successful bidder(s) as a result of this proposal is subject to final laws and regulations. Successful bidders must be willing to change their services and/or service delivery model at any time in order to come into compliance with those laws and regulations.

PART 2: BACKGROUND INFORMATION

A. Governing Authority

The WorkLink WDB was formed as a result of the Workforce Innovation and Opportunity Act (WIOA) of 2014. The County Council local elected officials (LEOs) and the WorkLink WDB work in partnership to set policy for the region and all eligible WIOA participants. The WorkLink WDB is appointed by the LEOs to serve as an oversight and policy-making body for federally-funded employment and training programs and workforce development services in Anderson, Oconee, and Pickens Counties of South Carolina. The WorkLink WDB is currently a 25-member board comprised of business leaders and representatives from education, economic development, social services, rehabilitative agencies, labor, and other community entities. The WDB currently has a staff of five (5) individuals that carry out the business of the Board including oversight and monitoring of the contracts awarded to outside entities.

For more information about WorkLink WDB, visit: www.worklinkweb.com.

1. Mission and Vision - WorkLink has adopted the following:

- **Vision Statement** - To have a fully employed, skilled workforce.
- **Mission Statement** – To develop the link between employers and the workforce.
- **Core Purpose** - To improve the workforce and the quality of life in the tri-county region and to be the vehicle for workforce development in the tri-county region.

2. Strategic Planning (Attachment I “WorkLink 2015 Strategic Plan”) – The WorkLink WDB has adopted a five-year strategic plan, finalized in July 2015. Out of this plan came the WDB’s four main goals:

- Improve the skill level of the workforce to meet the demands of business and industry.
- Increase employer engagement in WDB and WDB Activities.
- Build upon existing partnerships and collaborations between workforce system service providers to better integrate the workforce development system.
- Increase and improve outreach to inform and promote the SC Works Centers services and activities pertaining to workforce development.

3. Board’s Roles and Responsibilities

The Board is responsible for the workforce development system throughout the tri-county area. This system must serve the needs of employers, job and training seekers, adults, welfare recipients transitioning to employment, and other priority populations. The system must provide reliable and valid information so customers can make informed decisions about training and employment; connect customers to other service providers in the system and the community; help customers access diverse funding sources for training; and provide quality job matching services for the job seekers and employers.

More information about the responsibilities of the Local Workforce Development Board may be found at the following links:

- *Leadership and Governance Fact Sheet*

- *Local Board Responsibilities*
<https://ion.workforcegps.org/resources/2017/03/17/13/42/Understanding-Board-Requirements>

4. Administrative Entity

The South Carolina Appalachian Council of Governments (ACOG) is WorkLink's Administrative Entity and Fiscal Agent. All grants and contracts are entered into with the ACOG on behalf of the WorkLink WDB. If any changes occur with WorkLink's administrative entity, a new contract will be executed with the service provider for the remaining timeframe outlined in this proposal.

5. Local Considerations

From time to time, WorkLink will pursue grants that it believes supports the mission and the vision of the WDB. In these instances, the successful bidder may be asked to collaborate with these grants as needed and as allowable by WIOA rules and regulations.

WorkLink WDB transitioned its service delivery model in August 2013, and does not foresee any further changes to our service delivery model at this time. In the event that new SC Works Center locations are formed, the successful bidder must be willing to work with the WDB to arrange for additional service points and/or re-location of service points so that services to the community will not lapse.

6. State Considerations

The Trade Adjustment Act administered by SC Department of Employment and Workforce is a partner in the SC Works System. Requirements regarding services available and co-enrollment with WIOA change from time to time. All successful bidders will be required to follow DOL, State, and local guidance regarding co-enrollment of Trade eligible participants. Please note that there is a possibility that Trade participants may be required to co-enroll into WIOA programs. The successful bidder will be required to comply if this mandate occurs.

7. Federal Considerations

On December 26, 2014, Department of Labor announced that the OMB Circulars had been revised. A-133, A-87, and A-122 were combined into one OMB circular. All WIOA funding will be subject to the new OMB circular, 2 CFR 200. The successful bidder will need to be familiar with the new OMB circular, and should reference TEGL 15-14, "Implementation of the New Uniform Guidance Regulations," for further information.

Veterans Priority of Service - Enacted on November 7, 2002, the Jobs for Veterans Act of 2002 (Public Law 107-288) has the overall objective of "revising and improving employment, training, and placement services furnished to veterans." One provision of the Act requires workforce development programs funded in whole or in part by the U.S. Department of Labor to provide priority of service to veterans and, under certain circumstances, spouses of veterans. The Workforce Innovation and Opportunity Act of 2014 and Wagner-Peyser (among other program partners) are subject to this law.

B. Workforce Landscape

For labor market information for the WorkLink area, please visit the Labor Market Info section of the SC Works Online Services website: <https://jobs.scworks.org/vosnet/Default.aspx>. The local area of WorkLink consists of Anderson, Oconee, and Pickens Counties of South Carolina.

PART 3: WORKFORCE INNOVATION AND OPPORTUNITY ACT AT-A-GLANCE

A. WIOA Guiding Principles

The Workforce Innovation and Opportunity Act (WIOA) is based on several guiding principles to be adopted by state and local workforce development systems:

Comprehensive SC Works Centers provide access to all the services described above either on-site or through referral. Satellite SC Works Centers have some, but not all of the services available. Access Points are unmanned kiosk computer terminals made available throughout the community for job seekers.

The WorkLink Region has designated SC Works Centers currently located at:

*These levels are subject to change each program year.

The selected bidder will be required to provide follow-up services to WIOA participants for all four quarters. In addition to these measures, the WorkLink Workforce Development Board requires that the selected bidder maintain a minimum overall “Satisfactory” customer service satisfaction rating from job seekers and employers.

5. **Definition of Terms** – For definitions for any terms under this RFP, reference Section 1(b)3 of the Workforce and Innovation Opportunity Act of 2014. Further clarification can be requested as part of the Technical RFP Questions answered at the Bidder’s Conference seen in Part 6 (D) of this RFP.

PART 4: SCOPE OF SERVICES AND OPERATIONS

WorkLink currently offers two types of training: On-the-Job Training and Classroom Training. Under this RFP, the Selected Bidder will be responsible for developing, implementing, and maintaining a WIOA On-the-Job Training Coordination program.

A. On-the-Job Training Coordination Services

On-the-Job Training (OJT) is one strategy for individuals to receive training funded through WIOA. The term “on-the-job training” means training by an employer that is provided to a paid participant while engaged in productive work in a job that:

- Provides knowledge or skills essential to the full and adequate performance of the job;
- Provides reimbursement to the employer for the costs associated with training the OJT trainee, which are usually calculated at half the pay rate for the agreed-upon training period; and
- Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, the prior work experience of the participant, and the individual employment plan of the participant, as appropriate.

OJT is a vehicle for individuals to build their skills and re-establish themselves in new fields. It also provides an incentive to employers to hire individuals and invest in their skill development. It is a very good option for job seekers who:

- Have run out of unemployment or need to earn a wage while learning an occupational skill;
- Are uncomfortable in a classroom setting;
- Prefer to learn by doing and can learn the skills necessary for the occupation more thoroughly on the job; and/or
- Need supervision as they learn specific skills for an occupation.

Employers providing an OJT can receive reimbursement for a portion of the hourly pay rate – typically 50% to 75% - which is considered payment for extraordinary costs to the employer associated with training a new employee. An agreement with the employer specifies the duration of training as well as the skills and competencies to be acquired by the participant. The length of the training period depends on the complexity of the job as well as the participant’s

skills and prior work experience. OJT provides an incentive to employers to hire individuals and invest in their skill development, and trainees can earn as they learn.

The scope of services required for the WIOA On-the-Job Training Coordination services will include, but are not limited to:

1. Employer Services

The selected bidder will participate in WorkLink and SC Works employer initiatives and strategic plan goals, and will play an active role in the community job fair that WorkLink coordinates each year. The selected bidder will participate in the Business Services Integration Team, representing the SC Works system in the employer community and acting as a connector for employers to relevant business resources. The selected bidder will support and participate in hiring events and job fairs in the WorkLink region.

2. Outreach

The selected bidder will use all mandated brochures developed by the WDB or the State. The selected bidder will be responsible for developing an outreach plan that should include development of brochures (in addition to, but not duplicative of WDB or State mandated brochures), PowerPoint presentations, community based print and radio ads, and if appropriate, website information detailing business offerings and an overall strategy for announcing the resources of the On-the-Job Training Coordination program. All materials produced and published must be approved and shared with the WDB staff.

The selected bidder should have a coordinated outreach plan in order to recruit employers for the OJT program. The selected bidder will be required to collaborate with the WIOA Adult/Dislocated Worker program to recruit and place WIOA eligible individuals in an OJT contract. The WDB maintains a website (www.worklinkweb.com) to allow customer's access to SC Works and Business Services information 24 hours a day.

Printed material and other written information for the program must be language accessible for WorkLink's diverse population of jobseekers. Whenever feasible, language barriers should be removed so that all visitors to the Center feel welcome and can benefit from the experience.

The selected bidder is to insure that case managers are aware and trained in how to serve those disabilities and those with a language barrier (Limited English Proficiency Plan), including services for individuals with a hearing impairment.

3. Writing OJT Contracts

a. Determining Employer Eligibility

The OJT selected bidder is responsible for the recruitment, determination of employer eligibility, and writing of contracts for employers to receive OJT funds under WIOA. OJT contract funds will be reserved for employers that have OJT eligible worksites in Anderson, Oconee, or Pickens Counties, and secondly for employers outside the region that would like to hire an active WIOA participant (not a reverse referral). The employer must pass a safety inspection prior to an OJT placement.

b. OJT Contract Minimum Standards

An employer orientation must be completed with each employer and/or employer representative to discuss the contract provisions and training plans. The contract process sets the ground-rules for OJT with an employer and ensures there is a legally binding agreement between the employer and the OJT provider. Contracts are the terms and conditions that the employer and OJT provider agree to provide for an OJT experience.

WorkLink has set forth minimum criteria for delivering On-the-Job Training:

- The selected bidder should not write contracts for less than \$11/hour, and will strive for higher paying, self-sufficient jobs in the WorkLink area. Exceptions may be made in cases where OJT placement will result in employment of participants in jobs that pay wages higher than \$12.47/hour.
- The selected bidder should not place individuals in OJT contracts for which the participant has all the skills necessary to perform the duties of the job.
- At times participants will benefit from both OJT and classroom training. In these instances, the OJT and classroom training should be complementary.
- Although there is no legal limit to the duration of training, WorkLink has historically kept the length of training range at eight weeks (320 hours) to twelve weeks (480 hours). WorkLink has issued guidance based on the complexity of the job to be learned (jobs must fall in the Specific Vocational Preparation (SVP) levels of 4.0-6.0 as defined on O*Net Online). All OJTs must be full-time status, defined as working 30 hours per week or more. Employers will not be reimbursed for hours worked over 40 hours.
- Special consideration will be given to eligible classroom/OJT combined education programs.

At a minimum, an OJT contract must comply with the requirements of WIOA rules and regulations including identifying the occupation, skills and competencies to be learned, and the length of time the training will be provided.

To ensure that nepotism does not occur in an OJT position, each applicant, prior to enrollment in an OJT slot, must sign and date a statement which certifies that no member of the immediate family is engaged in an administrative capacity with that OJT employer. A signed copy will be placed in the participant's file.

The IEP must include On-the-Job Training as part of the participant's path to unsubsidized employment. The OJT Contract writer will coordinate with the Adult/Dislocated Worker program service provider to insure that all data entry has been completed in the SC Works Online Services (SCWOS) database management information system, required by SC Department of Employment and Workforce for providing and reporting WIOA services.

c. Training Plans

After determination of the occupation in which the participant will be trained, an OJT training plan must be developed. This plan will be a formal and written program of the structured job training that will provide participants with an orderly combination of instruction in work maturity skills, general employment competencies and occupationally specific skills that will enable the participant to work toward self-sufficiency. OJT providers can use O*NET and/or a company job description as a basis to begin listing skills or tasks. Keep each skill description concise and comprehensive and make sure the individual tasks are measurable and observable.

The Training Plan must include:

- Trainee information - name and contact information of participant;
- Employer information – name and contact information;
- OJT information – start and end dates, wage rate, and reimbursement rates
- Occupational information – job title and description, O*NET code, and number of hours per week
- Job skills – skills necessary to perform the job and the trainee’s skill level for each of these skills
- Training information - list of specific skills or tasks the employer agrees to provide to the participant, estimated training hours for each skill, and acknowledgement of skill obtained
- Signatures - of trainee and date, of employer and date, and of OJT provider and date.

In determining the appropriate length of the contract, consideration should be given to the skill requirements of the occupation, the academic and occupational skill level of the participant, prior work experience, level of difficulty, and the participant’s IEP. The level of difficulty is determined from an assessment of the job description.

d. Invoicing

Payments to employers for OJT will be in compliance with WIOA program guidelines. Payments to employers are in compensation for the “extraordinary costs” associated with training participants. Employers are not required to document these extraordinary costs. Extraordinary costs associated with training of participants are usually understood to mean:

- More intense supervision;
- Above average material waste;
- Abnormal wear on tools;
- Down time; and
- Lower rates of production.

The participant must receive wages and fringe benefits equal to those similarly employed by the employer. The reimbursement is not a wage subsidy. It is expected that the participant will continue working after the payments to the employer end. It is also expected that the participant will continue to receive compensation and benefits commensurate with the job performance.

Payment to employers should be managed by an invoice system that clearly documents the number of hours worked each day by the participant and rate of pay for the time period. Invoices must be signed by both the participant and the employer or only by the employer if accompanying documentation (timesheets/time cards) is signed by the participant and reconciled to the invoice. Also, payments to employers must be based on scheduled raises and regular pay increases, if they occur.

e. Monitoring

Monitoring is the responsibility of both the State and the WorkLink WDB. However, Monitoring at the Selected Bidder level should include oversight of the participant training and corresponding employer payroll records. To ensure validity and propriety of the reimbursement amounts claimed, and that the training for which the contract is written is actually delivered, on site monitoring of OJT employers is required. The on-site monitoring of the OJT must include documenting information received directly from the trainees, should capture the trainee supervisor’s perspective about how the training is progressing, and should include review of the employer payroll records.

f. Documentation

The OJT contract writer will be responsible for entering case notes for each employer and participant interaction. The OJT contract writer will also enter appropriate activity codes for OJT, and insure that all OJT paperwork is in the participant's master file kept by the Adult/DW Program service provider.

g. Other allowable work-based training activities under WIOA

- incumbent worker training
- programs that combine workplace training with related instruction, which may include cooperative education programs
- training programs operated by the private sector
- entrepreneurial training
- transitional jobs
- job readiness training provided in combination with services described above
- adult education and literacy activities, including activities of English language acquisition and integrated education and training programs, provided concurrently or in combination with services described above (with On-the-Job Training)
- customized training conducted with a commitment by an employer or group of employers to employ an individual upon successful completion of the training

3. OJT Participant Services

a. Recruitment and Enrollment

The selected bidder is responsible for recruitment and referral of adult and dislocated worker participants interested in OJT to the WIOA program service provider. The selected bidder will coordinate with the Adult/DW service provider to facilitate the OJT participant's path through the WIOA program.

Bidders must develop a detailed plan on how OJT interested job seekers will be recruited and referred to the WIOA Adult/Dislocated Worker Services program for eligibility and enrollment, as well as how active OJT eligible participants will be identified on the Adult/DW service provider's caseloads and placed in OJT opportunities.

Target Populations

- Adults, 18 years and older;
- Dislocated workers; and
- Priority for career services requiring enrollment into WIOA and training services must be given to recipients of public assistance and other low-income individuals where adult funds are limited, and to those that are basic-skills deficient as defined by WIOA laws and regulations.
- In addition to unemployed adults, employed adults can also receive services to obtain or retain employment that allows for self-sufficiency.

Local Priority: Enrollment into WIOA services offered in the WorkLink region are reserved for adults and dislocated workers who live or last worked in Anderson, Oconee, and Pickens Counties.

Note: Eligibility Determination and enrollment of all OJT participants must be completed prior to placement on an OJT contract. All eligibility and OJT contract goals should be completed by the end of the program year. New goals will be established in the event that the contract with the successful bidder is extended.

b. Assessment/Career Readiness Testing

The goal of an assessment is to identify skills, strengths, and deficiencies, and attitudes relating to vocational training, basic education, and employment. Assessments may be used for career discovery and specific job applications. It forms the basis for career services by measuring academic development, workplace skills, interests, job seeking and retention skills, financial situation, work readiness, employment and family barriers, and ability to learn to do work tasks.

The Adult/DW program service provider will be responsible for the assessment phase. However, the selected bidder may proctor WIN Career Readiness testing and other types of employer-requested testing if necessary for OJT placement.

c. Soft Skills/Job Retention

The selected bidder is to evaluate and train job seekers on how to present themselves in a professional manner before and after they are hired. Therefore, an emphasis on pre-hire soft skills centered on appropriate dress, interviewing skills, job application completion, and resume writing are necessary. Post-hire soft skills are the personal attributes needed to succeed in the workplace, such as communication skills, critical thinking, leadership, positive attitude, teamwork, and work ethic, among others. Employers want employees who are able to effectively interact with others.

The selected bidder should address these skills in their interactions with WIOA participants. The selected bidder will coordinate with the OneStop Operator, partners, and Adult/DW program service provider to provide these skills to participants. However, the selected bidder should assume responsibility for the participant's development of these skills, not relying solely on other providers. Therefore, a systematic approach/review of appropriate soft skills should be developed prior to OJT placement, and throughout OJT and follow-up services.

d. Training Services

To be eligible to receive training services, an adult or dislocated worker must first go through an interview, evaluation, or assessment AND career planning

Please note that the WIOA law states that the above should not be "construed to mean an individual is required to receive career services prior to receiving training services."

Under WIOA, training services may be provided if the SC Works Center staff, including partner programs' staff, determines after conducting an interview, an evaluation, or assessment, and career planning, that the individual:

- Is unlikely or unable to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment through career services alone;
- Is in need of training services to obtain or retain employment that leads to economic self-sufficiency or wages comparable to or higher than wages from previous employment;
- Has the skills and qualifications to successfully participate in the selected program of training services;

- Is unable to obtain grant assistance from other sources to pay the costs of such training, including such sources as State-funded training funds or Federal Pell Grants established under title IV of the Higher Education Act of 1965, or requires WIOA assistance in addition to other sources of grant assistance, including Federal Pell Grants (20 CFR 680.230 and WIOA sec. 134(c)(3)(B) contain provisions relating to fund coordination.);
- Is a member of a worker group covered under a petition filed for Trade Adjustment Assistance (TAA) and is awaiting a determination. If the petition is certified, the worker may then transition to TAA approved training. If the petition is denied, the worker will continue training under WIOA;
- Is determined eligible in accordance with the State and local priority system in effect for adults under WIOA sec. 134(c)(3)(E) if training services are provided through the adult funding stream; and
- Selected a program of training services that is directly linked to the employment opportunities in the local area or the planning region, or in another area to which the individual is willing to commute or relocate.

The Adult/Dislocated Worker service provider will be responsible for completing all assessments and career planning activities.

The selected bidder for OJT Coordination will be responsible for determining need for OJT, and will be responsible for coordinating all On-the-Job Training contracts for participants in the WIOA program.

e. Job Placement

The Selected Bidder is responsible for providing job leads, specific job development, and job matching to WIOA participants' employment, specifically, but not limited to, OJT contract placements. The selected bidder is to pursue employment opportunities for participants in the WIOA program, with the goal of placement in OJT.

f. Supportive Services

Supportive services are those necessary to assist participants to be successful in achieving their goals. This may include transportation, childcare, work-related tools, clothing, housing, etc. To the extent possible, programs should address support service needs through leveraging existing resources and other partnerships before expending WIOA funds. Identified supportive service needs must be documented in an assessment and incorporated into the IEP.

Adults and Dislocated Workers must be participating in WIOA Career and/or Training Service activities and cannot find assistance elsewhere.

The WorkLink WDB has currently capped supportive services at \$3,000 per participant per year.

g. Follow-Up/Retention

The OJT Selected Bidder is responsible for assisting the WIOA Adult/DW program with follow-up services for those finishing the WIOA OJT program.

Adults and Dislocated Workers who have exited should receive follow-up services for a minimum of 12 months. The participant's exit date is the last date of a WIOA funded or partner service received (which excludes follow-

up services). The goal for follow-up services is to measure return on investment. The data collected is reported to DOL via SCWOS. All performance measures data must be entered in a timely manner.

i. *Retention*

After job placement, case management staff is responsible for assisting WIOA participants and, if necessary, their respective employers with job retention. Job Retention assistance is intended to help customers placed into jobs from Career and Training Services overcome any problems that may arise during this critical period and to ensure further progress toward long-term employment and therefore self-sufficiency.

The bidder should design and implement a Job Retention assistance portion of their case management program. Job Retention begins before employment through workshops and education regarding soft skills (such as, but not limited to, teamwork and conflict management) and employer expectations, and concludes at the end of the follow-up period. A variety of means may be used: one-on-one counseling, seminars offered through the SC Works System, mentoring (if available), encouragement of skill attainment through occupational skills training, etc.

ii. *Performance Measures*

Effective follow-up services will help improve WIOA program performance. Participant follow-up activities should be designed to maximize the successful achievement of these measures.

h. File Maintenance And Documentation

A case file will be maintained for each eligibility determination application (assigned a unique identification number). Case files must include information and documentation of the following:

- On-the-Job Training Contract
- Progress reports, time and attendance if receiving WIOA funded training
- Supportive Service documentation
- Computer generated case notes (requiring customer signature)

All hard copy originals must be maintained in the master hard file held by the WIOA Adult/DW service provider.

If the Selected Bidder chooses, electronic files may be kept, and must be coordinated with the Adult/DW service provider.

WorkLink WDB reserves the right to accept or reject any or all proposals if WorkLink WDB determines it is in the best interest of the LWDA to do so. WorkLink WDB will notify all bidders, in writing, if the WorkLink WDB rejects all proposals.

2. Modifications

WorkLink, at its discretion, may revise any part of this RFP. These revisions will become addendums to the RFP and will be posted on the WDB website.

4. Proposal Confidentiality

Bidders should be aware that proposals are subject to the Freedom of Information Act (FOIA). If any proposal contains trade secrets or other information, which is proprietary by law, the bidder must notify WorkLink WDB of its request to keep that information confidential. The request to keep proprietary information confidential must be made in writing and attached to the envelope or other medium used to submit the proposal. The confidential or proprietary information shall be readily separable from the response in order to facilitate eventual public inspection of the non-confidential portion of the response. In the event a public records request is made for information designated by the Bidder as confidential or proprietary, WorkLink will communicate with the Bidder.

5. Negotiations

WorkLink WDB may require the bidder(s) selected to participate in negotiations, and to submit revisions to pricing, technical information and/or other items from their proposal(s) as may result from these negotiations.

8. Acceptance or Rejection of Proposals

Proposals shall remain open, valid and subject to acceptance anytime within one hundred eighty (180) days after the proposal opening and up to the end of the agreement period. WorkLink WDB reserves the right to reject any or all proposals. WorkLink WDB realizes that conditions other than price are important and will award contract(s) based on the proposal that best meets the needs of the WorkLink area. While cost may not be the primary factor in the evaluation process, it is an important factor.

9. Price Not Determinative

The WorkLink Workforce Development Board reserves the right to select such bidders which it deems appropriate and are not bound to accept any application based on price alone, further reserving the right to reject any and all applications if it is deemed to be in the Local Workforce Development Area's best interest. 3. RFP Response Package

Describe how innovations would improve the effectiveness of workforce services in light of the tremendous increase in unemployment and jobseekers requesting assistance through the public SC Works system during recent years.

V. Outreach – 20 Points

- A. Describe how you will conduct outreach in the WorkLink area, promoting WIOA OJT services. Give a timeline and detailed explanation of what methods would be used.

- C. Describe what relationships, partnerships, and community/group organizations are essential to your outreach plan.

VI. Budget -25 Points

- A. The WorkLink WDB will enter into contracts for services beginning July 1, 2019, and ending June 30, 2020. (Bidders not currently serving the WorkLink area may propose an earlier start date for program implementation.) Please provide information for the duration of the funding period for:
 - 1. Amount of Funds Requested from the WorkLink WDB: \$_____
 - 2. Provide the Total Project Budget for proposed services: \$_____
 - 3. Total Matching Funds for proposed services: \$_____
- B. All proposers must complete and include a proposed budget (see example provided in Form C) in their final submission. For applicants submitting as a partnership or consortium, with one agency serving as fiscal agent and partners serving as subcontractors, provide an additional proposed budget sheet for each subcontractor. Provide a brief explanation of the subcontracting arrangement, as well as a budget breakdown.
- C. All proposers must also complete and include an estimated annual organization budget (clearly delineating the total funds requested) as an attachment.
- D. Provide a budget narrative to justify your organizational budget. The budget narrative is a representation of the overall fiscal capability of an organization. It must detail each item within every category for which funding is requested. The budget description must include how the project's proposed budget supports the stated objectives and activities in the project along with how funds are allocated to minimize administrative costs and support

direct services to participants. The budget narrative should follow in the same order as the line items in an attachment of your organization's annual budget.

*All line item amounts will be assumed to be cost reimbursement, unless otherwise noted clearly in the program narrative by the proposer that the line item is performance based/fixed price; a schedule for payment and SMART goals should be detailed in the program narrative for the line item.

The narrative should describe the following:

1. **Personnel Costs:** Staff salaries and associated fringe benefits are necessary for direct service delivery. Personnel expenses do not include subcontracted professional services or staffing (these costs should be allocated to the direct expenses category). While staff performing administrative functions is allowable, positions that are fiscal, managerial or administrative in nature should be allocated to the Other Expenses category. Provide salary ranges for each position included in the budget. Provide cost of living and merit based increase methodologies and frequency for receipt. Describe how health care and other employee benefits will be calculated and billed.
2. **Operational Expenses:** Program costs that are necessary to the general operating and infrastructure costs to run the program, including building rental, facilities maintenance, utilities, phones, general consumable materials and supplies, Internet, insurance, audits and other costs related to supporting and maintaining organizational infrastructure. Professional services purchased from vendors (as opposed to subcontractors) are included in this category. Costs related to technology and equipment (computers, printers, fax machines, and office furniture) needed can be included as part of your budget and will be reviewed for cost effectiveness and reasonableness. Equipment leases should also be listed here.
3. **Direct Expenses:** Expenditures directly related to the program area. Possible costs include supplies and materials specifically used for the program, travel and conferences, and contractual services/ consultant time, subsidized wages, and supportive services. Total training and supportive service costs should be greater or equal to 35% of the overall proposed budget amount. Include a detailed description and calculation of how you arrived at the number of participants that will be served in individualized career services, training services, and supportive services (cost per participant for the entirety of the grant).
4. **Other Expenses:** These costs are defined as costs of operations related, required, and incurred for official business in coordination of those functions under WIOA. Some examples include accounting, financial, procurement and purchasing, payroll, personnel management, resolution of findings, and general legal services. This may include an indirect cost rate; however, if used this rate should include audit, payroll and other costs of program support such as general costs that cannot be directly identified as a cost to any specific program, but are equitably allocated to all the programs that the organization operates and therefore should not also be listed in Infrastructure /Operating Costs Category.
5. **Criteria for Earning Profit** – Under Cost Reimbursement contracts, criteria for profit may be established by the LWDA and may be used to evaluate proposers request for payment of profit. Payment of profit to the selected proposer may be payable on a monthly, quarterly, mid-year, or end of year (closeout) basis. The proposer should propose criteria for profit and a schedule of payment as part of the budget narrative.

Examples of criteria of profit include, but are not limited to:

- Actively promote employment success stories of WIOA program participants
- Number of Enrollments, Number OJT Contracts written, Number of OJT Contracts successfully concluded, and Placements in employment.
- Number of individuals that completed Soft Skills training.
- Number of referrals to the WIOA program for OJT
- Implementation of best practices from outside the region
- Partner Collaboration- Each quarter, XX will provide at least five (5) instances per quarter of specific collaboration with community organizations to address the additional barriers of its participants- homeless, runaway, foster child, pregnant, parenting, offender, or needs additional assistance to complete an education program or to secure and hold employment.
- Number of WIN certificates earned.
- Others proposed by Proposer

Please note that the RFP Committee priorities center on enrollments, number of individuals trained, successful OJT contract outcomes, participants placed in employment, outreach, soft skills, and WIN. WIOA priorities center on innovation, technological linkages, disability initiatives and collaborations (includes ADA and EO compliance), serving those with barriers to employment, career pathways, and being an employer-driven system.

In order to earn profit allotted in the grantee's budget, the grantee must provide track-able data and reports upon request in a manner that enables the LWDA to comply with requests and reporting requirements of SCDEW and USDOL and make timely payments to vendors and employers.

All criteria proposed must be Specific, Measurable, Achievable, Realistic and Timely (SMART goals). Profit margins shall not exceed ten percent (10%) of the Contract. Criteria for Profit will be reviewed and included in negotiating final contracts.

- E. Describe your organization's financial resources to cover disallowed costs or program over expenditures.
- F. WIOA funds are distributed through a process of drawdowns from DOL and then from the State to the ACOG. This process may be lengthy. How will your agency fiscally cover the time between expense and payment (typically 20 to 30 days)?
- G. Do you have a federally approved indirect cost rate? If yes, please provide a copy of the approval. Please refer to 2 CFR 200 for additional guidance.
- H. Describe any programmatic and/or fiscal monitoring findings. Provide a Certified Audit Financial Statement. Identify all positions that are authorized to receive or deposit workforce development funds, issue financial documents, checks or other instruments of payment for workforce development program costs. The individuals in these positions must be bonded in a minimum amount of the contract award. Identify the insuring agency, policy number, term of the bond, and the total dollar amount of the bonding coverage. Upon winning the award, the ACOG and WorkLink WDB must be named under your General Liability Insurance.
 5. The use of program income against workforce development services must be documentable and traceable through the financial system. It must be reported as part of the invoice.
 10. Procurement – In order to ensure fiscal accountability and prevent waste, fraud and abuse in programs administered under the Workforce Innovation and Opportunity Act, the applicant shall have a procurement system, which adequately provides, maximum, free, and open competition. To accomplish this, applicants must have a system which: 1) provides for full and open competition, 2) has written procedures for procurement transactions, and 3) has a code of ethical standards, which adequately provide for the avoidance of any conflict of interest.
 11. If the proposer has a line item for profit, explain in detail the profit percentage requested and how the profit was calculated (i.e. staff salary)
- J. Funding under this proposal is limited, explain how you will use existing partners to supplement staff needs not covered in the funding proposed. Explain your staff plan including Partners and WIOA-funded staff.

PART 8: BUDGET AND PROGRAM PLANNING INSTRUCTIONS

Instructions for Completing Budget Forms

The **Budget Summary** is a summary of allowable cost objectives or categories by line item.

The **Staff Salaries, Fringe Benefit and Indirect Cost Worksheet** and the **Cost and Price Analysis Worksheet** present a detailed cost and price analysis of the individual allowable cost by line item and cost objectives/categories, as contained in the Budget Summary. The user of these forms should notice that the Budget Summary and the Cost and Price Analysis Worksheets are laid out in unison. With that point in mind, the Staff Salaries, Fringe Benefit and Indirect Cost Worksheet and the Cost and Price Analysis Worksheet should be completed first. The total of each appropriate line item should then be transferred to the corresponding line item on the Budget Summary. The worksheets are set up with formulas so that by filling in the yellow shaded cells, the lavender shaded cells should automatically fill in. The totals are set to fill in the Budget Summary page. If an error is detected in the worksheet formulas, please contact WorkLink to report the problem.

Proposers should fill-in appropriate lines of the Cost and Price Analysis Worksheets based on its projected personnel and non-personnel cost of operating its proposed WIOA project. One primary purpose of the Cost and Price Analysis Worksheets is to determine the proposer's projected cost and price in operating such WIOA project; therefore, it is imperative that each applicable line and/or blank be filled in completely. Where necessary, additional information must be attached as exhibit(s) to the extent that the basis for all cost is clearly and fully identified. All pages of the Cost and Price Analysis Worksheets should be completed and attached (including blank pages) to the Budget Summary.

The **Client Flow** and **Budget Flow** are projections of the participants to be served and funding to be spent throughout the year. Care should be taken in completing these forms. It is not anticipated that the same numbers of participants will be enrolled or that the same amounts will be spent each month.

Budget worksheet and customer flow sheets have been provided for your use. However, the bidder may choose to use a different format for the budget summary and/or customer flow sheet. The bidder must ensure that all cost categories and line items are reflected in the bidder's proposed budget format. Please review the Budget Summary worksheet provided as an attachment for this RFP for specific cost categories and line items. The final budget template or format will be approved or modified during budget negotiations.

The customer flow sheet may be modified as desired; however, a total yearly served goal should be clearly stated and defined. The following should be summarized: total anticipated on-the-job training contracts, anticipated number of successful versus unsuccessful contracts. Benchmarks throughout the year may be set by the bidder; however, the total number negotiated with the WDB must be accomplished by June 30 of the contracted program year.

i. *Proposal Review Process*

The proposal review process includes two distinct reviews:

1. **Technical Review:** Following receipt, all proposals will undergo a technical review by WorkLink WDB staff to determine that the proposal is properly formatted and includes all of the required sections, signatures, and related forms/attachments requested in this RFP (Form A: Proposal Checklist).

Those proposals passing the technical review will be forwarded to the Selection Committee for evaluation. Those proposals that fail the technical review will be forwarded to the Selection Committee for final confirmation of non-responsiveness.

2. **Programmatic Review/Evaluation:** A Selection Committee (also called an ad hoc RFP Committee of the Board) comprised of WorkLink Board members with direct knowledge and experience of issues facing WorkLink's target customers will comprise the Selection Committee and provide an objective review and assessment of proposals. Proposals selected for funding will be scored and ranked based upon the evaluation criteria outlined in the RFP. Priority may be given to those proposals that illustrate innovation in delivering the most comprehensive and broadest range of services for a reasonable cost while complying with established guidelines for achieving required performance measurements.

If negotiations between the WDB and the first ranked bidder do not result in an agreement as to the contract terms within a reasonable timeframe, the WDB may terminate the negotiations and begin negotiations with the bidder that is next in line, and proceed down the list as necessary until an agreement is reached or the list is exhausted.

The contract amount (including reimbursables) shall be a “not to exceed amount,” to be established based upon a mutually agreeable Scope of Services and budget.

D. APPEALS PROCESS AND PROCEDURES

Any bidder who has submitted a proposal may appeal an award announcement. The process for appealing an award is as follows:

All appeals must be submitted in writing to the WDB within fifteen (15) working days of the award announcements addressed to Stephanie Collins, Board Chair (c/o: Trent Acker, SC Works Clemson, 1376 Tiger Blvd, Suite 102, Clemson, SC 29631) to review to determine merit.

In order for an appeal to be found to have merit, it must show that any substantial portion of the RFP process or a federal or state law was violated. Only appeals that cite the specific section(s) of the RFP or specific statutes that have been violated will be considered.

Appeals will not be accepted for any reasons other than those stated above. Appeals received after the established deadline will not be accepted. Appeals may not dispute a particular score or funding level received by the petitioning bidder, or the scores assigned to a competing bidder.

If an appeal is found to have merit, it will be evaluated by the Executive Committee of the WDB. Following the Executive Committee's evaluation, the appeal will be brought to the full WDB for review. The decision made by the WDB and approved by the County Council, where applicable, will be final.

1. Meetings – The board shall meet a minimum of five (5) times per year.
2. Quorum – Fifty percent (50%) of members in good standing shall constitute a quorum for the purpose of transacting business.
3. Attendance – Members shall be expected to attend all meetings of the full Workforce Development Board unless excused from the meeting by the Chairperson. Excused absences must be for good cause. Members must notify the staff if circumstances will prevent attendance at any meeting of the full WDB or its committees. Members who have more than two (2) unexcused absences in a one (1) year period will be considered to have resigned from the WDB. For purposes of determining who is present, any or all Members may participate in any regular or called special meeting by any means of communication by which all Members participating may hear each other simultaneously during the meeting. Any Member participating by such means is deemed present at the meeting.
4. Voting Authority – Votes shall be cast only by duly appointed Board members present. Persons sent to represent absent Board members and visitors in the audience may participate in business discussions only if recognized by the Chairperson of the Board; however, neither may make motions nor cast votes. The Board is allowed to vote via electronic means for time constrained issues that must be resolved prior to a face-to-face meeting. The item to be voted on must be posted to the website for public viewing and the results must be published. In the event that an electronic vote is held, the voting procedure shall be the same as that of a face-to-face meeting.

5. Notice of Meetings – All meetings of the Workforce Development Board are open to the public and notice must be given as required by the South Carolina Freedom of Information Act. Upon establishment of the meeting schedule, a notice will be sent to all major stakeholders. All agendas of the Board will include the next meeting date, time, and location.

D. COMMITTEES

The Chairperson of the Board shall appoint such operational committees, as he/she deems necessary to effectively fulfill the purpose of the WDB. The Chairperson of the Board shall be an ex-officio member of each board committee. A Standing Committee may be terminated, or consolidated with another committee, by vote of the Board.

Standing Committees

- Executive Committee: The Executive Committee shall be comprised of the Chairperson, Vice-Chairperson, immediate past board chairperson, the president of Tri-County Technical College, and three at large members appointed by the three County Council chairs from among the membership. The Executive Committee may act on behalf of the full Board between regular business meetings to expedite the decision-making process. Such actions by the Executive Committee will be reported by the Chairperson of the Board back to the full Board membership at the next regularly scheduled business meeting and must be included in the minutes of the Board's business meeting. The Executive Committee will act as the Board's Personnel and Governance Committees.

- Youth Committee: Serves as the WDB's architect for a comprehensive youth service delivery system in the WorkLink region.
- One-stop Operations Committee: Supports the alignment of entities that work in partnership to promote, develop and organize on-going activities and services to continually advance the skills of the regional workforce. Also serves as the committee which develops actions and implements strategies to address business needs and increase business involvement in workforce development activities.
- Finance Committee: Establishes annual budget; serves as audit and monitoring committee; establishes and implements a plan to leverage and increase the funds within the organization; establishes strategies for the development of organizational products and services that can be sold to generate unrestricted resources for the organization.
- Persons with Disabilities Committee: Provides information and assists with operational and other issues relating to the provision of services to individuals with disabilities.

Ad Hoc Committees

- Ad Hoc: The Board may also create such other standing or ad hoc committees as is deemed appropriate, from time to time.

ARTICLE III – ACTIVITIES

A. ADMINISTRATIVE RESPONSIBILITY

The County Council Chairs shall designate an administrative entity pursuant to Section 107(d)(12)(B)(i)(II) of the Act. Such designation however, does not relieve the County Council Chairs of the liability for any misuse of grant funds as described in Section 107(d)(12)(B)(i)(I). An appropriate entity, which may be other than the administrative entity will provide financial management services and staff to the WDB in accordance with its fiscal policies and procedures.

The Workforce Development Board shall be appropriately staffed. Staff will be provided by the Administrative Entity as approved and budgeted for by the WDB.

An annual report shall be rendered to each county governing body after the close of each program year. An annual audit will be provided. The results of all audits will be reported to the Board and the County Council Chairs.

B. REVIEW BY COUNTY COUNCIL

The operations of the WDB shall be determined by the WDB consistent with the Federal Regulations and South Carolina law as interpreted by the County Council Chairs. All activities will be reviewed by the County Councils of the respective counties. The Executive Director of the Board will be responsible for developing contracts which implement Board decisions. Each such conflict of interest shall be declared by the member and so recorded in the official minutes. Any concerns or questions that may arise during meetings regarding conflict of interest may be directed to the Board Chairperson for clarification.

ARTICLE VI – AMENDMENTS

These by-laws may be amended in any of three manners.

- A. By-laws amendment initiated by the Board. The Board may submit a proposed By-laws amendment to the County Council Chairs. Such a proposal shall require the vote of a majority of Board members, and shall require a minimum fifteen (15) day notification period, in which the proposed amendment is distributed to all Board members for review. The County Council Chairs shall either approve, deny, or modify the proposal submitted by the Board. If modified, the proposal shall be sent back to the Board for comment. County Council Chairs shall consider any comments from the Board prior to final approval.

- B. By-laws amendment initiated by the County Council Chairs. The County Council Chairs shall be authorized to submit a proposed amendment to the By-Laws to the Board for review. The Board shall offer a recommendation of approval, denial, or modification on the proposed amendment. Such Board action shall require a vote by a majority of Board members, and shall require a minimum fifteen (15) day notification period, in which the proposed amendment is distributed to all Board members for review. After considering the recommendation submitted by the Board, the County Council Chairs shall approve the proposed amendment, as originally written, approve the amendment as modified by the Board, or deny the proposed amendment. If the County Council Chairs do not receive a recommendation from the Board within sixty (60) days of submitting a proposed amendment for review, it will be deemed that the Board has recommended approval.

- C. By-laws amendment to comply with federal or state regulations. The by-laws shall be automatically amended at any time to conform to applicable state or federal statutes and regulations. Such changes may be initiated by either the County Council Chairs, or the Board.

These by-laws are adopted by the County Council Chairs of Anderson, Oconee, and Pickens Counties, upon consideration of comments provided by the WorkLink Board of Directors, as of the 9th day of September, 2015 and become effective as of the date of the final signature.
